## **Making Of Malcolm Lowry's Under The Volcano:**

The Making of Malcolm Lowry's Under the Volcano Frederick Asals, 1997 Ten years in the making Under the Volcano is the best known work of writer Malcolm Lowry Published first in 1947 it is a brilliant moving and complex novel perhaps the last fictional masterpiece to emerge from the modernist movement As the years went by Lowry's obsessive rewriting took him further and further into his book which changed relatively little in the outer semblance of action and main characters but became utterly transformed in texture from the thin and mediocre version of 1940 to the rich tapestry of 1947 The numerous manuscripts allow a look at the processes by which Lowry created not only his masterwork but also his own reputation as a modernist genius This study offers an extended examination of individual drafts as the novel slowly developed and in a final chapter an appraisal of the implications of Lowry's revisions for the book as published an appraisal that suggests bases for new readings of Under the Volcano

**The Bloomsbury Handbook of Modernist Archives** Jamie Callison, Matthew Feldman, Anna Svendsen, Erik Tønning, 2024-06-13 Providing a broad definitive account of how the archival turn in humanities scholarship has shaped modernist studies this book also functions as an ongoing practitioner's toolkit including useful bibliographical resources and a guide to avenues for future work Archival work in modernist studies has revolutionised the discipline in the past two decades fuelled by innovative and ambitious scholarly editing projects and a growing interest in fresh types of archival sources and evidence that can re-contextualise modernist writing Several theoretical trends have prompted this development including the focus on compositional process within genetic manuscript studies the emphasis on book history little magazines and wider publishing contexts and the emphasis on new material evidence and global and non-canonical authors and networks within the New Modernist Studies This book provides a guide to the variety of new archival research that will point to fresh avenues and connect the methodologies and resources being developed across modernist studies Offering a variety of single author case studies on recent archival developments and editing projects including Samuel Beckett Hart Crane H D James Joyce Dorothy Richardson May Sinclair and Virginia Woolf it also offers a range of thematic essays that examine an array of underused sources as well as the challenges facing archival researchers of modernism

Shaffer, 2008-04-15 A Companion to the British and Irish Novel 1945 2000 serves as an extended introduction and reference guide to the British and Irish novel between the close of World War II and the turn of the millennium Covers a wide range of authors from Samuel Beckett to Salman Rushdie Provides readings of key novels including Graham Greene's Heart of the Matter Jean Rhys's Wide Sargasso Sea and Kazuo Ishiguro's The Remains of the Day Considers particular subgenres such as the feminist novel and the postcolonial novel Discusses overarching cultural political and literary trends such as screen adaptations and the literary prize phenomenon Gives readers a sense of the richness and diversity of the novel during this period and of the vitality with which it continues to be discussed

**Malcolm Lowry's Poetics of Space** Richard J. Lane, Miguel Mota, 2016-10-18 This

collection focuses on Lowry's spatial dynamics from the psychogeography of the Letterist and the Situationist International through musical forms especially jazz cinema photography and spatial poetic writing to the spaces of exception bio politics and the creaturely It presents previously unpublished essays by both established and new international Lowry scholars as well as innovative ways of conceiving of his aesthetic practice In each of the book's three sections critics engage in the notion of Lowry as a multi media artist who influenced and was deeply influenced by a broad range of modernist and early postmodernist aesthetic practices Acutely aware of and engaged in the world of film sensitive to the role of the graphical surface in advertising and propaganda and deeply immersed in a vast range of literary traditions and the avant garde Lowry worked within an intertextual space that is also a mediascape one which tends to transgress or at least exceed neatly controlled borders or aesthetic boundaries These new approaches to Lowry's life and work which make use of new and recent theoretical perspectives will encourage fresh debate around Lowry's writing Published in English

**Wandering through Guilt** Paola Di Gennaro, 2015-06-18 The first comprehensive study on the pattern of guilt and wandering in literature this book examines the relationship between the two complex concepts as they appear in twentieth century novels positing its methodological premises on archetypal criticism and both close and distant reading but also drawing on psychology anthropology mythology and religion This research deciphers a common paradigm and literary representation whose archetype within Western literature is found in the biblical figure of Cain while presenting a critical framework valid for boundary crossing comparative approaches From Graham Greene's *The Power and the Glory* and Malcolm Lowry's *Under the Volcano* to Wolfgang Koeppen's *Death in Rome* and Oka Sh-hei's *Fires on the Plain* this book is not merely a thematic study but an analysis of the literary phenomena that appear in those novels where the sense of guilt is controversially subjective or so collective as to be perceived as universal as is often the case with war and postwar literature Di Gennaro goes beyond the analysis of explicit rewritings of the story of Cain in order to uncover the monomyth through its rhetorical structures and mythical methods The wasteland with no religion the lost abandoned garden the classical and religiously corrupted city and the tropical cannibalistic island at war are the respective settings of these narratives where the issue is neither homelessness nor journeying but rather the desperate and futile movement toward self consciousness or self destruction After the Second World War much was silenced rather than left unsaid This study retraces those silent cries over history through the powerful literary marks of myths

**Oedipus Against Freud** Bradley W. Buchanan, 2010-01-01 Sigmund Freud's interpretation of the Oedipus myth that subconsciously every man wants to kill his father in order to obtain his mother's undivided attention is widely known Arguing that the pervasiveness of Freud's ideas has unduly influenced scholars studying the works of Modernist writers Bradley W Buchanan re-examines the Oedipal narratives of authors such as D H Lawrence T S Eliot W B Yeats Virginia Woolf and James Joyce in order to explore their conflicted attitudes towards the humanism that underpins Freud's views In the alternatives to the Freudian version of Oedipus offered by twentieth century

authors Buchanan finds a complex examination of the limits of human understanding Following the analyses of philosophers such as G W F Hegel and Frederick Nietzsche and anticipating critiques by writers such as Jacques Derrida and Gilles Deleuze British Modernists saw Oedipus as representative of the embattled humanist project Closing with the concept of posthumanism as explored by authors such as Zadie Smith Oedipus Against Freud demonstrates the lasting significance of the Oedipus story     Incomparable Empires Gayle Rogers,2016-11-01 The Spanish American War of 1898 seems to mark a turning point in both geopolitical and literary histories The victorious American empire ascended and began its cultural domination of the globe in the twentieth century while the once mighty Spanish empire declined and became a minor state in the world republic of letters But what if this narrative relies on several faulty assumptions and what if key modernist figures in both America and Spain radically rewrote these histories at a foundational moment of modern literary studies Following networks of American and Spanish writers translators and movements Gayle Rogers uncovers the arguments that forged the politics and aesthetics of modernism He revisits the role of empire from its institutions to its cognitive effects in shaping a nation s literature and culture Ranging from universities to comparative practices from Ezra Pound s failed ambitions as a Hispanist to Juan Ram n Jim nez s multilingual maps of modernismo Rogers illuminates modernists profound engagements with the formative dynamics of exceptionalist American and Spanish literary studies He reads the provocative often counterintuitive arguments of John Dos Passos who held that American literature could only flourish if the expanding U S empire collapsed like Spain s did And he also details both a controversial theorization of a Harlem Havana Madrid nexus for black modernist writing and Ernest Hemingway s unorthodox development of a version of cubist Spanglish in For Whom the Bell Tolls Bringing together revisionary literary historiography and rich textual analyses Rogers offers a striking account of why foreign literatures mattered so much to two dramatically changing countries at a pivotal moment in history

*Translocated Modernisms* Emily Ballantyne, Marta Dvořák, Dean Irvine, 2016-10-04 *Translocated Modernisms* is a collection of ten chapters partitioned into sections and framed by an introduction by the editors and a coda by Kit Dobson which is interested in those who thronged to the vibrant streets caf s and salons of Montparnasse those who stayed such as Brion Gysin and Mavis Gallant those who returned home such as Morley Callaghan John Glassco David Silverberg and Sheila Watson and those who galvanized local cultural practices by appropriating and translating them from elsewhere While for some Paris becomes a permanent home for others it is simply a temporary excursion which can last for months or for many years The collection opens up the Lost Generation to include multiple generations and broadens its ambit to encompass modernist writers placed under erasure by dominant narratives of Anglo American modernism Instead of limiting the category to a single group based on a collective identity this volume considers lost generations as a particular type of modernist identity attributable to multiple and disparate collectivities These lost generations include those excluded from canonical narrativizations of expatriate modernisms among which we spy the glimmer of other modernists living in the shadows of luminaries long recognized in the Anglo American tradition

*English Novel Explication* Peter L. Abernethy, 1976

*The Recovering* Leslie Jamison, 2018-04-03 From the New York Times bestselling author of *The Empathy Exams* comes this transformative work showing that sometimes the recovery is more gripping than the addiction With its deeply personal and seamless blend of memoir cultural history literary criticism and reportage *The Recovering* turns our understanding of the traditional addiction narrative on its head demonstrating that the story of recovery can be every bit as electrifying as the train wreck itself Leslie Jamison deftly excavates the stories we tell about addiction both her own and

others and examines what we want these stories to do and what happens when they fail us All the while she offers a fascinating look at the larger history of the recovery movement and at the complicated bearing that race and class have on our understanding of who is criminal and who is ill At the heart of the book is Jamison s ongoing conversation with literary and artistic geniuses whose lives and works were shaped by alcoholism and substance dependence including John Berryman Jean Rhys Billie Holiday Raymond Carver Denis Johnson and David Foster Wallace as well as brilliant lesser known figures such as George Cain lost to obscurity but newly illuminated here Through its unvarnished relation of Jamison s own ordeals *The Recovering* also becomes a book about a different kind of dependency the way our desires can make us all as she puts it broken spigots of need It s about the particular loneliness of the human experience the craving for love that both devours us and shapes who we are For her striking language and piercing observations Jamison has been compared to such iconic writers as Joan Didion and Susan Sontag yet her utterly singular voice also offers something new With enormous empathy and wisdom Jamison has given us nothing less than the story of addiction and recovery in America writ large a definitive and revelatory account that will resonate for years to come

**The Wreath of Wild Olive** Mihai I. Spariosu,1997-04-24 Mihai Spariosu s book strikingly intervenes in the debate raging among the various oppositional and hegemonic discourses by advancing a new philosophy that transcends the currently prevailing agonistic mentality He develops a ludic irenic view intended to exceed both a voluntaristic and rationalist mode of thought thereby convincingly opposing the all pervading mentality of power in a world marked by difference scapegoating and strife between various social ethnic racial and sexual factions The ludic irenic stance basically derived from the playfulness of literature produces alternative mentalities and alternative worlds which promote a responsive understanding of what there is thus bringing to bear a healing influence within the human community in which power and difference will cease to be ultimates What Spariosu puts forward and demonstrates by means of a stupendous erudition is no less than a total reorientation of cultural criticism that is bound to have its impact on the course cultural studies will take

**John Huston** Tony Tracy,Roddy Flynn,2014-01-10 Years after his death American filmmaker John Huston 1906 1987 remains an enigmatic and compelling figure This wide ranging collection of new essays encompasses a variety of topics relating to Huston s lifestyle political activities and cinematic legacy Fresh analyses of such films as *Key Largo* *The Asphalt Jungle* *The African Queen* *The Misfits* and *Prizzi s Honor* are included along with insightful studies of Huston s oft overlooked literary adaptations In *This Our Life* *Moby Dick* and *A Walk With Love and Death* Also evaluated are Huston s controversial World War II documentary *Let There Be Light* and two a clef portraits of the real Huston in the films *The Way We Were* and *White Hunter Black Heart* Bookending these essays are revealing interviews with John s actress daughter Angelica Huston and film producer Wieland Schultz Keil

*An Historical Syntax of the English Language* F.Th. Visser,2023-05-08 Frederik Theodor Visser s *An Historical Syntax of the English Language* published in four massive volumes between 1963 and 1973 is certainly one of the cornerstones of research in English linguistics Visser s

achievements can hardly be overestimated Before the advent of modern corpus linguistics he compiled a remarkable wealth of detailed philological data from all periods of English and combined this with current grammatical analyses of his time This has made this publications an indispensable resource for anyone investigating the history of English syntax This reproduction of Visser s volumes is more than welcome and timely as the volumes have been out of print for quite some time and were sometimes a little bit difficult to navigate Having a searchable and easy to use online version although maybe not perfect available now means a revival for scholarship that celebrates its fiftieth birthday without losing any of its relevance

*The Limits of Theory* Thomas M. Kavanagh,1989 This collection of eight essays by some of today s most innovative and seminal thinkers argues that there is a limit beyond which the enterprise of literary theory becomes something different from what it presents itself as being These writers ask in different ways how theory functions and how it might preserve within its own practices and effects the freedom of reading the presence of the real and the challenge of a voice speaking outside the rhetorics of mastery

**Absalom, Absalom!** William Faulkner,2022-08-01 William Faulkner s *Absalom Absalom* is a multi layered narrative that intricately weaves themes of Southern identity historical memory and the complexities of family ties Set in the antebellum South the novel employs a stream of consciousness style and fragmentary structure compelling the reader to piece together the fragmented accounts of Thomas Sutpen s tragic life through various narrators Faulkner s rich lyrical prose complements the novel s intricate exploration of race ambition and the haunting legacy of the past echoing the disjointed and often painful fabric of Southern history William Faulkner a Nobel Prize winning author was deeply influenced by his Southern roots and the social dynamics of Mississippi where he spent most of his life His experiences growing up in a region marked by racial tensions and economic upheaval shaped his literary voice and thematic interests Faulkner s own family history rife with tragedy and complexity provides a poignant context for *Absalom Absalom* as he delves into the personal and collective struggles of the Southern community This remarkable work is essential reading for anyone interested in American literature history and the intricate mechanisms of storytelling Faulkner s incisive exploration of personal and societal legacies will resonate with readers who seek to understand the tangled roots of identity and human experience in the South
