Techniques of Illusion Katharina Rein,2023-05-03 This book explores stage conjuring during its golden age from about 1860 to 1910 This study provides close readings highlighting four paradigmatic illusions of the time that stand in for different

kinds of illusions typical of stage magic in the golden age and analyses them within their cultural and media historical context Pepper's Ghost the archetypical mirror illusion The Vanishing Lady staging a teleportation in a time of a dizzying acceleration of transport the levitation simulating weightlessness with the help of an extended steel machinery and The Second Sight a mind reading illusion using up to date communication technologies These close readings are completed by writings focusing on visual media and expanding the scope backwards and forwards in time roughly to 1800 and to 2000 This exploration will be of great interest to students and scholars in theatre and performance studies

EBOOK: Using Visual Evidence Richard Howells, Robert Matson, 2009-05-16 What do we mean by visual evidence How should we interpret visual texts and what can they tell us Why is visual literacy so important and what benefits does it offer Visual evidence encompasses a diverse range of media from painting cartoons and photography to film television and documentary The central argument of this book is that visual evidence is a key to understanding both history and the present day and should not be relegated to a supporting role as merely illustrating the written word The book shows students scholars and researchers how to read the visual media to elicit meaning As primary sources visual texts can be studied not only for what is directly depicted in the painting or film but also for what it tells us about the people cultures and societies that made them Each chapter features fascinating case studies and examples which situate theory in real life A major appeal of the book is the wealth of illustrations and photographs of visual texts which are included throughout The authors make detailed reference to these examples to illustrate the theory surrounding visual evidence An intriguing case study of an unknown girl's photo album is just one of many examples offered showing how we can analyze and learn from the visual text This comprehensive and insightful edited collection brings together international media and cultural theorists historians and art historians to demonstrate the value of visual evidence not only to media and cultural studies but also to history the general humanities and the social sciences

Inglourious Basterds, Gus Van Sant *Milk*. **Science Fiction Cinema** Christine Cornea, 2007-06-06. This major new study offers a broad historical and theoretical reassessment of the science fiction film genre. The book explores the development of science fiction in cinema from its beginnings in early film through to recent examples of the genre. Each chapter sets analyses of chosen films within a wider historical/cultural context while concentrating on a specific thematic issue. The book therefore presents vital and unique perspectives in its approach to the genre which include discussion of the relevance of psychedelic imagery, the new woman of science, generic performance and the prevalence of techno-orientalism in recent films. While American films will be one of the principle areas covered, the author also engages with a range of pertinent examples from other nations as well as discussing the centrality of science fiction as a transnational film genre. Films discussed include *The Day the Earth Stood Still*, *The Body Snatchers*, *Forbidden Planet*, *The Quatermass Experiment*, 2001 *A Space Odyssey*, *Demon Seed*, *Star Trek*, *The Motion Picture*, *Star Wars*, *Altered States*, *Alien*, *Blade Runner*, *The Brother from Another Planet*, *Back to the Future*, *The Terminator*, *Predator*, *The One*, *Dark City*, *The Matrix*, *Fifth Element* and *eXistenZ*.
