Detroit, Lenacrave and Cleveland Brooke!,2010-12 I was almost as hard headed as it gets while repeatedly insisting on missing and ignoring the entire point that Mom and a few others tried to get me to realize GET YOUR EDUCATION I still had some great times here and there every now and then and I can only imagine how beautiful my life would have been if I would have followed the The Golden Rules Some wonderful things have happened to me even though I still feel that I truly did not deserve or even know how to sincerely enjoy thoroughly but on the other hand some not so wonderful things have happened to me that I basically brought on myself as a direct result of not following The Golden Rules EDUCATION IS A MUST I know my family was not the only family that has gone through a divorce and I know there are millions of kids who went through divorce without a scratch I am not blaming any of my failures as a man on the pitfalls of divorce but I can clearly see now that my character flaws were a direct hit stemming from the casualties of my parents divorce I did not ask to be me and I certainly did not ask or expect to be stuck on stupid for almost three tenths of a century It was what it was If I would have known their divorce would eventually effect me which I believe set the wheels in motion that turned towards me turning out the way I have I would have started Praying that night But I had no idea it would and neither did they I can only imagine how beautiful my life would have been if their marriage was meant to be but it was not about me Brooke

Survivors of Childhood Sexual Abuse is a comprehensive manual for treating survivors of childhood physical sexual and emotional abuse. Inspired by the author's own private practice, it combines both theory and practice and supports the therapeutic partnership with a step-by-step outline of the healing process. This outline includes concrete and incremental strategies and exercises that help you move the survivor beyond Stage I trauma debriefing to life-changing Stage II recovery. In *From Surviving to Thriving*, you'll find everything you need to know about obtaining and maintaining autonomy and speeding recovery in the age of managed care. The self-contained, focused, and incremental interventions presented in this book can be woven into your own therapeutic style, giving you and your clients more freedom, satisfaction, and most importantly, swift treatment and recovery. You'll also find step-by-step guidance for dealing with adult survivors, including rationale for diagnosis, process, and sequence. In addition to the description of theoretical orientations and illustrations, *Surviving to Thriving* contains an overview and detailed outline of the incremental recovery process, pitfalls, and positive strategies for establishing the therapeutic relationship, detailed instructions for building a foundation for effective therapy by reframing the client's self-concept, explanations of pathological symptoms in context of necessary and brilliant survival defenses, workable specific and sequential interventions for each stage of healing designed to become autonomous and self-generating for the client, techniques for trauma resolution using the survivor's internal experience. Because it's written in accessible language and includes explanations of clinical concepts, you'll feel comfortable putting *From Surviving to Thriving* in the hands of select clients—a unique feature that sets it apart from most clinical texts. This book provides exercises to help move clients into the healing recovery of Stage II. Enhanced with art and writing from recovering survivors, this book is a valuable asset as you and your clients begin the collaborative journey toward renewed emotional well-being. 180
