1853 1919 It explores the different mechanisms used by Shakya Shri's community in the creation of his biographical portrait to develop his lineage including the use of biographical tropes details of interpersonal connections educational and patronage networks and representations of sacred site creation and maintenance In doing so this study decenters Tibetan and Himalayan religious history through recognizing that peripheries could act as alternative centers of authority for diverse Tibetan Buddhist communities

*War in Modern China* Harold M Tanner, 2025-09-30 This book offers comprehensive coverage of China's military history from the Qing dynasty 1644 1912 to present China has become one of the great world powers of the twenty first century As a result Chinese leaders and observers outside of China alike seek to explain China's strategic thought and action In doing so they routinely refer to China's military history This volume examines this history beginning with the Qing dynasty's era of imperial expansion and subsequent decline continuing with the wars against foreign aggression and internal uprisings of the nineteenth century the revolutionary overthrow of the Qing in 1911 and seemingly constant wars of the first half of the twentieth century and concluding with the Chinese Communist Party's use of military power from 1950 to present This history is generally presented as a narrative of imperial greatness followed by a century of national humiliation followed by a recovery of national wealth and power under Communist Party leadership While acknowledging this narrative Harold Tanner digs deeper to reveal a fundamental continuity of interests underlying Chinese strategic thinking from the Qing to the present while also showing how the theory and practice of war in China changed over time as Chinese political and military leaders wrestled with tremendous challenges drawing on foreign sources as well as their own cultural heritage to seek new solutions Both engaging and timely *War in Modern China A Military History* is essential reading for students scholars and enthusiasts of Chinese and global military history

*Contestation and Adaptation* Enze Han, 2013-09-19 This book compares five major ethnic groups in China and how they negotiate their national identities with the Chinese nation state Uyghurs Chinese Koreans Dai Mongols and Tibetans By studying their diverse pattern of national identity construction it sheds light on the nation building processes in China during the past six decades

**The Struggle for Modern Tibet: The Autobiography of Tashi Tsering** Melvyn C. Goldstein, William R Siebenschuh, Tashi Tsering, 2015-02-24 This captivating autobiography by a Tibetan educator and former political prisoner is full of twists and turns Born in 1929 in a Tibetan village Tsering developed a strong dislike of his country's theocratic ruling elite As a 13 year old member of the Dalai Lama's personal dance troupe he was frequently whipped or beaten by teachers for minor infractions A heterosexual he escaped by becoming a drombo or homosexual passive partner and sex toy for a well connected monk After studying at the University of Washington he returned to Chinese occupied Tibet in 1964 convinced that Tibet could become a modernized society based on socialist egalitarian principles only through cooperation with the Chinese Denounced as a counterrevolutionary during Mao's Cultural Revolution he was arrested in 1967 and spent six years in prison or doing forced labor in China Officially exonerated in 1978 Tsering became a professor of English at Tibet

University in Lhasa He now raises funds to build schools in Tibet's villages emphasizing Tibetan language and culture

**The Chinese Revolution on the Tibetan Frontier** Benno Weiner, 2020-06-15 In *The Chinese Revolution on the Tibetan Frontier* Benno Weiner provides the first in depth study of an ethnic minority region during the first decade of the People's Republic of China the Amdo region in the Sino Tibetan borderland Employing previously inaccessible local archives as well as other rare primary sources he demonstrates that the Communist Party's goal in 1950s Amdo was not just state building but also nation building Such an objective required the construction of narratives and policies capable of convincing Tibetans of their membership in a wider political community As Weiner shows however early efforts to gradually and organically transform a vast multiethnic empire into a singular nation state lost out to a revolutionary impatience demanding more immediate paths to national integration and socialist transformation This led in 1958 to communization then to large scale rebellion and its brutal pacification Rather than joining voluntarily Amdo was integrated through the widespread often indiscriminate use of violence a violence that lingers in the living memory of Amdo Tibetans and others *Echoes from Dharamsala* Keila Diehl, 2002-06-03 *Echoes of Dharamsala* takes us deep into exile as a performance space a refugee home on the diasporic range The metaphor of reverberation comes very much to life as Keila Diehl bears witness to the emergent politics and poetics of Tibetan rock and roll Compassionate and modest yet incisive and unromantic her writing brings us close to amazingly complicated musical lives being forged in a distinct global conjuncture of modernity desire and longing Steven Feld Prof of Music and Anthropology Columbia University *Echoes from Dharamsala* is a charmingly written ethnographically rich theoretically ambitious book about a Tibetan community in exile Keila Diehl joined a Tibetan rock band as its keyboard player and from that perspective gives us a fresh and honest look at the Tibetan refugee experience through its soundscapes She has presented us with a model of ethnography which while not shying away from representing the conflicts and contradictions of the community she studied nevertheless displays a deep political solidarity with the Tibetan cause Akhil Gupta author of *Postcolonial Developments Agriculture in the Making of Modern India* Giving new meaning to participant observation Keila Diehl explores the politics and poetics of Tibetan cultural production in exile in a study that is at once engaging and insightful Donald S Lopez author of *Prisoners of Shangri La Tibetan Buddhism and the West* **A History of Modern Tibet, Volume 4** Melvyn C. Goldstein, 2019-10-22 It is not possible to understand contemporary politics between China and the Dalai Lama without understanding what happened in the 1950s especially the events that occurred in 1957-59 The fourth volume of Melvyn C Goldstein's *History of Modern Tibet* series *In the Eye of the Storm* provides new perspectives on Sino Tibetan history during the period leading to the Tibetan Uprising of 1959 The volume also reassesses issues that have been widely misunderstood as well as stereotypes and misrepresentations in the popular realm and in academic literature such as in Mao's policies on Tibet Volume 4 draws on important new Chinese government documents published and unpublished memoirs new biographies and a large corpus of in depth specially collected political interviews to

reexamine the events that produced the March 10th uprising and the demise of Tibet's famous Buddhist civilization. The result is a heavily documented analysis that presents a nuanced and balanced account of the principal players and their policies during the critical final two years of Sino-Tibetan relations under the Seventeen Point Agreement of 1951. The New Tibetan-English Dictionary of Modern Tibetan Melvyn C. Goldstein, 2001-04-03 This most current Tibetan English dictionary surpasses existing dictionaries in both scope and comprehensiveness. **The Tibet Journal**, 2001. **The Penguin Book of Modern Tibetan Essays** Tenzin Dickie, 2023-05-29 The Penguin Book of Modern Tibetan Essays is a groundbreaking anthology of modern Tibetan non-fiction. This unprecedented collection celebrates the art of the modern Tibetan essay and comprises some of the best Tibetan writers working today in Tibetan English and Chinese. There are essays on lost friends, stolen inheritances, prison notes, and secret journeys from and to Tibet, but there are also essays on food, the Dalai Lama's Gar dancer, love letters, lotteries, and the Prince of Tibet. The collection offers a profound commentary not just on the Tibetan nation and Tibetan exile but also on the romance, comedy, and tragedy of modern Tibetan life. For this anthology, editor and translator Tenzin Dickie has commissioned and collected 28 essays from 22 Tibetan writers, including Woeser, Jamyang Norbu, Tsering Wangmo Dhompa, Pema Bhumi, and Lhashamgyal. This book of personal essays by Tibetan writers is a landmark addition to contemporary Tibetan letters as well as a significant contribution to global literature. *A History of Modern Tibet, 1913-1951* Melvyn C. Goldstein, 2023-11-15 The Tibetan Question: the nature of Tibet's political status vis-à-vis China has been the subject of often bitterly competing views, while the facts of the issue have not been fully accessible to interested observers. While one faction has argued that Tibet was in the main historically independent until it was conquered by the Chinese Communists in 1951 and incorporated into the new Chinese state, the other faction views Tibet as a traditional part of China that split away at the instigation of the British after the fall of the Manchu Dynasty and was later dutifully reunited with New China in 1951. In contrast, this comprehensive study of modern Tibetan history presents a detailed, non-partisan account of the demise of the Lamaist state. Drawing on a wealth of British, American, and Indian diplomatic records, first-hand historical accounts written by Tibetan participants, and extensive interviews with former Tibetan officials, monastic leaders, soldiers, and traders, Goldstein meticulously examines what happened and why. He balances the traditional focus on international relations with an innovative emphasis on the intricate web of internal affairs and events that produced the fall of Tibet. Scholars and students of Asian history will find this work an invaluable resource, and interested readers will appreciate the clear explanation of highly politicized and often confusing historical events.
