Venturella, 2015-11-16 In 1996 nearly 40 million United States citizens were reported to be living in poverty This enormous number set in conjunction with the rapid growth in demand for more information technology presents librarians with a wrenching dilemma how to maintain a modern facility while increasing services to the economically disadvantaged Karen Venturella has gathered a diverse group of librarians and facilitators including Khafre Abif head of Children s Services for the Mount Vernon Public Library in New York Wizard Marks who directs the Chicago Lake Security Center in its mission to improve the area Lillian Marrero who has concentrated on providing services to the Spanish speaking population Kathleen de la Pena McCook director of the School of Library and Information Science at the University of South Florida and 15 others to find strategies for dealing with the current crisis of disparity These writers address both the theoretical issues of ensuring access to information regardless of ability to pay and the practical means for meeting the needs of low income populations Appendices include the ALA s Policy on Library Services to Poor People The Library Bill of Rights and a listing of poverty related organizations Public Library Governance Edward Abbott-Halpin,Carolynn Rankin, 2020-09-07 Major changes in public libraries throughout the world have led to an increased focus on governance issues Forging successful futures for public libraries depends on effective governance This book defines governance and examines its many facets in relation to public library provision internationally differentiating governance from the policies processes and practices of public libraries The perspectives of leaders practitioners researchers decision makers and service users are presented offering a variety of views from the past the present and potential approaches in the future Decision making and the roles of decision makers involved in governance are explored Prominent figures from the public library community throughout the world have contributed their knowledge and experience Wicked problems facing the public library sector are identified and the varying approaches adopted internationally to deal with them are outlined There are many practitioner and professional practice issues associated with provision of libraries and views on library usage and delivery vary according to user and practitioner standpoints Globally diverse content provides directions for the future development of public libraries and for dealing with the emerging challenges facing the library world Libraries and Library Services United States. Congress. House. Committee on House Administration, 1992 To learn first hand how the libraries of North Carolina especially public libraries function in spite of budget cuts a hearing was held in Lumberton North Carolina to hear the testimony of interested parties from the state and national levels and specifically from the congressional district of southeastern North Carolina While library budgets are being drastically cut costs continue to rise as the witnesses attest At this hearing the Library of Congress introduced American Memory a project that will use compact discs and laser video disks to make important collections from the Library of Congress available to researchers teachers students and the public at local

libraries and schools American Memory which will eventually exist as an online resource is the library of the future A demonstration of the technology and search strategies of American Memory was presented Twenty three other witnesses addressed the hearing including representatives of the American Library Association representatives of state academic public and depository libraries and patrons and users of the local county library Additional submissions for the record include letters SLD     **Public Libraries** ,1901     **Financial and Cost Management for Libraries and Information Services** Stephen A. Roberts,2013-02-07 No detailed description available for Financial and Cost Management for Libraries and Information Services     *Integrating the Web into Everyday Library Services* Elizabeth R. Leggett,2015-09-28 With the world becoming increasingly more dependent upon the Internet libraries offer an essential service by providing access to this worldwide network To help their patrons modern librarians must have a thorough understanding of this technology Integrating the Web into Everyday Library Services A Practical Guide for Librarians is a comprehensive guide to a variety of aspects of Internet use and research The book is basic assuming only a basic understanding of computer use and Internet research This guide begins with a basic explanation of the mechanics of the Internet and World Wide Web then moves on to explore the variety of ways that a user can discover online information how information is stored online via the cloud and how a librarian can enhance his or her library s online presence Later chapters explain how to use the Internet to communicate how to help patrons research and evaluate information and how to protect patrons and yourself from online dangers The final chapter is devoted to helping librarians solve basic computer problems that their patrons may encounter including troubleshooting Internet connections     The Entrepreneurial Librarian Mary Krautter,Mary Beth Lock,Mary G. Scanlon,2014-01-10 The old image of an entrepreneur as a scrappy independent risk taker has been replaced by the reality of individuals incorporating innovative ideas in more traditional settings This collection of essays illustrates how librarians are infusing entrepreneurial principles in a variety of arenas including public private academic and special libraries It chronicles how entrepreneurial librarians are flourishing in the digital age advocating social change responding to patron demands designing new services and developing exciting fundraising programs Applying new business models to traditional services they eagerly embrace entrepreneurship in response to patrons demands funding declines changing resource formats and other challenges By documenting the current state of entrepreneurship in libraries this volume upends the public image of librarians as ill suited to risky or creative ventures and places them instead on the cutting edge of innovations in the field
