Philosophical Traditions Today:

African-American Perspectives and Philosophical Traditions John Pittman, John P. Pittman, 1997 This collection of essays and reviews represents the most significant and comprehensive writing on Shakespeare's *A Comedy of Errors* Miola's edited work also features a comprehensive critical history coupled with a full bibliography and photographs of major productions of the play from around the world In the collection there are five previously unpublished essays The topics covered in these new essays are women in the play the play's debt to contemporary theater its critical and performance histories in Germany and Japan the metrical variety of the play and the distinctly modern perspective on the play as containing dark and disturbing elements To compliment these new essays the collection features significant scholarship and commentary on *The Comedy of Errors* that is published in obscure and difficultly accessible journals newspapers and other sources This collection brings together these essays for the first time

Early Analytic Philosophy and the German Philosophical Tradition Nikolay Milkov, 2020-02-20 This book investigates the emergence and development of early analytic philosophy and explicates the topics and concepts that were of interest to German and British philosophers Taking into consideration a range of authors including Leibniz Kant Hegel Fries Lotze Husserl Moore Russell and Wittgenstein Nikolay Milkov shows that the same puzzles and problems were of interest within both traditions Showing that the particular problems and concepts that exercised the early analytic philosophers logically connect with and in many cases hinge upon the thinking of German philosophers *Early Analytic Philosophy and the German Philosophical Tradition* introduces the Anglophone world to key concepts and thinkers within German philosophical tradition and provides a much needed revisionist historiography of early analytic philosophy In doing so this book shows that the issues that preoccupied the early analytic philosophy were familiar to the most renowned figures in the German philosophical tradition and addressed by them in profoundly original and enduringly significant ways

Confucius, Rawls, and the Sense of Justice Erin Cline, 2013 This work examines the role of a sense of justice in the ethical and political thought of Confucius and John Rawls and argues that a comparative study can help us to better understand each of their views and apply their insights

Europe: A Philosophical History, Part 1 Simon Glendinning, 2021-07-14 Europe is inseparable from its history That history has been extensively studied in terms of its political history its economic history its religious history its literary and cultural history and so on Could there be a distinctively philosophical history of Europe Not a history of philosophy in Europe but a history of Europe that focuses on what in its history and identity ties it to philosophy In the two volumes of Europe A Philosophical History The Promise of Modernity and Beyond Modernity Simon Glendinning takes up this question telling the story of Europe's history as a philosophical history In Part 1 The Promise of Modernity Glendinning examines the conception of Europe that links it to ideas of rational Enlightenment and modernity Tracking this self understanding as it unfolds in the writings of Kant Hegel and Marx Glendinning explores the transition in Europe from a conception of its modernity that was philosophical and religious to one which was philosophical and scientific While this transition profoundly altered Europe's own history Glendinning shows how its self confident core remained intact in this development But not for long This volume ends with an examination of the abrupt shattering of this confidence brought on by the first world wide war of European origin and the imminence of a second The promise of modernity was in ruins Nothing for Europe would ever be the same again Part 2 Beyond Modernity is available now from Routledge ISBN 9781032015828

Davidson's Philosophy and Chinese Philosophy Bo Mou, 2006-03-01 This volume investigates how through critical engagement the philosophy of Donald Davidson in the Western analytic tradition and some thoughts and strands in Chinese philosophy can jointly contribute to the common philosophical enterprise and shows how such comparative methodology of constructive engagement is important or even indispensable in general philosophical inquiry The anthology consists of 12 previously unpublished essays by experts in relevant areas of study which are organized into five parts respectively on conceptual schemes and cross cultural understanding the principle of charity rationality and normativity meaning and interpretation and truth concern and dao concern The anthology also includes the volume editor's theme introduction on how the constructive engagement of Davidson's philosophy and Chinese philosophy is possible Contributors include Stephen C Angle Chung ying Cheng Kim

Badiou and the German Tradition of Philosophy Jan Völker, 2019-02-07 The oeuvre of Alain Badiou has gained international success and recognition but most of the secondary literature focuses on internal problems of Badiou s philosophy rather than its position within a broader philosophical genealogy This book unites philosophers from Germany Slovenia the UK Australia and France to trace the relation between elements of Badiou s philosophy and the German philosophical tradition namely the three significant movements of German Idealism Phenomenology Marxism and the

Frankfurt School This is a discussion that has not yet been established although the parallels and decisive differences between poststructuralist French philosophy and German philosophy are apparent Through these paradigms Badiou's reception of German Idealism Marxism Adorno and the Critical Theory and Heideggerian phenomenology the authors shed light onto Badiou's inheritance of and engagement with these specific traditions but also highlight the links between these philosophies to open up new questions for contemporary continental thought With an original chapter from Alain Badiou himself looking back at his influences and antagonisms within the German tradition this book is essential for readers interested in the exploration of Badiou's legacy It illustrates the continuation of poststructuralist philosophy Critical Theory and the Frankfurt School assessing the place of classic continental philosophy to tackle how we might benefit from these intellectual exchanges today

Ethics and Time in the Philosophy of History Natan Elgabsi, Bennett Gilbert, 2023-01-12 This interdisciplinary volume connects the philosophy of history to moral philosophy with a unique focus on time Taking in a range of intellectual traditions cultural and geographical contexts the volume provides a rich tapestry of approaches to time morality culture and history By extending the philosophical discussion on the ethical importance of temporality the editors disentangle some of the disciplinary tensions between analytical and hermeneutic philosophy of history cultural theory meta ethical theory and normative ethics The ethical and existential character of temporality reveals itself within a collection that resists the methodological underpinnings of any one philosophical school The book's distinctive cross cultural approach ensures a wide range of perspectives with contributions on life and death in Japanese philosophy ethics and time in Maori philosophy non traditional temporalities and philosophical anthropology as well as global approaches to ethics These new directions of study highlight the importance of the ethical in the temporal inviting further points of departure in this burgeoning field

Contemporary Continental Philosophy Robert D'amico, 2018-02-12 This book shows how the continental philosophical tradition developed in the twentieth century in a philosophically distinct manner It focuses on the central philosophical ideas specifically the core issues in epistemology and ontology that constitute this tradition or approach as distinct

Science Meets Philosophy Hans Christian Garmann Johnsen, 2023-04-26 The book is an attempt to bring together what are often seen as incommensurable scientific and philosophical positions Its core argument is that a main reason for the divisions about what constitutes scientific knowledge relates to disagreements on philosophical issues The book explores what these disagreements are about and discusses whether they can be overcome Taking a historical perspective the book traces the divides in science back to three main philosophical traditions realism idealism and scepticism It maps how these have inspired three main current positions in science logical empiricism phenomenology and sociology of scientific knowledge The book is intended for a general audience concerned with today's debates on scientific knowledge and society It will be useful for students and researchers studying philosophy of science sociology of scientific knowledge realism phenomenology positivism logical empiricism analytical philosophy and sustainable scientific knowledge
