Wayne A. Logan

Making Crime Pay Law And Order In Contemporary American Politics:

Making Crime Pay Katherine Beckett, 1999-11-18 Most Americans are not aware that the US prison population has tripled over the past two decades nor that the US has the highest rate of incarceration in the industrialized world Despite these facts politicians from across the ideological spectrum continue to campaign on law and order platforms and to propose three strikes and even two strikes sentencing laws Why is this the case How have crime drugs and delinquency come to be such salient political issues and why have enhanced punishment and social control been defined as the most appropriate responses to these complex social problems Making Crime Pay Law and Order in Contemporary American Politics provides original fascinating and persuasive answers to these questions According to conventional wisdom the worsening of the crime and drug problems has led the public to become more punitive and tough anti crime policies are politicians collective response to this popular sentiment Katherine Beckett challenges this interpretation arguing instead that the origins of the punitive shift in crime control policy lie in the political rather than the penal realm particularly in the tumultuous period of the 1960s

The Modern Prison Paradox Amy E. Lerman, 2013-08-19 In The Modern Prison Paradox Amy E Lerman examines the shift from rehabilitation to punitivism that has taken place in the politics and practice of American corrections She argues that this punitive turn has had profoundly negative consequences for both crime control and American community life Professor Lerman s research shows that spending time in America s increasingly violent and castigatory prisons strengthens inmates criminal networks and fosters attitudes that increase the likelihood of criminal activity following parole Additionally Professor Lerman assesses whether America s more punitive prisons similarly shape the social attitudes and behaviors of correctional staff Her analysis reveals that working in more punitive prisons causes correctional officers to develop an us against them mentality while on the job and that the stress and wariness officers acquire at work carries over into their personal lives straining relationships with partners children and friends *Courts* Cassia Spohn, Craig Hemmens, 2011-11-09 Authored text sections and carefully selected accompanying readings that illustrate the questions and controversies legal scholars and court researchers are investigating in the 21st century Edited readings introduce students to classic studies of the criminal court system and to cutting edge research on decision making by court actors An introduction to each reading gives students an overview of the purpose main points and conclusion of each article and evaluates their policy implications How to Read a Research Article tied to the first reading in the book guides students in understanding and learning from the research articles Mini chapters precede the selection of readings and offer clear and concise explanations of key terms and concepts in each section coupled with boxes with special interest topics and review materials that enhance student comprehension **The Oxford Handbook of Sentencing and Corrections** Joan Petersilia, Kevin R. Reitz, 2015 This handbook surveys American sentencing and corrections from global and historical views from theoretical and policy perspectives and with attention to a number of problem specific issues **The Oxford Handbook of Criminology** Alison

Liebling, Shadd Maruna, Lesley McAra, 2023 With contributions from leading authorities this is the definitive guide to current criminological theory research and policy The Oxford Handbook of Criminology provides a comprehensive collection of chapters covering the core and emerging topics studied on criminology courses indispensable to students academics and professionals alike 43 chapters written by over 85 leading academics exploring relevant theory cutting edge research policy developments and current debates encouraging students to appreciate the diverse and interdisciplinary nature of criminological discourse Includes detailed references to aid further research Chapters updated to reflect recent cases statistics and scholarship as well as significant current events such as Covid 19 and social justice movements New chapters added presenting research on topical issues including victimology hate crime desistance cybercrime atrocity crimes convict criminology security and smart cities prison abolitionism comparative criminology sex offending and network criminology Digital formats and resources The seventh edition is available for students and institutions to purchase in a variety of formats and is supported by online resources The e book offers a mobile experience and convenient access along with functionality tools navigation features and links that offer extra learning support www.oxfordtextbooks.co.uk/ebooks The accompanying online resources include essay questions and links to useful websites for each chapter along with guidance on answering essay questions and access to chapters from previous editions [America's Death Penalty](#) David Garland, Randall

McGowen, Michael Meranze, 2011-01-25 Over the past three decades the United States has embraced the death penalty with tenacious enthusiasm While most of those countries whose legal systems and cultures are normally compared to the United States have abolished capital punishment the United States continues to employ this ultimate tool of punishment The death penalty has achieved an unparalleled prominence in our public life and left an indelible imprint on our politics and culture It has also provoked intense scholarly debate much of it devoted to explaining the roots of American exceptionalism America's Death Penalty takes a different approach to the issue by examining the historical and theoretical assumptions that have underpinned the discussion of capital punishment in the United States today At various times the death penalty has been portrayed as an anachronism an inheritance or an innovation with little reflection on the consequences that flow from the choice of words This volume represents an effort to restore the sense of capital punishment as a question caught up in history Edited by leading scholars of crime and justice these original essays pursue different strategies for unsettling the usual terms of the debate In particular the authors use comparative and historical investigations of both Europe and America in order to cast fresh light on familiar questions about the meaning of capital punishment This volume is essential reading for understanding the death penalty in America Contributors David Garland Douglas Hay Randall McGowen Michael Meranze Rebecca McLennan and Jonathan Simon **Hegemonic Individualism and Subversive Stories in Capital Mitigation**

Ross Kleinstuber, 2016-04-22 Capital punishment policies in the USA are almost always justified by an individualistic belief in either rational choice or dispositional attribution which justifies the death penalty either as a deterrent or for retributive or

incapacitative purposes This book takes an in depth look at the mitigation process and the use of individualism in the capital sentencing process The work examines the use of individualistic hegemonic and contextualizing subversive discourses in the mitigation cases presented by capital defense attorneys and experts from trials in Delaware and how these discourses were understood interpreted and utilized by jurors who served on those trials and by the judges who imposed the final sentences This in depth sociological examination of the use of individualizing and contextualizing accounts throughout the entire mitigation process helps to illuminate the challenges involved in structuring a death penalty that is not arbitrary in a culture that is overwhelmed by individualizing discourses and thus struggles to account for the entrenched racial and economic inequality that is so conducive to lethal violence In conclusion it questions the entire premise of the Supreme Court s jurisprudence of death which rests on a belief that the discretion of decision makers can be guided in a way that accounts for contextualizing evidence and will reduce the death penalty s arbitrary and discriminatory application **The Ex Post Facto**

Clause Wayne A. Logan,2022 The Ex Post Facto Clause one of the few civil liberty protections found in the body of the US Constitution reflects the Framers acute concern over the tendency of legislatures to enact burdensome retroactive laws targeting unpopular individuals In The Ex Post Facto Clause Wayne A Logan provides the first book length examination of the history of the Clause and its potential for tempering the punitive impulses of modern American legislatures Drawing on Framing Era history seminal Supreme Court decisions and the global embrace of the values underlying the Ex Post Facto Clause Logan provides a blueprint for how the Clause can play a reinvigorated and more robust role in guarding against the penal populism besetting modern American legislatures **Borders, Mobility and Technologies of Control** Sharon

Pickering,Leanne Weber,2006-09-08 Territorial borders are taking on a new significance the implications of which are relatively unexplored within the discipline of criminology This book presents the first systematic attempt to develop a critical criminology of the border and offers a unique treatment of the impact of globalisation and mobility It focuses on borders and the significance of the activities which take place on and around them For many the border is an everyday reality a space in which to live a land necessary to cross For states the border space increasingly requires protection and defence is at the centre of state ideology and performance is the site for investing significant political and material resources and is ultimately ungovernable Providing a wealth of case material from Australia Europe and North America it is for students academics and practitioners working in the areas of criminology migration human geography international law and politics globalisation sociology and cultural anthropology Borders Mobility and Technologies of Control provides a model of criminological inquiry that is global in scope constructionist in vision and capable of combining the insights of dialogic and political economic analyses into a holistic understanding of the growing conflict between nation states and multitudes This book is an important new step forward for all those who approach criminology not as an adjunct to state control but as sociological inquiry in pursuit of human justice Dr Raymond Michalowski Arizona Regents Professor Northern Arizona University USA Borders

mobility and technologies of control is a radical exploration of new terrain in transnational and comparative criminology Crossing disciplinary boundaries this collection charts new forms of transgression and control in the borderlands raising new theoretical questions and topics for research Ben Bowling Professor of Criminology Criminal Justice King s College London

Bad Kids Barry C. Feld,1999-03-18 Written by a leading scholar of juvenile justice this book examines the social and legal changes that have transformed the juvenile court in the last three decades from a nominally rehabilitative welfare agency into a scaled down criminal court for young offenders It explores the complex relationship between race and youth crime to explain both the Supreme Court decisions to provide delinquents with procedural justice and the more recent political impetus to get tough on young offenders This provocative book will be necessary reading for criminal and juvenile justice scholars sociologists legislators and juvenile justice personnel *Punishing Schools* William Lyons,Julie Drew,2006-03-08

How a zero tolerance political culture impacts America s students Structural Injustice and the Law Virginia Mantouvalou,Jonathan Wolff,2024-10-15 In developing her conception of structural injustice Iris Marion Young made a strict distinction between large scale collective injustice that results from the normal functions of a society and the more familiar concepts of individual wrong and deliberate state repression Her ideas have attracted considerable attention in political philosophy but legal theorists have been slower to consider the relation between structural injustice and legal analysis While some forms of vulnerability to structural injustice can be the unintended consequences of legal rules the law also has potential instruments to alleviate some forms of structural injustice *Structural Injustice and the Law* presents theoretical approaches and concrete examples to show how the concept of structural injustice can aid legal analysis and how legal reform can in practice reduce or even eliminate some forms of structural injustice A group of outstanding law and political philosophy scholars discuss a comprehensive range of interdisciplinary topics including the notion of domination equality and human rights law legal status sweatshop labour labour law criminal justice domestic homicide reviews begging homelessness regulatory public bodies and the films of Ken Loach Drawn together they build an invaluable resource for legal theorists exploring how to make use of the concept of structural injustice and for political philosophers looking for a nuanced account of the law s role both in creating and mitigating structural injustice Studies in Law, Politics, and Society Austin

Sarat,2009-05-21 Contains a Special Issue on crime and criminal justice This title brings together the work of scholars whose work usefully illuminates central questions in about how we define and process those who violate the criminal law and about the technologies of policing and punishment *Changing Attitudes to Punishment* Julian Roberts,Mike Hough,2013-01-11

Throughout the western world public opinion has played an important role in shaping criminal justice policy At the same time opinion polls repeatedly demonstrate that the public knows little about crime and justice and holds negative views of the criminal justice system This book consisting of chapters from leading authorities in the field is concerned to address this problem and draws upon research in a number of different countries to address the issues arising from this state of affairs Its

main aims are to explore the changing and evolving nature of public attitudes to sentencing to examine the factors that influence public opinion and to bring together recent international research which has demonstrated ways in which public attitudes can be changed to propose specific strategies to respond to the crisis in public confidence in criminal justice

Cities in Federal Constitutional Theory Erika Arban, 2022 Cities in Federal Constitutional Theory seeks to offer a fresh theoretical account of cities as federalism subjects exploring the increased importance of cities in recent decades from political economic socio cultural and demographic perspectives

A Research Agenda for Geographies of Slow Violence Shannon O'Lear, 2021-06-25 This timely Research Agenda highlights how slow violence unlike other forms of conflict and direct physical violence is difficult to see and measure It explores ways in which geographers study analyze and draw attention to forms of harm and violence that have often not been at the forefront of public awareness including slow violence affecting children women Indigenous peoples and the environment

Understanding Public Attitudes to Criminal Justice Mike Hough, Julian Roberts, 2005-11-16 Which factors shape public opinion of criminal justice How do the views of the public influence criminal justice policy and practice This book provides an introduction to public attitudes towards criminal justice It explores the public's lack of confidence in criminal justice processes and summarizes findings on public attitudes towards the three principal components of the criminal process the police the courts and the prison system It examines the importance that people attach to different criminal justice functions such as preventing crime prosecuting and punishing offenders and protecting the public Topics include Youth justice and public opinion Public perception of restorative justice Penal populism and media treatment of crime The reliability of public opinion polls The drivers of public opinion

Understanding Public Attitudes to Criminal Justice provides an international perspective on the issues surrounding criminal justice and public opinion drawing on research from the UK the United States and Canada and a range of other countries including South Africa Australia and New Zealand Key reading for students in criminology criminal justice and media studies this book is also of value to researchers and those with an interest in crime and the media

Breaching the Civil Order Jeffrey C. Alexander, Trevor Stack, Farhad Khosrokhavar, 2020 A global approach to developing a theory of radicalism drawing on a series of striking case studies by leading scholars

The SAGE Handbook of Punishment and Society Jonathan Simon, Richard Sparks, 2012-09-18 The project of interpreting contemporary forms of punishment means exploring the social political economic and historical conditions in the society in which those forms arise The SAGE Handbook of Punishment and Society draws together this disparate and expansive field of punishment and society into one compelling new volume Headed by two of the leading scholars in the field Jonathan Simon and Richard Sparks have crafted a comprehensive and definitive resource that illuminates some of the key themes in this complex area from historical and prospective issues to penal trends and related contributions through theory literature and philosophy Incorporating a stellar and international line up of contributors the book addresses issues such as capital punishment the civilising process gender diversity inequality power

human rights and neoliberalism This engaging vibrantly written collection will be captivating reading for academics and researchers in criminology penology criminal justice sociology cultural studies philosophy and politics **Towards a Victimology of State Crime** Dawn Rothe,David Kauzlarich,2016-05-13 State crime victimization often leaves a legacy of unrecognized victims that are ignored forgotten or negated the right to be labeled as such Victims are often glossed over as the focus is on a state s actions or inactions rather than the subsequent victimization and victims Towards a Victimology of State Crime serves to highlight the forgotten victims processes and cases of revictimization within a sociological criminological framework Contributors include expert scholars of state crime and victimology from North America Europe Africa and Latin America to provide a well rounded focus that can address and penetrate the issues of victims of state crime This includes a diverse number of case study examples of victims of state crime and the systems of control that facilitate or impede addressing the needs of victims Additionally with the inclusion of a section on controls this volume taps into an area that is often overlooked the international level of social control in relation to a victimology of state criminality

Making Crime Pay Law And Order In Contemporary American Politics Introduction

In the digital age, access to information has become easier than ever before. The ability to download Making Crime Pay Law And Order In Contemporary American Politics has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Making Crime Pay Law And Order In Contemporary American Politics has opened up a world of possibilities. Downloading Making Crime Pay Law And Order In Contemporary American Politics provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Making Crime Pay Law And Order In Contemporary American Politics has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Making Crime Pay Law And Order In Contemporary American Politics. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Making Crime Pay Law And Order In Contemporary American Politics. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Making Crime Pay Law And Order In Contemporary American Politics, users should also consider the potential

security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Making Crime Pay Law And Order In Contemporary American Politics has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Making Crime Pay Law And Order In Contemporary American Politics Books
