Love And Longing:

Love's Longing Donna Goddard, 2017-11-24 Somewhere along the way there develops within the soul a yearning that can no longer be ignored a craving for the great love affair It is incomparable It is the love affair with our own true nature and the source from which it comes The desire is in all of us but more often than not it is ignored for other interests Human love is the shadow of the Great love and of all loves it is romantic love which has the most riveting effect upon our soul It is not by accident that it has such an unfailing pull on our psyche If we cannot connect with visible human love we will not be able to find the invisible Love Human love is leading us most of us unknowingly straight to Love's secret way which is no secret at all

Romantic Love in Cultural Contexts Victor Karandashev, 2016-12-24 This volume presents a conceptual historical anthropological and sociological review of how culture affects our experience and expression of romantic love What is romantic love and how is it different from and similar to other kinds of love How is romantic love related to sex and marriage in human history and across contemporary cultures What cultural factors mediate attraction in love These are some of the questions the volume explores through its interdisciplinary yet focused lens Much of the current research evidence suggests that love is a universal emotion experienced by a majority of people in various historical eras and in all the world's cultures Yet love displays in different ways because culture has an impact on people's conceptions of love and the ways they feel think and behave in romantic relationships This volume summarizes classical knowledge on love and culture while at the same time focusing sharply on recent studies and cutting edge research that has advanced the field Divided into three parts the volume begins by defining and analyzing the concept of romantic love and interdisciplinary approach to its study in cultural context Part II traces the origin and evolution of romantic love both in various places throughout the world and various time periods throughout history Part III presents the revolutionary expansion of romantic love ideas and practices in the late 20th and early 21st centuries in various parts of the world focusing particularly on the development of romantic love as a cultural ideal of the modern cultures Finally the book concludes by summarizing the major achievements in this field of study and predicts future development A timely and thoughtful addition to the literature Romantic Love in Cultural Contexts delivers thought provoking insights to researchers in relationship scholarship sociology anthropology and cultural studies and all those interested in the universal human concept of love Overall I find Dr Victor Karandashev is an excellent and fine scholar who has a firm grasp of both the fundamental principles of cross cultural research and of anthropology In our increasingly connected world Romantic Love in Cultural Contexts updates and adds to the descriptions and explanations of similarities and differences in romantic love across generations and cultures Romantic love encompasses the life span rather than being a phenomenon largely confined to youthful years The topic of this project concerns the deepest of our sentiments and pervades life from birth to death This book contributes to better knowledge of this phenomenon across generations Flix Neto Professor of Psychology Faculdade de Psicologia e de Ciências da Educação Universidade do Porto Portugal

A Revelation of Love Julian (of Norwich), 2004 Few texts have held such interest or been the object of such enduring devotion as has Julian of Norwich s classic A Revelation of Love John Skinner s translation offers today s reader the immediacy of one of the most powerful books in the English language Julian s message of God s intimate and enabling love is revealed as both beguiling and inescapable The poetry and rhythmic structure of the original Middle English are respected and her earthy and direct style is still discernible Julian s key ideas and her unique system of thought are expertly introduced by a brief commentary at the head of each chapter together with further informative footnotes and a detailed glossary Julian of Norwich was born sometime in December 1342 and probably lived until around 1430 We do not know the exact dates of her birth and death or even her real name but we do know the exact date of her Revelation 8th May 1373 Julian lived as an anchorite a hermit walled up in a couple of rooms propped up against the walls of St Julian s Church in Conesford Street

Norwich following a strict religious life The tradition of English mysticism was at its height in the late fourteenth century and Julian's own writing can be seen as part of this development in spirituality A mystic has a heightened awareness of the presence of God and through this receives direct tangible communication from Him Julian's message is that this does not mean the mystic is an extraordinary person set apart from the rest of us rather there is a mystic in all of us if only we will attend All our common calling in this life is to come to know God and experience the touchings of His love There can be no doubt that Lady Julian is the greatest of the English mystics Thomas Merton John Skinner is well known as a writer and lecturer on spirituality with a special interest in the English mystics Formerly a journalist with The Times he was a Jesuit for thirteen years It was while he was still a novice that he found Julian's mystical writing setting in process a lifelong relationship with Julian's mystical path He is the author of *Hear Our Silence* a popular study of the English Carthusians informed by the experience of living within a Carthusian community and *Sounding the Silence* an exploration of ways to engage with the intense experience of silence in prayer both books are also published by Gracewing [Revelations of Divine Love](#) Julian (of Norwich), 2015 Julian of Norwich is one of the subtlest writers and profoundest thinkers of the Middle Ages and the earliest woman writer in English Her Revelations describe a loving and merciful God and a positive vision of humanity This sensitive new translation conveys the poise and serenity of her style and includes the two versions of her text

Modernity between Wagner and Nietzsche analyzes the operas and writings of Wagner in order to prove that the ideas on which they are based contradict and falsify the values that are fundamental to modernity This book also analyzes the ideas that are central to the philosophy of Nietzsche demonstrating that the values on the basis of which he breaks with Wagner and repudiates their common mentor Schopenhauer are those fundamental to modernity Brayton Polka makes use of the critical distinction that Kierkegaard draws between Christianity and Christendom Christianity represents what Nietzsche calls the faith that is presupposed in unconditionally willing the truth in saying yes to life Christendom in contrast represents the bad faith of nihilism in saying no to life Polka then shows that Wagner in following Schopenhauer represents Christendom with the demonstration in his operas that life is nothing but death and death is nothing but life In other words the purpose of the will for Wagner is to annihilate the will since it is only in and through death that human beings are liberated from life as willfully sinful Nietzsche in contrast is consistent with the biblical concept that existence is created from nothing from nothing that is not made in the image of God that any claim that the will can will not to will is contradictory and hence false For not to will is in truth still to will nothing There is then Nietzsche shows no escape from the will Either human beings will the truth in saying yes to life as created from nothing or in truly willing nothing they say no to life in worshiping the God of Christendom
