have women writers through history needed a name to describe what it is they do Hauser traces the invention of that name in ancient Greece exploring the archaeology of the gendering of the poet She follows ancient Greek poets philosophers and historians as they developed and debated the vocabulary for authorship on the battleground of gender building up and reinforcing the word for male poet then in response creating a language with which to describe women who write Crucially Hauser reinserts women into the traditionally all male canon of Greek literature arguing for the centrality of their role in shaping ideas around authorship and literary production

Forty-Nine Truths and the Pentecost

John D. Richie,2000-08-21 This work results from years of studying God s Word and observation of the current trends in Christianity The problem with Christianity today is that it has forgotten that the battle is not with those without but with the foolishness sin and unbelief in the believer The forty nine truths contained herein appear to be the most neglected in this age Considering that God s Word is not open to personal interpretation each Scripture quotation is left to individual understanding through the visitation of the Holy Spirit Although some explanation is given my intent is to guide the reader toward understanding and not to impose upon them my own understanding It is perhaps ironic that many Christians professing Jesus to be their Lord and Master may spend eternity in a place they would not desire God s Word states that a follower of Jesus that does not keep his sayings will not inherit the kingdom of heaven The truths discussed herein are the sayings of Jesus not mine The Pentecost follows these forty nine truths It is a day that is in the future It will be a happy day for many but the road thereto is troubled with much tribulation
