Makers Of China Confucius To Mao:

Makers of China, Confucius to Mao Bernard Martin, Chien-Tung Shui, Jianliu Sang, 1972 **Authority and Welfare in China** M. Twohey, 1998-12-07 This book describes the relationship between political authoritarianism and people's welfare in modern China Based on a study of Chinese political discourse from the 1898 reform period to the present the book demonstrates that support for authoritarian rule in modern China is best understood when compared to ancient political traditions of authority and welfare that were established in China's late Zhou dynasty by the Confucian philosopher Xunzi 298-238 BC 中国历史 Scott K. Ling, 1975 *The School Librarian*, 1973 **A History of the Chinese Secret Service** Richard Deacon, 1974 **Mao's China and After** Maurice Meisner, 1999-04 Presents a revised account of the revolution of 1966-1969 Examines the social and political consequences of the upheaval Deng Xiaoping Democracy movement Tienanmen Incident Mao Zedong The hundred flowers Great Leap Forward *China Imagined* Gregory Lee, 2018-12-15 How did China become China And where is it leading us We talk as if it had always existed eternal China with its 5 000 years of uninterrupted history But the name China was first used by sixteenth century Europeans and its Chinese equivalent Zhongguo only gained currency in the mid 1800s China Imagined is a thoughtful exploration of the idea of China from the naming and mapping of its territory and peoples to the creation and rise of the modern nation state China's early history describes a multilingual space ruled by a homogeneous elite with its own minority culture a far cry from Maoism's national mass culture or Xi Jinping's state controlled digital society today Gregory Lee traces this complex diverse entity's evolution since the Opium Wars into a China made in our image Today it is a great power integral to the global system whether it comes to climate change security or inequality Given this rapid convergence with the West Xi's China holds up a mirror to our own nations Trump's America Putin's Russia and post Brexit Europe all betray echoes of the Chinese Dream If China is a product of Westernization is it now the West's turn to become China **Routledge Handbook of Chinese Security** Lowell Dittmer, Maochun Yu, 2015-05-08 Located in the center of Asia with one of the largest land frontiers in the world and 14 neighbors whose dispositions could not easily be predicted China has long been obsessed with security In this handbook an internationally renowned team of contributors provide a comprehensive and systematic analysis of contemporary thinking about Chinese national security Chapters cover the PRC's historical ideological and doctrinal heritage related to security its security arrangements and policies targeting key regions and nations of the world the security aspects of the PRC's ground air sea space and cyber forces as well as the changing and expanding definition and scope of China's security theory and practice *Chinese Pol Culture, 1989-2000*, An analysis of Chinese political culture It is divided into three major areas Chinese identities and popular culture including regional identities public opinion surveys the Beijing area Chinese workers the Shanghai area and ideological debates such as the new Confucianism *The End of the Maoist Era: Chinese Politics During the Twilight of the Cultural Revolution, 1972-1976* Frederick C Teiwes, Warren Sun, 2014-12-18 This

book launches an ambitious reexamination of the elite politics behind one of the most remarkable transformations in the late twentieth century As the first part of a new interpretation of the evolution of Chinese politics during the years 1972-82 it provides a detailed study of the end of the Maoist era demonstrating Mao's continuing dominance even as his ability to control events ebbed away The tensions within the gang of four the different treatment of Zhou Enlai and Deng Xiaoping and the largely unexamined role of younger radicals are analyzed to reveal a view of the dynamic of elite politics that is at odds with accepted scholarship The authors draw upon newly available documentary sources and extensive interviews with Chinese participants and historians to develop their challenging interpretation of one of the most poorly understood periods in the history of the People's Republic of China *Lu Xun and His Legacy* Leo Ou-fan Lee, 2022-08-19 This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1985 Mao's Last Revolution Roderick MACFARQUHAR, Michael Schoenhals, 2009-06-30 The Cultural Revolution was a watershed event in the history of the People's Republic of China the defining decade of half a century of communist rule Before 1966 China was a typical communist state with a command economy and a powerful party able to keep the population under control But during the Cultural Revolution in a move unprecedented in any communist country Mao unleashed the Red Guards against the party Tens of thousands of officials were humiliated tortured and even killed Order had to be restored by the military whose methods were often equally brutal In a masterly book Roderick MacFarquhar and Michael Schoenhals explain why Mao launched the Cultural Revolution and show his Machiavellian role in masterminding it which Chinese publications conceal In often horrifying detail they document the Hobbesian state that ensued The movement veered out of control and terror paralyzed the country Power struggles raged among Lin Biao Zhou Enlai Deng Xiaoping and Jiang Qing Mao's wife and leader of the Gang of Four while Mao often played one against the other After Mao's death in reaction to the killing and the chaos Deng Xiaoping led China into a reform era in which capitalism flourishes and the party has lost its former authority In its invaluable critical analysis of Chairman Mao and its brilliant portrait of a culture in turmoil Mao's Last Revolution offers the most authoritative and compelling account to date of this seminal event in the history of China **The Image of China in Western Social and Political Thought** D. Jones, 2001-10-16 David Martin Jones examines how China has been portrayed in European and subsequently North American social and political thought and what if anything this depiction tells us about the character of this thought Such a question immediately evokes the spectre of orientalism and subsequent chapters explore whether the identification of an orientalist project invalidates the knowledge claims of European and North American social and political thought as it evolved from the eighteenth to the twentieth century **Language Ideology and Order in Rising China** Minglang Zhou, 2018-12-18 This text considers contemporary China's language

ideology and how it supports China as a rising global power player It examines the materialization of this ideology as China's language order unfolds on two fronts promoting Putonghua domestically and globally alongside its economic growth and military expansion Within the conceptual framework of language ideology and language order and using PRC policy documents education annals and fieldwork this book explores how China's language ideology is related to its growing global power as well as its domestic and global outreaches It also addresses how this ideology has been materialized as a language order in terms of institutional development and support and what impact these choices are having on China and the world Focusing on the relationship between language ideology and language order the book highlights a closer and coherent linguistic association between China's domestic drive and global outreach since the turn of the century *China Now*, 1970
