Major Problems In Mexican American History

Elizabeth Jacobs

Major Problems In Mexican American History:

Major Problems in Mexican American History Zaragosa Vargas,1999 This volume in the Major Problems in American History series chronicles the history of Mexican Americans from the pre Colonial era through the present *Major Problems in Mexican American History and Atlas* Vargas,1999 *Major Problems in American History: Since 1865* Elizabeth Cobbs Hoffman,Jon Gjerde,2006 Designed to encourage critical thinking about history this book introduces students to both primary sources and analytical essays on important topics in US history It contains primary documents secondary sources chapter introductions separate introductions to documents and essays in every chapter bibliographies and documentation of sources

Mexican American Literature Elizabeth Jacobs,2006-04-18 Presenting an up to date critical perspective as well as a cultural political and historical context this book is an excellent introduction to Mexican American literature affording readers the major novels drama and poetry This volume presents fresh and original readings of major works and with its historiographic and cultural analyses impressively delivers key information to the reader **Major Problems in the Gilded Age and the Progressive Era** Leon Fink,2001 Designed for courses in the Gilded Age and Progressive Era the rise of industrial America and late 19th and early 20th century U S history Follows the highly successful Major Problems format allowing students to evaluate primary sources test interpretations and draw their own conclusions Mexican Americans and Sports Jorge Iber,Samuel Octavio Regalado,2007 For at least a century across the United States Mexican American athletes have actively participated in community based interscholastic and professional sports The people of the ranchos and the barrios have used sport for recreation leisure and community bonding Until now though relatively few historians have focused on the sports participation of Latinos including the numerically preponderant Mexican Americans This volume gathers an important collection of such studies arranged in rough chronological order spanning the period from the late 1920s through the present They survey and analyze sporting experiences and organizations as well as their impact on communal and individual lives Contributions spotlight diverse fields of athletic endeavor baseball football soccer boxing track and softball Mexican Americans and Sports contributes to the emerging understanding of the value of sport to minority populations in communities throughout the United States Those interested in sports history will benefit from the book s focus on under studied Mexican American participation and those interested in Mexican American history will welcome the insight into this aspect of the group s social history Major Problems in the Gilded Age and Progressive Era and Gordon Fink,2002-10-01 *A Century of Chicano History* Gilbert G. Gonzalez,Raul A. Fernandez,2003 Offers a definitive and timely account of the interdependent histories of the U S and Mexico including the making of the Chicano population in America while also providing a history of 20th century Mexico and its cultural interactions with the U S *Mexican American Colonization During the Nineteenth Century* José Angel Hernández,2012-04-30 This study examines various cases of return migration from the United States to Mexico throughout the nineteenth century Mexico developed a robust immigration policy

after becoming an independent nation in 1821 but was unable to attract European settlers for a variety of reasons As the United States expanded toward Mexico s northern frontiers Mexicans in those areas now lost to the United States were subsequently seen as an ideal group to colonize and settle the fractured republic California Women and Politics Robert W. Cherny, Mary Ann Irwin, Ann Marie Wilson, 2011-05-01 In 1911 as progressivism moved toward its zenith the state of California granted women the right to vote However women s political involvement in California s public life did not begin with suffrage nor did it end there Across the state women had been deeply involved in politics long before suffrage and although their tactics and objectives changed they remained deeply involved thereafter California Women and Politics examines the wide array of women s public activism from the 1850s to 1929 including the temperance movement moral reform conservation trade unionism settlement work philanthropy wartime volunteerism and more and reveals unexpected contours to women s politics in California The contributors consider not only white middle class women s organizing but also the politics of working class women and women of color emphasizing that there was not one monolithic women s agenda but rather a multiplicity of women s voices demanding recognition for a variety of causes *Encyclopedia of North American Immigration* John Powell, 2009 Presents an illustrated A Z reference containing more than 300 entries related to immigration to North America including people places legislation and more Working Women into the Borderlands Sonia Hernández, 2014-02-18 In Working Women into the Borderlands author Sonia Hernández sheds light on how women s labor was shaped by US capital in the northeast region of Mexico and how women s labor activism simultaneously shaped the nature of foreign investment and relations between Mexicans and Americans As capital investments fueled the growth of heavy industries in cities and ports such as Monterrey and Tampico women s work complemented and strengthened their male counterparts labor in industries which were historically male dominated As Hernández reveals women laborers were expected to maintain their proper place in society and work environments were in fact gendered and class based Yet these prescribed notions of class and gender were frequently challenged as women sought to improve their livelihoods by using everyday forms of negotiation including collective organizing labor arbitration boards letter writing creating unions assuming positions of confianza trustworthiness and by migrating to urban centers and or crossing into Texas Drawing extensively on bi national archival sources newspapers and published records Working Women into the Borderlands demonstrates convincingly how women s labor contributions shaped the development of one of the most dynamic and contentious borderlands in the globe *Metropolitan Latinidad* A. K. Sandoval-Strausz, 2025-04-30 A wide ranging collection of essays that centers Latinos in the history of American cities and suburbs Latino urban history has been underappreciated not only in its own right but for the centrality of its narratives to urban history as a field A scholarly discipline that has long scrutinized economics politics and the built environment has too often framed race as literally Black and white This has resulted in a fundamental misunderstanding of the full social canvas of American cities since at least the early twentieth century

Traversing metropolitan areas like Atlanta Chicago El Paso Fort Worth Los Angeles Miami and New York this collection of essays brings together both established and emerging scholars including long time urbanists and academics working in the fields of Latino borderlands political landscape and religious history Organized at different scales including city suburb neighborhood and hemisphere this impressive body of work challenges long standing narratives about metropolitan America The contributors Llana Barber Mauricio Castro Eduardo Contreras Sandra I Enr quez Monika Gosin Cecilia S nchez Hill Felipe Hinojosa Michael Innis Jim nez Max Krochmal Becky M Nicolaides Pedro A Regalado Iliana Yamileth Rodriguez and Thomas J Sugrue engage a diverse range of subjects such as urban rebellions the suburbanization of Latinos affordable housing labor the built environment transnationalism place making and religious life The scholars also explore race within Latino communities as well as the role that political and economic dynamics have played in creating Latino urban spaces After reading this book you will never see American cities the same way again Blood Oranges Timothy P.

Bowman,2016-05-15 Blood Oranges traces the origins and legacy of racial differences between Anglo Americans and ethnic Mexicans Mexican nationals and Mexican Americans in the South Texas borderlands in the twentieth century Author Tim Bowman uncovers a complex web of historical circumstances that caused ethnic Mexicans in the region to rank among the poorest least educated and unhealthiest demographic in the country The key to this development Bowman finds was a modern colonization movement a process that had its roots in the Mexican American war of the nineteenth century but reached its culmination in the twentieth century South Texas in Bowman s words became an internal economy just inside of the US Mexico border Beginning in the twentieth century Anglo Americans consciously transformed the region from that of a culturally Mexican space with an economy based on cattle into one dominated by commercial agriculture focused on citrus and winter vegetables As Anglos gained political and economic control in the region they also consolidated their power along racial lines with laws and customs not unlike the Jim Crow system of southern segregation Bowman argues that the Mexican labor class was thus transformed into a marginalized racial caste the legacy of which remained in place even as large scale agribusiness cemented its hold on the regional economy later in the century Blood Oranges stands to be a major contribution to the history of South Texas and borderland studies alike **En Aquel Entonces** Manuel G. Gonzales,Cynthia M.

Gonzales,2000-07-22 An interdisciplinary anthology covering diverse aspects of the Mexican American experience in the United States Amazon com viewed November 12 2020 **Baby Boom** Rusty Monhollon,2010-02-09 This engaging collection of essays explores the many ways Americans of every race class gender and political leaning experienced the Baby Boom This revealing new work goes inside the Baby Boom generation to look at how everyday people within the boomer demographic changed and were changed by the course of American history Baby Boom People and Perspectives does not focus on one single historic moment but rather follows different groups within the Baby Boom generation as they move through history From the generation gap of the 1950s to the civil rights movement from Vietnam and the counterculture of the 1960s to

Watergate and the Reagan era and from the Clinton years to September 11th and the recent resurgence of conservatism this insightful social history shows how Baby Boomers across the breadth of American society experienced and impacted the same historic events differently

Border Bodies Bernadine Marie Hernández, 2022-03-10 In this study of sex gender sexual violence and power along the border Bernadine Marie Hernández brings to light under heard stories of women who lived in a critical era of American history Elaborating on the concept of sexual capital she uses little known newspapers and periodicals letters testimonios court cases short stories and photographs to reveal how sex violence and capital conspired to govern not only women's bodies but their role in the changing American Southwest Hernández focuses on a time when the borderlands saw a rapid influx of white settlers who encountered elite landholding Californios Hispanos and Tejanos Sex was inseparable from power in the borderlands and women were integral to the stabilization of that power In drawing these stories from the archive Hernández illuminates contemporary ideas of sexuality through the lens of the borderland's history of expansionist violent and gendered conquest By extension Hernández argues that Mexicana Nuevomexicana Californiana and Tejana women were key actors in the formation of the western United States even as they are too often erased from the region's story

Almost All Aliens Paul Spickard, Francisco Beltrán, Laura Hooton, 2022-09-15 *Almost All Aliens* offers a unique reinterpretation of immigration in the history of the United States Setting aside the European migrant centered melting pot model of immigrant assimilation Paul Spickard Francisco Beltrán and Laura Hooton put forward a fresh and provocative reconceptualization that embraces the multicultural racialized and colonially inflected reality of immigration that has always existed in the United States Their astute study illustrates the complex relationship between ethnic identity and race slavery and colonial expansion Examining the lives of those who crossed the Atlantic as well as those who crossed the Pacific the Caribbean and the North American Borderlands *Almost All Aliens* provides a distinct inclusive and critical analysis of immigration race and identity in the United States from 1600 until the present The second edition updates *Almost All Aliens* through the first two decades of the twenty first century recounting and analyzing the massive changes in immigration policy the reception of immigrants and immigrant experiences that whipsawed back and forth throughout the era It includes a new final chapter that brings the story up to the present day This book will appeal to students and researchers alike studying the history of immigration race and colonialism in the United States as well as those interested in American identity especially in the context of the early twenty first century

Forgotten Dead William D. Carrigan, Clive Webb, 2013-04-19 Mob violence in the United States is usually associated with the southern lynch mobs who terrorized African Americans during the Jim Crow era In *Forgotten Dead* William D. Carrigan and Clive Webb uncover a comparatively neglected chapter in the story of American racial violence the lynching of persons of Mexican origin or descent Over eight decades lynch mobs murdered hundreds of Mexicans mostly in the American Southwest Racial prejudice a lack of respect for local courts and economic competition all fueled the actions of the mob Sometimes ordinary citizens committed these acts because of the alleged failure

of the criminal justice system other times the culprits were law enforcement officers themselves Violence also occurred against the backdrop of continuing tensions along the border between the United States and Mexico aggravated by criminal raids military escalation and political revolution Based on Spanish and English archival documents from both sides of the border *Forgotten Dead* explores through detailed case studies the characteristics and causes of mob violence against Mexicans across time and place It also relates the numerous acts of resistance by Mexicans including armed self defense crusading journalism and lobbying by diplomats who pressured the United States to honor its rhetorical commitment to democracy Finally it contains the first ever inventory of Mexican victims of mob violence in the United States Carrigan and Webb assess how Mexican lynching victims came in the minds of many Americans to be the forgotten dead and provide a timely account of Latinos historical struggle for recognition of civil and human rights

The Ku Klux Klan's Campaign Against Hispanics, 1921-1925 Juan O. Sánchez, 2018-07-26 The Ku Klux Klan's persecution of Hispanics during the early 1920s was just as brutal as their terrorizing of the black community a fact sparsely documented in historical texts The KKK viewed Mexicans as subhuman foreigners supporting a Catholic conspiracy to subvert U S institutions and install the pope as leader of the nation and mounted a campaign of intimidation and violence against them Drawing on numerous Spanish language newspapers and Klan publications of the day the author describes the KKK's extensive anti Hispanic activity in the southwest

Whispering the Secrets of Language: An Psychological Journey through **Major Problems In Mexican American History**

In a digitally-driven world where displays reign great and instant communication drowns out the subtleties of language, the profound techniques and mental subtleties concealed within phrases frequently move unheard. However, located within the pages of **Major Problems In Mexican American History** a captivating fictional value pulsating with fresh feelings, lies a fantastic journey waiting to be undertaken.
