Philosophies Of Reference Service:

Philosophies of Reference Service Celia Hales-Mabry, 1997 In *Philosophies of Reference Service* reference librarians share with you their reflective thinking about what they do as service providers An important addition to the personal and occupational library of anyone in reference services this book discusses the origins of reference service its founding principles the pleasures and pitfalls of the reference encounter delivering high quality service and much much more In a clever juxtaposition of the fundamentals of reference service provision with top notch thinking about the role of the reference librarian and what makes a reference unit effective *Philosophies of Reference Service* advocates for continuing familiarity with books in the reference section recognizing the diversity of service users and using collegiality in the work environment to boost productivity It discusses why reference service should move toward instructing people in mediums not systems as well as achieving consistency in reference service through shared values the concept of tiered reference services based on survey research the little discussed art of reference desk scheduling the importance of knowing your user and making appropriate accommodations partnerships in reference services techniques for conducting reference roving the advantages of print fostering widely grounded research through reference service why reference librarians share with the corporate world many of the same desired outcomes with regard to service provision Designed to assist readers in defining and developing their own approaches to reference service delivery *Philosophies of Reference Service* offers reference librarians insight practical knowledge and guidelines for keeping on top of new reference techniques establishing a partnership between the library and the user population and maximizing the helpful nature of reference service

Philosophies of Reference Service , 1996 Reference and Information Services Melissa A. Wong, Laura Saunders, 2020-05-04 This revised and updated sixth edition of *Reference and Information Services* continues the book's rich tradition covering all phases of reference and information services with less emphasis on print and more emphasis on strategies and scenarios *Reference and Information Services* is the go to textbook for MSLIS and i School courses on reference services and related topics It is also a helpful handbook for practitioners Authors include LIS faculty and professionals who have relevant degrees in their areas and who have published extensively on their topics The first half of the book provides an overview of reference services and techniques for service provision including the reference interview ethics instruction reader's advisory and services to diverse populations including children This part of the book establishes a foundation of knowledge on reference service and frames each topic with ethical and social justice perspectives The second part of the book offers an overview of the information life cycle and dissemination of information followed by an in depth examination of information sources by type including dictionaries encyclopedias indexes and abstracts as well as by broad subject areas including government statistics and data health and legal information This second section introduces the tools and resources that reference professionals use to provide the services described in the first half of the text

Library Reference Services and Information Literacy:

Models for Academic Institutions Cordell, Rosanne M., 2013-06-30 As classrooms and universities strive to adapt their instructional methods to an ever progressing technological age it is imperative that academic libraries also revisit the ways in which reference and instruction services are organized and implemented Library Reference Services and Information Literacy Models for Academic Institutions not only advocates for a more intentional integration of reference and instructional services but it also provides organizational background staff objectives and various successes and challenges that have already been experienced by real institutions This publication is an important reference source for librarians practitioners and university leaders who wish to maximize the current utilization of their resources

Digital reference services in academic libraries Wan Ab Kadir Wan Dollah, 2012 Digital Reference Services in Academic Libraries presents the background of DRS evolution of DRS the concept of DRS emerging models of DRS benefits and limitation of DRS personalized services trends and challenges technological developments evaluation and guidelines effectiveness and DRS in academic libraries The case study examined the existing status of digital reference services DRS in four selected public academic libraries in Malaysia Focused is given on the awareness usage users perception users satisfaction library s performance and looked at the perceived needs issues and problems faced by librarians and students The study is important to determine how academic librarians are exploiting the latest information and communication technologies to improve reference service operations Recommendations are made on the need for the implementation of synchronous DRS enhancing the role of DRS marketing and promotion staff training user education programmes and cooperation The main contribution of this book is the assessment of effectiveness of DRS in academic libraries in Malaysia the identification of perceived needs issues and problems and suggestions on the areas of improvement in the use of DRS In the process a conceptual model for the effectiveness of the implementation of DRS in academic libraries in Malaysia is presented The author also proposes directions for future research in the area of DRS

Library Users and Reference Services Linda S Katz, 2013-05-13 This useful book helps reference librarians understand the information seeking needs and behaviors of the diverse groups of people in the communities they serve With the increasing diversity of the American population librarians striving to plan and deliver excellent reference services must enhance their understanding of how best to assist many types of individuals and groups from children to the elderly Library Users and Reference Services provides much needed help in this area delivering strategies and methods to aid readers in their quest for increasingly effective service for all members of the communities in which they work Library Users and Reference Services is divided into four sections of chapters which cover a broad range of topics to assist readers in planning and delivering appropriate services Section One explores customer service economics of information and marketing as key concepts useful in studying information needs of specific groups in the population Section Two focuses on scholars and students in three broad academic disciplines science humanities and social sciences Section Three covers groups with special characteristics such as age economic standing gender or profession Section Four discusses

evaluation and provides guidance in the use of the most widely accepted measures for assessing reference effectiveness The book s final chapter explores redesigning reference services for the future providing a glimpse of how such services may change Library Users and Reference Services is a practical guide to help readers understand the many issues related to serving diverse populations in a community Reference librarians and graduate library school students and faculty will learn more effective ways to help a heterogeneous public with the help of this new book

Reference and Information Services Richard E. Bopp,Linda C. Smith,2011-05-23 Reflecting the dramatic changes shaped by rapidly developing technologies over the past six years this new fourth edition of Reference and Information Services takes the introduction to reference sources and services significantly beyond the content of the first three editions In Part I Concepts and Processes chapters have been revised and updated to reflect new ideas and methods in the provision of reference service in an era when many users have access to the Web In Part II Information Sources and Their Use discussion of each source type has been updated to encompass key resources in print and on the Web where an increasing number of freely available sources join those purchased or licensed by libraries A number of new authors are contributors to this new edition bringing to their chapters their experience as teachers of reference and as practitioners in different types of libraries Discussions of services in Part I integrate digital reference as appropriate to each topic such as how to conduct a reference interview online using instant messaging Boxes interspersed in the text are used to present scenarios for discussion to highlight key concepts or to present excerpts from important documents Discussions of sources in Part II place more emphasis on designing effective search strategies using both print and digital resources The chapter on selection and evaluation of sources addresses the changing nature of reference collections and how to evaluate new types of sources Each chapter concludes with an updated list of additional readings to guide further study A new companion website will provide links to Web accessible readings and resources as well as additional scenarios for discussion and example search strategies to supplement those presented in the text
