The Miracles of Jesus According to John Stephen S. Kim, 2010-07-08 In our age of theological relativism Jesus question to His own disciples continues to ring true Who do the people say that the Son of Man is Through Jesus seven miracles and His seven I Am sayings the apostle John provides a clear answer to that all important question Furthermore what do Jesus miracles represent Are they designed to point to something or someone In our supernatural crazed culture that affects even evangelical Christianity it is refreshing to be reminded that biblical miracles were never arbitrary but were always purposeful authenticating God's message and His messenger's In the Gospel of John the miracles of Jesus are both

Christological that is they highlight Jesus Person and eschatological that is they foreshadow the work the Messiah will do in His future Advent The miracles remind us that God s desire for every believer is first and foremost a spiritual relationship with Him through His Son Furthermore Jesus miracles also remind us that God s work in and for every believer will be fully and ultimately realized in the everlasting life

The Paul-Apollos Relationship and Paul's Stance toward Greco-Roman Rhetoric Corin Mihaila,2009-06-25 Research into the social and rhetorical background of the Corinthian church shows that the Corinthians were evaluating their leaders based on their rhetorical prowess seeking to associate with those who would enhance their status and honour The coherence of Paul s argument in 1 Corinthians 1 4 is evaluated particularly by showing how Paul s discourse of the cross and Sophia relate to the issue of the dissensions in the Corinthian ekklesia Once demonstrated that there is a misunderstanding of wisdom amongst church leaders at the basis of the dissensions a redefinition of the wisdom offered in Corinthians is required In what could be considered the locus of Paul s theology of proclamation i e 1 Corinthians 2 1 5 he rejects any employment of worldly wisdom in his proclamation of the cross for theological reasons and will not allow himself or other leaders to be drawn into this game of personality cult and honour enhancement Such conclusions then raise the question of the role played by Apollos name in Paul s argument against dissensions After a review of several possible views it is concluded based primarily on exegetical grounds and refusing to engage in hermeneutical speculations that Paul had a congenial relationship with Apollos If any distinction is drawn between the two it was solely the Corinthians fault who viewed their preachers in competitive rather than complementary terms

Unity of Corinthian Correspondence David R. Hall,2003-12-01 The thesis of this book is that 1 and 2 Corinthians are closely related that Paul faces the same opponents in both letters that the letter written with many tears referred to in 2 Corinthians is 1 Corinthians and that there is no need to posit an intermediate visit or letter between the two canonical letters Throughout the two letters Paul implements a consistent pastoral strategy and an understanding of this strategy explains the difference in tone between various sections of the two letters There is no need for theories of partition

Massekhet Keritot Federico Dal Bo, 2013 The tractate Keritot of the Babylonian Talmud belongs to the Order of Qodashim in the Mishnah It discusses the Temple and its rituals especially sacrifices but deals mostly with laws of incest sexual transgressions childbirth and miscarriages In this commentary Federico Dal Bo provides a historical philological and philosophical investigation on these gender issues He discusses almost the entire tractate

referring to many other sources Jewish the Dead Sea Scrolls the Sifra and other rabbinic texts as well as non Jewish Akkadian Hittite and Ugaritic The author also provides accurate philological observations both on the Mishnah and the Gemara Finally he addresses gender issues by combining a reductionistic approach to Talmudic study the so called Brisker method with philosophical deconstruction Dal Bo shows that in nearly the entire tractate Keritot the rabbis discuss human sexuality in a tendentious and restrictive way claiming that heterosexuality is the only proper sexual contact and progressively stigmatizing any other kind of sexual behavior

Ancient Jewish Prayers and Emotions Stefan C. Reif, Renate Egger-Wenzel, 2015-11-13 Given the recent interest in the emotions presupposed in early religious literature it has been thought useful to examine in this volume how the Jews and early Christians expressed their feelings within the prayers recorded in some of their literature Specialists in their fields from academic institutions around the world have analysed important texts relating to this overall theme and to what is revealed with regard to such diverse topics as relations with God exegesis education prophecy linguistic expression feminism happiness grief cult suicide non Jews Hellenism Qumran and Jerusalem The texts discussed are in Greek Hebrew and Aramaic and are important for a scientific understanding of how Rabbinic Judaism and Early Christianity developed their approaches to worship to the construction of their theology and to the feelings that lay behind their religious ideas and practices The articles contribute significantly to an historical understanding of how Jews maintained their earlier traditions but also came to terms with the ideology of the dominant Hellenistic culture that surrounded them
