and calls us away from excessive self concern Love is revealed as neither wholly moral nor deeply immoral neither purely rational nor profoundly irrational Rather as Diotima says in Plato s Symposium love is something in between Jollimore makes his case by proposing a vision view of love according to which loving is a way of seeing that involves bestowing charitable attention on a loved one This view recognizes the truth in the cliché love is blind but holds that love s blindness does not undermine the idea that love is guided by reason Reasons play an important role in love even if they rest on facts that are not themselves rationally justifiable Filled with illuminating examples from literature Love s Vision is an original examination of a subject of vital philosophical and human concern **Being and Logos** John Sallis,2019-09-20 An exercise in the careful reading of the dialogues in their originary character Being and Logos is a philosophical adventure of rare inspiration Its power to illuminate the text its ecumenicity of inspiration its methodological rigor its originality and its philosophical profundity all together make it one of the few philosophical interpretations that the philosopher will want to re read along with the dialogues themselves A superadded gift is the author s prose which is a model of lucidity and grace International Philosophical Quarterly Being and Logos is highly recommended for those who wish to learn how a thoughtful scholar approaches Platonic dialogues as well as for those who wish to consider a serious discussion of some basic themes in the dialogues The Academic Reviewer **Taurus (Super Horoscopes 2013)** Margarete Beim,2012-07-03 In an uncertain world knowing the future couldn t hurt Every day people look to their horoscopes for answers big and small Super Horoscopes supply the answers they seek in the most comprehensive day to day predictions on the market With special sections on the history and uses of astrology these updated books will show readers exactly what the future holds for them Each sign includes Detailed yearly and daily forecasts Rising signs and rising times Lucky numbers Cusp born and cusp dates Signs of the zodiac Character analysis Love romance and marriage compatibility guide Moon tables Planting and fishing guides Influence of the moon and planets Famous personalities November and December 2012 daily forecasts repeated Special overview of 2011 thru 2020 *Effects of Planets in Nakshatra Padas* Saket Shah,2019-10-19 With my experience in astrology I am bringing this research to all about how planets might behave in each nakshatra It will help you analyse and further research on astrology and will also give you wisdom about planets and nakshatras This book will help you understand how planets behave in nakshatra padas In Time Thomas Orsi,2017-03-11 This 3rd edition is the final essence of the poetry and observations made during the first half of the author s life Law, Reason and Emotion Mortimer Sellers (org.),Catherine Moore (org.),Vitor Medrado (org.), Volume II Special Workshops Initia Via Editora *Attached at the Heart* Barbara Nicholson,Lysa Parker,2013-08-06 Attached at the Heart offers readers practical parenting advice for the modern age In its most basic form attachment parenting is instinctive A crying baby is comforted and kept close to parents for protection If hungry he or she is breastfed And while it is understood that there is no such thing as perfect parenting research suggests that there is a strong correlation between a heightened sense of respect empathy and affection in those

children raised the attachment parenting way In this controversial book readers will gain much needed insight into childrearing while learning to trust the intuitive knowledge of their child ultimately building a strong foundation that will strengthen the parent child bond Contrary to popular belief attachment parenting has been practiced in one form or another since recorded history Over the years it had been slowly replaced by a more detached parenting style a style that is now believed by experts to be a lead contributing factor to suicide depression and violence The concept of attachment parenting a term originally coined by parenting experts William and Martha Sears has increasingly been validated by research in many fields of study such as child development psychology and neuroscience Also known as conscious parenting natural parenting compassionate parenting or empathic parenting its goal is to stimulate optimal child development While many attachment parenting recommendations likely counter popular societal beliefs authors Barbara Nicholson and Lysa Parker are quick to point out that the benefits outweigh the backlash of criticism that advocates of detached parenting may impose
