Makeshift Family:

The Face Man Amy Lane, 2023-10-31 Torrance Grayson has forged a solid independent journalism career with help from his friend and mentor Felix Salinger and he's relished being the face of the Salinger crew exposing the corruption of the powerful while keeping his friends safe in their anonymity But being face to face with the worst in the world takes its toll and when Tor has a moment of weakness it's the Salingers who come to bail him out During his recovery Tor makes friends with the household's confident charismatic young chef Marco Their quiet conversations make Marco more and more reluctant to confront Tor on the grave mistake the man is about to make in his current exposé a mistake that can harm Marco's loud boisterous family irrecoverably Tor is more than willing to listen and to correct any mistakes He's seen graphic proof that he's not infallible and he'll go to any lengths to avert tragedy But as Tor works toward the truth of what's happening with Marco's family Marco begins to develop deep suspicions about the people they both work for Torrance Grayson is in deep with the Salingers and Marco isn't sure he should know any more than necessary about people who seem to be great bosses but shady citizens In order to help Marco Tor needs to trust him and that means to trust him with the truth of the Salinger Crew as well as with his heart But in a world of capers and crimefighting trust it appears is worth more than gold and jewels Tor can expose crime and injustice with impunity but can he expose his heart to Marco a man who desperately wants in
