The Making of the Modern Jew Milton Steinberg, 1934 Gift of Rabbi W Gunther Plaut **The Making of a Great Race** Edward Alfred Steiner, 1929 **The Chai-Light Zone** David DeAngelo, Steven Gimbel, Stephen Stern, 2024-07-11 The Twilight Zone is remembered as a science fiction television series that reflected the uneasiness of Cold War America Its creator Rod Serling was a secular Jew who fought in World War II and returned stateside to see moral problems at home like racism and the potential for technology to rob us of our humanity The Twilight Zone was Serling's attempt to influence mainstream culture in an ethically positive direction His moral compass which shaped his writing on the series is entangled with his brand of cultural Judaism By examining a range of episodes the authors of this volume bring this Jewish moral influence out from the twilight and into the full light of day **The Jewish Revolution in Belorussia** Andrew Sloin, 2017-02-13 A Dorothy Rosenberg Prize winner A remarkable social history that investigates the process of Sovietization among Jews in Belorussia Jeffrey Veidlinger author of In the Shadow of the Shtetl This insightful history demonstrates how Jewish life in Belorussia fundamentally changed when Jews started joining the Bolshevik movement and populating the front lines of the revolutionary struggle While Andrew Sloin's story follows the arc of Bolshevik history it also shows how the broader movement was enacted in factories and workshops workers clubs and union meetings and on the Jewish streets of White Russia In the eyes of the Bolshevik leadership the project of transforming Jews into integrated Soviet citizens was bound inextricably to labor The protagonists here are shoemakers speculators glassmakers peddlers leatherworkers needleworkers soldiers students and local party operatives who were swept up willingly or otherwise under the banner of Marxist socialism With extensive research and keen insight Sloin stresses the fundamental relationship between economy and identity formation as party officials grappled with the Jewish Question in the wake of the revolution Beyond Totalitarianism Michael Geyer, Sheila Fitzpatrick, 2008-12-08 In essays written jointly by specialists on Soviet and German history the contributors to this book rethink and rework the nature of Stalinism and Nazism and establish a new methodology for viewing their histories that goes well beyond the now outdated twentieth century models of totalitarianism ideology and personality Doing the labor of comparison gives us the means to ascertain the historicity of the two extraordinary regimes and the wreckage they have left With the end of the Cold War and the collapse of the Soviet Union scholars of Europe are no longer burdened with the political baggage that constricted research and conditioned interpretation and have access to hitherto closed archives The time is right for a fresh look at the two gigantic dictatorships of the twentieth century and for a

Modernism and Race Len Platt, 2011-02-24 The transnational turn has transformed modernist studies challenging Western authority over modernism and positioning race and racial theories at the very centre of how we now understand modern literature Modernism and Race examines relationships between racial typologies and literature in the late nineteenth and early twentieth centuries drawing on fin de siècle versions of anthropology sociology political science linguistics and biology Collectively these essays interrogate the anxieties and desires that are expressed in or projected onto racialized figures They include new outlines of how the critical field has developed revaluations of canonical modernist figures like James Joyce T S Eliot Ford Madox Ford and Wyndham Lewis and accounts of writers often positioned at the margins of modernism such as Zora Neale Hurston Claude McKay and the Holocaust writers Solomon Perel and Gisella Perl This collection by leading scholars of modernism will make an important contribution to a growing field **The Ultimate Jewish Teacher's Handbook** Nachama Skolnik Moskowitz, 2003 This complete and comprehensive resource for teachers new and experienced alike offers a big picture look at the goals of Jewish education **The Popes Against the Jews** David I. Kertzer, 2007-12-18 In this meticulously researched unflinching and reasoned study National Book Award finalist David I. Kertzer presents shocking revelations about the role played by the Vatican in the development of modern anti-Semitism Working in long sealed Vatican archives Kertzer unearths startling evidence to undermine the Church's argument that it played no direct role in the spread of modern anti-Semitism In doing so he challenges the Vatican's recent official statement on the subject We Remember Kertzer tells an unsettling story that has stirred up controversy around the world and sheds a much needed light on the past Jews in an Illusion of Paradise Norman Simms, 2018-01-23 These further six chapters of Jews in an Illusion of Paradise now focus on individual exemplary figures and clusters of poets dramatists critics journalists art historians Jews whose achievements were once celebrated but now are almost all but forgotten not because of changes in aesthetic taste or style but because of social political and other ideological issues The book continues to examine the clash between their conscious and unconscious self presentation as Jews in a culture that wilfully or inadvertently misunderstood or rejected this aspect of otherness the men and women represented from the mid nineteenth to the mid twentieth centuries Whereas the first volume concentrated on the themes images and rhetorical motifs of this awkward status of Jewish intellectuals and artists here the ambiguous personalities and repressed anxieties of the exemplary figures are stressed For millennia Jews were considered outside of normal history passive victims of persecution then suddenly with Emancipation they fell into history and out of their mythical place in the scheme of things Everything seemed to crumble into dust and
