Empirical Gap in Jurisprudence Daved Muttart,2007-02-17 In jurisprudential writing single decisions are often held up as representative without any evidence to support their representative claims In order to address this problem Daved Muttart has made a systematic study encompassing every judgment of the Supreme Court of Canada between 1950 and 2003

Examining almost 5000 cases Muttart analyses these Supreme Court decisions employing several important criteria including whether the decisions overruled prior precedent the extent to which they were decided on fact law or policy and the legal and extra legal modes of reasoning utilized by the Court Muttart uses the results of this systematic examination to test the validity of extant jurisprudential theories Ultimately he concludes that the Court's method of operation is evolving as it moves into a new century While the court's reasoning is becoming less foundational it remains a predominantly legal as opposed to political institution Filling an important niche in the study of jurisprudence The Empirical Gap in Jurisprudence demonstrates that systematic studies based on large samples of cases will yield many insights that were obfuscated by prior efforts that relied on small and self selected samples

The Politics of Democratic Inclusion Christina

Wolbrecht, Rodney E. Hero, 2005 How institutions foster and hinder political participation of the underrepresented New Directions in Judicial Politics Kevin T. McGuire, 2012-03-15 With its often vague legal concepts and institutions that operate according to unfamiliar procedures judicial decision making is in many respects a highly enigmatic process New Directions in Judicial Politics seeks to demystify the courts offering readers the insights of empirical research to address questions that are of genuine interest to students In addition to presenting a set of conclusions about the way in which courts operate this book also models the craft of political research illustrating how one can account for a variety of factors that might affect the courts and how they operate The renowned scholars and teachers in this volume invite critical thinking not only about the substance of law and courts in America but also about the ways in which we study judicial politics

Legislative Deferrals George I. Lovell, 2003-03-31 Why do unelected federal judges have so much power to make policy in the United States Why were federal judges able to thwart apparent legislative victories won by labor organizations in the Lochner era Most scholars who have addressed such questions assume that the answer lies in the judiciary's constitutionally guaranteed independence and thus worry that insulated judges threaten democracy when they stray from baseline positions chosen by legislators This book argues for a fundamental shift in the way scholars think about judicial policy making Scholars need to notice that legislators also empower judges to make policy as a means of escaping accountability This study of legislative deference to the courts offers a dramatic reinterpretation of the history of twentieth century labor law and shows how attention to legislative deferrals can help scholars to address vexing questions about the consequences of judicial power in a democracy

Constitutional Politics in a Conservative Era Austin Sarat, 2008-05-05 Aims to bring together the work of leading scholars of Constitutionalism Constitutional law and politics in the United States to take stock of the field to chart its progress and point the way for its future development

Posner, 2013-01-07 Federal judges are not just robots or politicians in robes yet their behavior is not well understood even among themselves Using statistical methods a political scientist an economist and a judge construct a unified theory of judicial decision making to dispel the mystery of how decisions from district courts to the Supreme Court are made **High Courts and Economic Governance in Argentina and Brazil** Diana Kapiszewski, 2012-09-24 This study analyzes how elected leaders and high courts in Argentina and Brazil interact over economic governance Deciding to Leave Artemus Ward, 2012-02-01 While much has been written on Supreme Court appointments *Deciding to Leave* provides the first systematic look at the process by which justices decide to retire from the bench and why this has become increasingly partisan in recent years Since 1954 generous retirement provisions and decreasing workloads have allowed justices to depart strategically when a president of their own party occupies the White

House Otherwise the justices remain in their seats often past their ability to effectively participate in the work of the Court While there are benefits and drawbacks to various reform proposals Ward argues that mandatory retirement goes farthest in combating partisanship and protecting the institution of the Court
