John-Paul Himka

Meletij Smotryckyj:

Meletij Smotryc'kyj David A. Frick,1995 Meletij Smotryc kyj was one of the outstanding figures in the great flourishing of Orthodox spirituality that occurred in the late sixteenth and early seventeenth century in response to the challenge posed first by Polish heterodox religious movements and later by the Polish Counter Reformation His biography reflects the tensions and contradictions that characterized his nation the Ruthenians the Orthodox Christians of the Polish Lithuanian Commonwealth Ruthenian patriots were torn between various allegiances to nation church and traditions Thus in Smotryc kyj s life we witness one of the later acts in the drama of the European Age of Reform all the more important because for the first time the Reformation and Counter Reformation came into direct daily contact with the Byzantine world of Orthodox Slavdom David Frick s biography the first major English language work on Smotryc kyj examines the ways in which established cultures were altered by cross cultural understandings and misunderstandings resulting from the confrontation and mutual adaptation of two or more diverse cultures This study which has affinities with the microhistorical approach seeks to reconstruct details in the lives of individuals and pays special attention to the ways in which individual world views conflicted with each other and with various higher authorities Meletij Smotryc kyj will be of interest to scholars and students of Ukraine Belarus Poland Lithuania and those researching the history of the Uniate Orthodox and Roman Catholic Churches in Eastern Europe Harvard Ukrainian Studies ,2007 The Origins of the Slavic Nations Serhii Plokhy,2006-09-07 This book documents developments in the countries of eastern Europe including the rise of authoritarian tendencies in Russia and Belarus as well as the victory of the democratic Orange Revolution in Ukraine and poses important questions about the origins of the East Slavic nations and the essential similarities or differences between their cultures It traces the origins of the modern Russian Ukrainian and Belarusian nations by focusing on pre modern forms of group identity among the Eastern Slavs It also challenges attempts to nationalize the Rus past on behalf of existing national projects laying the groundwork for understanding of the pre modern history of Russia Ukraine and Belarus The book covers the period from the Christianization of Kyivan Rus in the tenth century to the reign of Peter I and his eighteenth century successors by which time the idea of nationalism had begun to influence the thinking of East Slavic elites **Ukraine** Orest Subtelny,2009-11-10 In 1988 the first edition of Orest Subtelny s Ukraine was published to international acclaim as the definitive history of what was at that time a republic in the USSR In the years since the world has seen the dismantling of the Soviet bloc and the restoration of Ukraine s independence an event celebrated by Ukrainians around the world but which also heralded a time of tumultuous change for those in the homeland While previous updates brought readers up to the year 2000 this new fourth edition includes an overview of Ukraine s most recent history focusing on the dramatic political socio economic and cultural changes that occurred during the Kuchma and Yushchenko presidencies It analyzes political developments particularly the so called Orange Revolution and the institutional growth of the new state Subtelny examines Ukraine s entry into the era of

globalization looking at social and economic transformations regional ideological and linguistic tensions and describes the myriad challenges currently facing Ukrainian state and society

The Development of the Bulgarian Literary Language Ivan N. Petrov, 2021-03-19 Ivan N Petrov's *The Development of the Bulgarian Literary Language From Incunabula to First Grammars Late Fifteenth Early Seventeenth Century* examines the history of the first printed Cyrillic books and their role in the development of the Bulgarian literary language In the literary culture of the Southern Slavs especially the Bulgarians the period that began at the end of the fifteenth century and covered the sixteenth and seventeenth centuries is often seen as a foreshadowing of the pre national era of modern times In particular the centuries old manuscript tradition was gradually replaced by the Cyrillic printed book which after the incunabula of Krakow and Montenegro was published in such centers as T rgovi te Prague Venice Serbian monasteries Vilnius Moscow Zablud w Lviv Ostroh and many others Petrov shows how the study of old Slavic prints is closely linked to the processes that determined the emergence of modern literary languages in the Slavia Orthodoxa area including the influence of the liturgical Church Slavonic language shared by the Orthodox Slavs which was increasingly standardized and codified at that time The perspective of a language historian brings new light to the complex and multidimensional issues of this important transitional period of Slavic history and culture

A Companion to Multiconfessionalism in the Early Modern World Thomas Max Safley, 2011-06-09 This volume brings together recent scholarship on early modern multiconfessionalism that challenges accepted notions of reformation confessionalization and state building and suggests a new vision of religions state and society in early modern Europe

Last Judgment

Iconography in the Carpathians John-Paul Himka, 2018-10-11 Few subjects in Christianity have inspired artists as much as the last judgment Last Judgment Iconography in the Carpathians examines images of the last judgment from the fifteenth century to the present in the Carpathian mountain region of Ukraine Poland Slovakia and Romania as a way to consider history free from the traditional frameworks and narratives of nations Over ten years John Paul Himka studied last judgment images throughout the Carpathians and found a distinctive and transnational blending of Gothic Byzantine and Novgorodian art in the region Piecing together the story of how these images were produced and how they developed Himka traces their origins on linden boards and their evolution on canvas and church walls Tracing their origins with monks he follows these images increased popularity as they were commissioned by peasants and shepherds whose tastes so shocked bishops that they ordered the destruction of depictions of sexual themes and grotesque forms of torture A richly illustrated and detailed account of history through a style of art Last Judgment Iconography in the Carpathians will find a receptive audience with art historians religious scholars and slavists
