Major Themes of the Qur'an Fazlur Rahman, 2009-06-15 In this introduction to the Qur'an Fazlur Rahman unravels its complexities on themes such as God society revelation and prophecy Major Themes of the Qur'an Fazlur Rahman, 2009

Major Themes of the Qur'ān Fazlur Rahman, 1999 **Major Themes of the Qur-an** Fazlur Rahman, 1989 **Major Themes of the Quran** Fazlur Rahman, 1980 **The Qur'an** Abdullah Saeed, 2008 There is much more to the Qur'an than the selective quotations favoured by Islamic fundamentalists This book provides a student friendly guide to the many ways in which the Qur'an can be read Designed for both Muslims and Western non Muslim students it examines the Qur'an in Western scholarship as well as giving an overview of the rich interpretive traditions from the time of the Prophet Muhammad to the present day This guide is a concise introduction to all aspects of the Qur'an history understanding and interpretation providing coverage of both pre modern *Reading the Qur'an in the Twenty-First Century* Abdullah Saeed, 2013-12-04 Reading the Qur'an in the Twenty First Century considers the development of Qur'anic interpretation and highlights modern debates around new approaches to interpretation It explores how Muslims from various theological legal socio political and philosophical backgrounds think about the meaning and relevance of the Qur'an and how their ideas apply in the contemporary world The book reflects on one of the most dominant approaches to interpretation in the pre modern period textualism and the reaction to that in Muslim feminist readings of the Qur'an today covers issues such as identifying the hierarchical nature of Qur'anic values the criteria for the use of hadith in interpretation fluidity of meaning and ways of ensuring a degree of stability in interpretation examines key Qur'anic passages and compares pre modern and modern interpretations to show the evolving nature of interpretation Examples discussed include the authority of men over women the death of Jesus shura and democracy and riba and interest Abdullah Saeed provides a practical guide for interpretation and presents the principal ideas of a contextualist approach which situates the original message of the Qur'an in its wider social political cultural economic and intellectual context He advocates a more flexible method of interpretation that gives due recognition to earlier interpretations of the Qur'an while also being aware of changing conditions and the need to approach the Qur'an afresh today Islam and Contemporary Civilisation Halim Rane, 2010 Islam and Contemporary Civilisation examines the most complex debates and dilemmas facing Islam today both internally and in its relations with Western civilisation Halim Rane provides a concise and comprehensive introduction to Islam and modern developments in Muslim thought and tackles questions of Islamic law human rights democracy jihad and the Israel Palestine conflict in the context of Islam West relations In confronting these challenging issues Rane proposes a way forward that has far reaching implications for advancing mutual understanding and finding common ground between the Muslim world and the West

Reasoning with God Khaled Abou El Fadl, 2014-10-23 In light of recent concern over Shari'ah such as proposed laws to prohibit it in the United States and conflict over the role it should play in the new Egyptian constitution many people are

confused about the meaning of Shari'ah in Islam and its role in the world today In Reasoning with God renowned Islamic scholar Khaled Abou El Fadl explains not only what Shari'ah really means but also the way it can revitalize and reengage contemporary Islam After a prologue that provides an essential overview of Shari'ah Abou El Fadl explores the moral trajectory of Islam in today's world Weaving powerful personal stories with broader global examples he shows the ways that some interpretations of Islam today have undermined its potential in peace and love Rather than simply outlining challenges however the author provides constructive suggestions about how Muslims can reengage the ethical tradition of their faith through Shari'ah As the world's second largest religion Islam remains an important force on the global stage Reasoning with God takes readers both Muslim and non Muslim beyond superficial understandings of Shari'ah to a deeper understanding of its meaning and potential

Encyclopedia of Islam Juan Eduardo Campo, 2009 Explores the terms concepts personalities historical events and institutions that helped shape the history of this religion and the way it is practiced today

Believing Women in Islam Asma Barlas, 2019-01-16 Does Islam call for the oppression of women Non Muslims point to the subjugation of women that occurs in many Muslim countries especially those that claim to be Islamic while many Muslims read the Qur'an in ways that seem to justify sexual oppression inequality and patriarchy Taking a wholly different view Asma Barlas develops a believer's reading of the Qur'an that demonstrates the radically egalitarian and antipatriarchal nature of its teachings Beginning with a historical analysis of religious authority and knowledge Barlas shows how Muslims came to read inequality and patriarchy into the Qur'an to justify existing religious and social structures and demonstrates that the patriarchal meanings ascribed to the Qur'an are a function of who has read it how and in what contexts She goes on to reread the Qur'an's position on a variety of issues in order to argue that its teachings do not support patriarchy To the contrary Barlas convincingly asserts that the Qur'an affirms the complete equality of the sexes thereby offering an opportunity to theorize radical sexual equality from within the framework of its teachings This new view takes readers into the heart of Islamic teachings on women gender and patriarchy allowing them to understand Islam through its most sacred scripture rather than through Muslim cultural practices or Western media stereotypes For this revised edition of Believing Women in Islam Asma Barlas has written two new chapters Abraham's Sacrifice in the Qur'an and Secular Feminism and the Qur'an as well as a new preface an extended discussion of the Qur'an's wife beating verse and of men's presumed role as women's guardians and other updates throughout the book

Prophets in the Quran Brannon Wheeler, 2002-06-18 What was the name of Noah's son who did not survive the Flood Why do Pharaoh and Haman build the Tower of Babel For what reasons does Moses travel to the ends of the Earth Who is the Horned One who holds back Gog and Magog until the Day of Judgement These are some of the questions answered in the oral sources and Quran commentaries on the stories of the prophets as they are understood by Muslims Designed as an introduction to the Quran with particular emphasis on parallels with Biblical tradition this book provides a concise but detailed overview of Muslim prophets from Adam to Muhammad Each

of the chapters is organized around a particular prophet including an English translation of the relevant verses of the Quran and a wide selection of classical medieval and modern Muslim commentaries on those verses Quran commentaries include references to Sunni and Shi'i sources from Spain Central Asia the Middle East and Africa An extensive glossary provides an annotated list of all scholarly transmitters and cited texts with suggestions for further reading This is an excellent book for undergraduate courses and students in divinity and seminary programmes Comparisons between the Quran and Bible and among Jewish Christian and Islamic exegesis are highlighted Oral sources references adapted from apocryphal and pseudepigraphical works and inter religious dialogue are all evident throughout these stories of the prophets This material shows how the Quran and its interpretation are integral to a fuller and more discerning understanding of the Bible and its place in the history of Western religion
