circumstances Many have long sentences some have been wrongly accused and some even await execution Their environment is often overcrowded ugly violent and full of noise like being in a rock concert all day as one man reported There is nothing to look forward to and often no one to turn to For the past twenty five years Liberation Prison Project has been a lifeline for prisoners first in the United States and also in Australia Italy Mongolia New Zealand and other countries who turned to LPP asking for Buddhist books and spiritual advice in an effort to find meaning in life when everything else has been lost This book is a compilation of advice from Lama Zopa Rinpoche the spiritual director of LPP in response to letters from more than one hundred prisoners mainly in the USA edited into a coherent narrative Rinpoche s advice is that actually their prison is nothing in comparison with their inner prison the prison of anger the prison of attachment the prison of ignorance That prison Rinpoche says they can definitely change And why should they Because simply put happiness and suffering come from the mind not the external world The extent of the heartfelt compassion and love that Rinpoche offers the men who write to him is incredible He empowers them to never give up on the development of their potential and their ability to help others The advice in the book is not just for prisoners It is for all of us **Pleine conscience et relation d'aide**

INTRODUCTION Established in the year 2013 the Body Mind and Life Department of Men Tsee Khang owes its origin to the 1st Body Mind Life Conference This conference was hosted by Men Tsee Khang and blessed by His Holiness the Dalai Lama in June 2013 It covered five major topics on the healthy and diseased states of body mind and life as presented through the views and perspectives of Tibetan Buddhism Tibetan Medicine Tibetan Astrology and Modern Psychology This conference and the unwavering guidance and support of the Director of Men Tsee Khang paved the way for the creation of this department **Understanding Our Mind** Thich Nhat Hanh, 2002-02-09 Thich Nhat Hanh pulls from 50 classic Buddhist verses to present the basic teachings of Buddhist applied psychology exploring the true nature of our feelings and perceptions Based on the 50 verses on the nature of consciousness taken from the great 5th century Buddhist master Vasubandhu and the teachings of the Avatamsaka Sutra Thich Nhat Hanh focuses on the direct experience of recognizing

embracing and looking deeply into the nature of our feelings and perceptions Presenting the basic teachings of Buddhist applied psychology Understanding Our Mind shows us how our mind is like a field where every kind of seed is planted seeds of suffering anger happiness and peace The quality of our life depends on the quality of the seeds in our mind If we know how to water seeds of joy and transform seeds of suffering then understanding love and compassion will flower Vietnamese Zen Master Thuong Chieu said When we understand how our mind works the practice becomes easy *The Tantric Path of Purification* Thubten Yeshe,1995 **Healing Personal Psychology** Jasenn Zaejian,2012-07-10 The mental health professions are responsible for creating and maintaining a folie a deux or shared public delusion that their intention is to heal On close inspection we see that the primary function of mental health professionals is to serve as moral arbiters of human behavior The legislature has granted clinical psychology and psychiatry the legal rights to define certain behaviors as mental illness Behaviors are defined as mental illness by morally tinged personal clinical opinion Cleverly hidden from the public is the fact that the concept of mental illness has never been established by rigorous science to qualify as an illness or disease The concept of mental illness continues to be created or invented by selected moral judgments and committee discussions not science Healing Personal Psychology presents an historical line of development of psychology and psychiatry from its roots in 19th Century German authoritarianism and oppression to the present state of the field where little has changed The clinical gaze is the bedrock of the professions Therein lies the failure of the mental health professions to effectively heal Mainstream clinical psychology and psychiatry by their very natures engage in some of the most repressive practices in modern society Supporting the thesis of this failure with factual references we are taken on an experiential journey through the system to see the devastation mental health treatment has caused by the creation of disease including central nervous system motor neuron and organ diseases found in different studies to range between 10% 75% of all those treated Not to mention the personal ruin caused for millions of people every year by effectively eliminating their freedom of choice to engage in a pleasurable life existence Strategic change exercises effective in healing a range of serious difficulties are presented as a solution to this devastation Valuable resources for healing from surprising sources are illustrated with references for daily practice The author brings more than 30 years of experience to bear in pointing towards a healthy way out This book can be utilized by professionals and the public both as an instructive textbook on alternative healing approaches for psychosis depression anxiety fears phobias obsessive or compulsive behaviors trauma or post traumatic related difficulties and as a resource that documents the system of oppression and inconsistent level of competence in the clinical psychology and psychiatry professions The Path of Individual Liberation Chögyam Trungpa,2014-04-15 The foundational teachings of Buddhism presented here in volume one of Ch gyam Trungpa s magnum opus which offers a systematic overview of the entire path of Tibetan Buddhism This three volume collection presents in lively relevant language the comprehensive teachings of the Tibetan Buddhist path of the hinayana mahayana and vajrayana Considered Ch gyam

Trungpa's masterpiece *The Profound Treasury of the Ocean of Dharma* will resonate with new and senior students of Buddhism. Chogyam Trungpa begins his study by presenting the teachings of the hinayana. The hinayana introduces core Buddhist teachings on the nature of mind, the practice of meditation, the reality of suffering, and the possibility of liberation. It examines the nature of suffering, impermanence, and egolessness with an emphasis on personal development through meditative discipline and study. The formal entry into the hinayana and the Buddhist path altogether is the refuge vow, in which a student goes for refuge to the Buddha or the teacher, the dharma or the teachings, and the sangha or the community. The hinayana path is based on training in mindfulness and awareness, cultivating virtue, and cutting grasping. Topics covered in detail in this volume include the four noble truths, karma, the four foundations of mindfulness, meditation practice, the refuge vows, the three jewels, the five skandhas, the five precepts, twofold egolessness, and more.
