## **Making Pilgrimages Meaning And Practice In Shikoku:**

Making Pilgrimages Ian Reader, 2004-12-31 This study involves a fourteen hundred kilometer long pilgrimage around Japan's fourth largest island Shikoku. In traveling the circuit of the eighty-eight Buddhist temples that make up the route pilgrims make their journey together with Kobo Daishi 774-835 the holy miracle-working figure who is at the heart of the pilgrimage. Once seen as a marginal practice recent media portrayal of the pilgrimage as a symbol of Japanese cultural heritage has greatly increased the number of participants both Japanese and foreign. In this absorbing look at the nature of the pilgrimage Ian Reader examines contemporary practices and beliefs in the context of historical development taking into account theoretical considerations of pilgrimage as a mode of activity and revealing how pilgrimages such as Shikoku may change in nature over the centuries. This rich ethnographic work covers a wide range of pilgrimage activity and behavior drawing on accounts of pilgrims traveling by traditional means on foot as well as those taking advantage of the new package bus tours and exploring the pilgrimage's role in the everyday lives of participants and the people of Shikoku alike. It discusses the various ways in which the pilgrimage is made and the forces that have shaped it in the past and in the present including history and legend the island's landscape and residents the narratives and actions of the pilgrims and the priests who run the temples regional authorities and commercial tour operators and bus companies. In studying the Shikoku pilgrimage from anthropological historical and sociological perspectives Reader shows in vivid detail the ambivalence and complexity of pilgrimage as a phenomenon that is simultaneously local national and international and both marginal and integral to the lives of its participants. Critically astute yet highly accessible **Making Pilgrimages** will be welcomed by those with an interest in anthropology religious studies and Japanese studies and will be essential for anyone contemplating making the pilgrimage themselves.

**Making Pilgrimages** Ian Reader, 2005-01-01 This study involves a fourteen hundred kilometer long pilgrimage around Japan's fourth largest island Shikoku. In traveling the circuit of the eighty-eight Buddhist temples that make up the route pilgrims make their journey together with Kobo Daishi 774-835 the holy miracle-working figure who is at the heart of the pilgrimage. Once seen as a marginal practice recent media portrayal of the pilgrimage as a symbol of Japanese cultural heritage has greatly increased the number of participants both Japanese and foreign. In this absorbing look at the nature of the pilgrimage Ian Reader examines contemporary practices and beliefs in the context of historical development taking into account theoretical considerations of pilgrimage as a mode of activity and revealing how pilgrimages such as Shikoku may change in nature over the centuries. This rich ethnographic work covers a wide range of pilgrimage activity and behavior drawing on accounts of pilgrims traveling by traditional means on foot as well as those taking advantage of the new package bus tours and exploring the pilgrimage's role in the everyday lives of participants and the people of Shikoku alike that have shaped it in the past and in the present including history and legend the island's landscape and residents the narratives and actions of the pilgrims and the priests who run the temples regional authorities and

commercial tour operators and bus companies      **Pilgrimage as Spiritual Practice** Jeffrey Bloechl, André Brouillette, 2022 This book provides a handbook of resources to aid the study and practice of pilgrimage for leaders and pilgrims The first part of the book explores aspects of the pilgrimage phenomenon philosophy theology anthropology psychology medieval literature art history The second part addresses specific pilgrimage experiences and contexts      **The Oxford Handbook of Buddhist Practice** Paula Kane Robinson Arai, Kevin Trainor, 2022 Foregrounds the impact of embodiment in Buddhism Highlights the diversity and fluidity of Buddhist identities The most comprehensive available volume on Buddhist practice Book jacket

International Perspectives on Pilgrimage Studies John Eade, Dionigi Albera, 2015-04-10 Although research on contemporary pilgrimage has expanded considerably since the early 1990s the conversation has largely been dominated by Anglophone researchers in anthropology ethnology sociology and religious studies from the United Kingdom the United States France and Northern Europe This volume challenges the hegemony of Anglophone scholarship by considering what can be learned from different national linguistic religious and disciplinary traditions with the aim of fostering a global exchange of ideas The chapters outline contributions made to the study of pilgrimage from a variety of international and methodological contexts and discuss what the metropolis can learn from these diverse perspectives While the Anglophone study of pilgrimage has largely been centred on and located within anthropological contexts in many other linguistic and academic traditions areas such as folk studies ethnology and economics have been highly influential Contributors show that in many traditions the study of folk beliefs and practices often marginalized within the Anglophone world has been regarded as an important and central area which contributes widely to the understanding of religion in general and pilgrimage specifically As several chapters in this book indicate folk based studies have played an important role in developing different methodological orientations in Poland Germany Japan Hungary Italy Ireland and England With a highly international focus this interdisciplinary volume aims to introduce new approaches to the study of pilgrimage and to transcend the boundary between center and periphery in this emerging discipline      *Approaching Pilgrimage* Mario Katić, John Eade, 2023-10-13 This volume seeks to explore pilgrimage studies as a distinctive sub field of research and to define its key methodological approaches and problems Pilgrimage studies has long been influenced by such academic disciplines as anthropology and this volume considers the new insights that pilgrimage studies can offer to these disciplinary fields Bringing together experienced pioneers and a younger generation of pilgrimage scholars the chapters address the directions contemporary pilgrimage research is taking and how it is developing into the future Covering topics like digital pilgrimage multi site pilgrimages and long term ethnography with examples from Europe the Middle East and Japan this is an important resource for all researchers engaging with pilgrimage      *Zen on the Trail* Christopher Ives, 2018-09-11 Discover how hiking can be a kind of spiritual pilgrimage calming our minds enhancing our sense of wonder and deepening our connection to nature Evoking the writings of Gary Snyder Bill Bryson and Cheryl Strayed *Zen on the Trail* explores the broad question of how to be outside in a

meditative way By directing our attention to how we hike as opposed to where we re headed Ives invites us to shift from ego driven doing to spirit filled being and to explore the vast interconnection of ourselves and the natural world Through this approach we can wake up in the woods on nature s own terms In erudite and elegant prose Ives takes us on a journey we will not soon forget This book features a new prose poem by Gary Snyder      **Moved by Mary** Willy Jansen,2022-03-01 The Virgin Mary continues to attract devotees to her images and shrines In *Moved by Mary* anthropologists geographers and historians explore how people and groups around the world identify and join with Mary in their struggle against social injustice and how others mobilize Mary to impose ideas and rules and legitimize acts of violence and suppression Far from an outdated practice of little relevance to the modern world Marian pilgrimage expresses the deep and urgent concerns of a wide range of people With examples of Marian pilgrimages from all over the world *Moved by Mary* explores the ways in which men and women of different ages and religious political social economic and ethnic backgrounds empower themselves to deal with modern day issues with Mary s help The ethnographic cases reveal the cultural and devotional variation of Marian pilgrimage but also global similarities Collectively the contributors to *Moved by Mary* show how in many places religion dramatically suffuses everyday life      **Ascetic Practices in Japanese Religion** Tullio Federico Lobetti,2013-09-11 Ascetic practices are a common feature of religion in Japan practiced by different religious traditions This book looks at these ascetic practices in an inter sectarian and inter doctrinal fashion in order to highlight the underlying themes common to all forms of asceticism It does so by employing a multidisciplinary methodology which integrates participant fieldwork the author himself engaged extensively in ascetic practices with a hermeneutical interpretation of the body as the primary locus of transmission of the ascetic embodied tradition By unlocking this bodily data the book unveils the human body as the main tool and text of ascetic practice This book includes discussion of the many extraordinary rituals practiced by Japanese ascetics      *Studying Buddhism in Practice* John S. Harding,2013-06-17 This book introduces the rich realities of the Buddhist tradition and the academic approaches through which they are studied Based on personal experiences of Buddhism on the ground it provides a reflective context within which religious practices can be understood and appreciated The engaging narratives cover a broad range of Buddhist countries and traditions drawing on fieldwork to explore topics such as ordination pilgrimage funerals gender roles and film making All the entries provide valuable contextual discussion and are accompanied by photographs and suggestions for further reading      **Encyclopedia of Sacred Places** Norbert C. Brockman,2011-09-13 Now thoroughly revised and updated this encyclopedia documents the diversity of shrines temples holy places and pilgrimage sites sacred to the world s major religious traditions and illustrates their elemental place in human culture As interest increases in the role of world religions in history and international affairs the new edition of *Encyclopedia of Sacred Places* which arrives 15 years after the publication of the original edition provides new and updated information on site specific religious practice and spiritually significant locations around the globe While many of the entries

describe specific places like the Erawan Shrine and the Rock of Cashel others examine types of sacred sites pilgrimages and practices With articles that describe both the places and their associated traditions and history this reference book reveals the enormous diversity and cultural significance of religious practice worldwide For students and teachers of classes ranging from high school geography to university level courses in religious studies geography anthropology and sociology this book provides essential reference on places of great significance to the world s various faith traditions

*The Formation of Regional Religious Systems in Greater China* Jiang Wu, 2022-04-21 The rise of Spatial Humanities has spurred a digital revolution in the field of Chinese studies especially in the study of religion Based on years of data compilation and analysis of religious sites this book explores the formation of Regional Religious Systems RRS in Greater China in unprecedented scope and depth It addresses quantitatively the enduring historical and contemporary issues of China s deep rooted regionalism and spatially variegated cultural and religious landscape A range of topics are explored theoretical discussions of the concept of RRS case studies of regional and local religious institutions the formation of local cults and pilgrimage network and the spread of religious networks to overseas Chinese communities and the Bon religion in Tibet The book also considers long standing challenges of researching with spatial data for humanities and social science research such as data collection integration spatial analysis and map creation This book will be of interest to students and scholars in Religious Studies Cultural Studies Chinese Studies Digital Humanities Human Geography and Sociology

*Buddhist Tourism in Asia* Courtney Bruntz, Brooke Schedneck, 2020-03-31 This innovative collaborative work the first to focus on Buddhist tourism explores how Buddhists government organizations business corporations and individuals in Asia participate in re imaginings of Buddhism through tourism Contributors from religious studies anthropology and art history examine sacred places and religious monuments as they have been shaped and reshaped by socioeconomic and cultural trends in the region Following an introduction that offers the first theoretical understanding of tourism from a Buddhist studies perspective early chapters discuss the ways Buddhists and non Buddhists imagine concepts and places related to the religion Case studies highlight Buddhist peace in India Buddhist heavens and hells in Singapore Thai temple space and the future Buddha Maitreya in China Buddhist tourism s connections to the state market and new technologies are explored in chapters on Indian package tours for pilgrims thematic Buddhist tourism in Cambodia the technological innovations of Buddhist temples in China and the promotion of pilgrimage sites in Japan Contributors then situate the financial concerns of Chinese temples speed dating in temples in Japan and the diffuse and pervasive nature of Buddhism for tourism promotion in Ladakh India How have tourist routes groups sites and practices associated with Buddhism come to be possible and what are the effects In what ways do travelers derive meaning from Buddhist places How do Buddhist sites fortify national cultural or religious identities The comparative research in South Southeast and East Asia presented here draws attention to the intertwining of the sacred and the financial and how local and national sites are situated within global networks Together these findings generate a

compelling comparative investigation of Buddhist spaces identities and practices      Landscape and Travelling East and West: A Philosophical Journey Hans-Georg Moeller, Andrew K. Whitehead, 2014-01-16 Philosophical reflections on journeys and crossings homes and habitats have appeared in all major East Asian and Western philosophies Landscape and travelling first emerged as a key issue in ancient Chinese philosophy quickly becoming a core concern of Daoism and Confucianism Yet despite the eminence of such reflections Landscape and Travelling East and West A Philosophical Journey is the first academic study to explore these philosophical themes in detail Individual case studies from esteemed experts consider how philosophical thought about places and journeys have inspired and shaped major intellectual and cultural traditions how such notions concretely manifested themselves in Chinese art particularly in the genres of landscape painting and garden architecture The studies present a philosophical dialogue between Confucianism and Daoism on issues of social space and belonging and include discussion on travel and landscape in Buddhism as well as Japanese and Tibetan contexts Approaching the topic from an inter cultural perspectives particularly East Asian philosophies and using these to enrich contemporary reflections on space the environment and traversing this unique collection adds an important voice to present philosophical political and cultural discourses      **Mobile Lifeworlds** Christopher A. Howard, 2016-07-15 Mobile Lifeworlds illustrates how the imaginaries and ideals of Western travellers especially those of untouched nature and spiritual enlightenment are consistent with media representations of the Himalayan region romanticism and modernity at large Blending tourism and pilgrimage travel across Nepal Tibet Bhutan and Northern India is often inspired and oriented by a search for authenticity adventure and Otherness Such valued ideals are shown however to be contested by the very forces and configurations that enable global mobility The role ubiquitous media and mobile technologies now play in framing travel experiences are explored revealing a situation in which actors are neither here nor there but increasingly are inter placed across planetary landscapes Beyond institutionalised religious contexts and the visiting of sacred sites the author shows how a secular religiosity manifests in practical bodily encounters with foreign environments This book is unique in that it draws on a dynamic and innovative set of disciplinary and theoretical perspectives especially phenomenology the mobilities paradigm and philosophical anthropology The volume breaks fresh ground in pilgrimage tourism and travel studies by unfolding the complex relationships between the virtual imaginary and corporeal dynamics of contemporary mobile lifeworlds

Excursions in Identity Laura Nenzi, 2008-04-16 In the Edo period 1600 1868 status and gender based expectations largely defined a person s place and identity in society The wayfarers of the time however discovered that travel provided the opportunity to escape from the confines of the everyday Cultured travelers of the seventeenth and eighteenth centuries wrote travel memoirs to celebrate their profession as belle lettrists For women in particular the open road and the blank page of the diary offered a precious opportunity to create personal hierarchies defined less by gender and more by culture and refinement After the mid eighteenth century which saw the popularization of culture and the rise of commercial printing

textbooks guides comical fiction and woodblock prints allowed not a few commoners to acquaint themselves with the historical lyrical or artistic pedigree of Japan's famous sites. By identifying themselves with famous literary and historical icons of the past, some among these erudite commoners saw an opportunity to rewrite their lives and re-create their identities in the pages of their travel diaries. The chapters in Part One, *Re-creating Spaces*, introduce the notion that the spaces of travel were malleable, accommodating reconceptualization across interpretive frames. Laura Nenzi shows that far from being static backgrounds, these travelscapes proliferated in a myriad of loci where one person's center was another's periphery. In Part Two, *Re-creating Identities*, we see how in the course of the Edo period, educated persons used travel to or through revered lyrical sites to assert and enhance their roles and identities. Finally, in Part Three, *Purchasing Re-creation*, Nenzi looks at the intersection between recreational travel and the rising commercial economy, which allowed visitors to appropriate landscapes through new means: monetary transactions, acquisition of tangible icons, or other forms of physical interaction.

**Religious Pilgrimage Routes and Trails** Daniel H. Olsen, Anna Trono, 2018-05-30. For millennia, people have travelled to religious sites for worship, initiatory, and leisure purposes. Today, there are hundreds, if not thousands, of religious pilgrimage routes and trails around the world that are used by pilgrims as well as tourists. Indeed, many religious pilgrimage routes and trails are today used as themes by tourism marketers in an effort to promote regional economic development. An important resource for those interested in religious tourism and pilgrimage, this book is also an invaluable collection for academics and policy makers within heritage tourism and regional development.

**Dealing with Disaster in Japan** Christopher P. Hood, 2013-03. Just as the sinking of the Titanic is embedded in public consciousness in the English-speaking world, so the crash of Japanese Airlines flight JL123 has become part of Japanese collective memory. This book examines the crash, considering why it has come to have such importance for the Japanese.

**The Camino de Santiago** Michael Murray, 2021-09-17. Pilgrimage as a global activity linked to the sacred speaks to the special significance of persons, places, and events. This book relates these sentiments to the curatorship of the Camino de Santiago, that comprises a lattice of European pilgrimage itineraries converging at Santiago de Compostela in northwest Spain. The detailed analysis focuses on the management of pilgrimage settings as heritage and tourism linked to the shrine of Saint James and gives particular attention to investment guidelines, land use planning, regulations, environmental stewardship, information dissemination, and museology.

*Loci Sacri* Thomas Coomans, 2012. Sacred places are not static entities but reveal a historical dynamic. This volume explores both the cultural developments that have shaped them and their varied multidimensional levels of significance.
