On The Wisdom Of Words:

1 Corinthians Mark Taylor, Mark Edward Taylor, 2014-04 A signature volume in the NIV based New American Commentary series New Testament professor Mark Taylor offers his exposition of the popular book of 1 Corinthians to give readers a deeper understanding of its content and context

Holy Word J. Arthur Baird, 2002-06-01 J Arthur Baird is the author of several important books in New Testament studies his best known perhaps being his *Audience Criticism and the Historical Jesus* At his untimely death he left a nearly complete manuscript now published here In this timely and relevant manuscript Baird offers first a critical introduction to the historical paradigm pointing out its limitations in terms of tracing the paradigm of New Testament formation He then traces this development himself beginning with the starting point of the Holy Word and noting its development through the context theological interpretation and application to its manifestation in the apostles schools and fathers He concludes with comments on its current implications This book represents the last and lasting final thoughts of a scholar who was very much devoted to the importance of the Holy Word

The Corinthian Letters of Paul G. Campbell Morgan, 2010-04-01 Known as the Prince of Expositors G Campbell Morgan is at his best in this exposition of Paul's letters to the Corinthians He makes these letters as timely and as applicable today as they were when written centuries ago His lucid style and detailed interpretation illuminate the whole text so that the Epistles become as fascinating to the lay reader as to the minister and Bible student In this volume Dr Morgan's sturdy faith stands out like a beacon and his instinctive insight and close scrutiny bring out all the force of Christianity's greatest apostle Here is a mine for preachers seeking new inspiration for their sermons and a handbook for Christian workers and laymen who wish to become better acquainted with the teachings of the Apostle Paul G Campbell Morgan is the author of more than seventy volumes each of which shows its readers why this scholar and preacher could move more people with sheer exposition than any of his contemporaries

Orgies of Words Filip Doroszewski, 2022-08-01 Nonnus Paraphrasis an epic rendition of the Fourth Gospel offers a highly sophisticated interpretation of the Johannine text An essential means to this end is extensive use of the imagery related to Greek and especially Dionysiac mysteries Doroszewski successfully challenges the once predominant view that the mystery terminology in the poem is nothing more than rhetorical ornament He convincingly argues for an important exegetical role Nonnus gives to the mystery terms On the one hand they refer to the Mystery of Christ Jesus introduces his followers into the new dimension of life and worship that enables them to commune with God This is portrayed as falling into Bacchic frenzy and being initiated into secret rites On the other hand the terminology has a polemical function too as Nonnus uses it to present the Judaic cult as bearing the hallmarks of pagan mysteries As the book discusses the Paraphrasis against the background of the mystery metaphor development in antiquity it serves as an excellent introduction to this key feature of the ancient mentality and will appeal to all interested in the culture of Imperial times especially in Early Christianity Patristics Neoplatonism and Late Antique poetry

□□□□) Daniel Perek,2022-03-02 This book is a temporary Volume IV in a four volume set on Messianic Judaism by scholar Daniel Perek It is an English translation of the Aramaic Peshitta New Testament and will soon be accompanied by a Hebrew translation of the same The goal of this New Testament is to put the Aramaic Peshitta text back into its cultural context as much as possible linguistically by transliterating Hebrew names and other words and looking more closely at the translation of certain words and concepts It is the author s contention that the Aramaic texts preceded the Greek NT texts and that this version will help readers see some of the reasons why Namely the use of the Name or in the Aramaic would not be so strategically used in an Aramaic translation from the Greek as it is in the Aramaic Peshitta texts so one can easily see the Name as it was used by Yeshua and His Talmidim Disciples Further the Name Yeshua the given human name of the Messiah is affirmed as Yeshua in the Aramaic Peshitta texts and is seen readily within this volume The Hebrew translation will be completed shortly offering the same and more to the Hebrew reader *Scatter 1* Geoffrey Bennington,2016-05-02 What if political rhetoric is unavoidable an irreducible part of politics itself In contrast to the familiar denunciations of political horse trading grandstanding and corporate manipulation from those lamenting the crisis in liberal democracy this book argues that the politics of politics usually associated with rhetoric and sophistry is like it or not part of politics from the start Denunciations of the sorry state of current politics draw on a dogmatism and moralism that share an essentially metaphysical and Platonic ground Failure to deconstruct that ground generates a philosophically and politically debilitating selfrighteousness that this book attempts to understand and undermine After a detailed analysis of Foucault s influential late concept of parrhesia which is shown to be both philosophically and politically insufficient close readings of Heidegger Kierkegaard and Derrida trace complex relations between sophistry rhetoric and philosophy truth and untruth decision madness and stupidity in an exploration of the possibility of developing an affirmative thinking of politics that is not mortgaged to the metaphysics of presence It is suggested that Heidegger s complex accounts of truth and decision must indeed be read in close conjunction with his notorious Nazi commitments but nevertheless contain essential insights that many strident responses to those commitments ignore or repress Those insights are here developed via an ambitious account of Derrida s often misunderstood interruption of teleology into a deconstructive retrieval of the concept of dignity This lucid and often witty account of a crucial set of developments in twentieth century thought prepares the way for a more general re reading of the possibilities of political philosophy that will be undertaken in Volume 2 of this work under the sign of an essential scatter that defines the political as such *The Oracles of God... Or the Words of Men?* Curtis Pillsbury,2010-11 Why don t people believe the Bible like they used to Do Christians themselves truly believe the Bible Is the Word part true part superstition Is it fair to claim that the Bible is superior to other sacred writings Curtis Pillsbury has encountered these controversial questions and more and has set out to answer them using biblical proof and personal experiences If you have ever questioned Christianity fear not Curtis himself has battled similar doubts and has spent over twenty years disproving the

myths You will never again wonder is the Bible The Oracles of God or the Words of Men In a day in which postmodernism and humanism seek to dissolve absolute truth Curtis Pillsbury has given us a tool to create a Christian worldview The Oracles of God or the Words of Men is a tool to combat New Age mumbo jumbo and establish God s Word as an anchor for transformation and productivity Curtis s work will help you wade through the minutia of philosophies combating real truth Read this book as a key to your freedom Ron McIntosh President of Ron McIntosh Ministries Executive Director of Victory Bible Institute The Oracles of God or the Words of Men will help secure for you a strong foundation in the Word of God and will strengthen your faith in the fact that God s Word is your final authority With this revelation you can stand in the midst of any trial or temptation This book will keep you in love with Jesus and his Word Terry Nance author of God s Armorbearers

[With a Portrait of the Editor.],1818 **1 Kings** John Woodhouse,2018-11-30 The book of 1 Kings outlines the rise and fall of ancient Israel through the stories of fourteen kings It is a book of great victories and devastating failures In its pages are violence betrayal power and politics But no matter how great the accomplishments or evil the deeds none of these kingdoms built by human kings could last John Woodhouse walks us through this book passage by passage as it reveals how God s purpose for the kings reaches far beyond what they could accomplish in their lifetimes Their lives are part of a greater story bearing witness about the King of kings Jesus Christ the Savior of the world building and strengthening our faith as we set our eyes on the kingdom that will last forever
