Marxian Economics David F. Ruccio,2022-07-21 More and more people have turned to Marxian economics in recent years But isn t it a defunct branch of the dismal science disproven by the experience of the past 150 years of no interest to anyone except historians In this book David Ruccio demonstrates why the answer to that question is a resounding no He offers a clear and accessible introduction to the basic concepts and theoretical strategies of Marxian economics its key differences from mainstream economics and its many applications to the real world Focusing on Marx s critique of both mainstream economic theory and capitalism Ruccio extends that analysis to contemporary topics from inequality and economic crises to racial capitalism and the climate crisis and outlines the key debates among Marxian economists He concludes with a discussion of the ways Marxian economists today think about the possibility of moving beyond capitalism The book is suitable for students and professors as well as readers outside the academy interested in learning about Marxian economics It will be useful both as a stand alone text and as a companion to reading Capital

The Philosophical Foundations of Early German Romanticism Manfred Frank,2012-02-01 Often portrayed as a movement of poets lost in swells of passion early German Romanticism has been generally overlooked by scholars in favor of the great system builders of the post Kantian period Schelling and Hegel In the twelve lectures collected here Manfred Frank redresses this oversight offering an in depth exploration of the philosophical contributions and contemporary relevance of early German Romanticism Arguing that the early German Romantics initiated an original movement away from idealism Frank brings the leading figures of the movement Friedrich Schlegel and Friedrich von Hardenberg Novalis into concert with contemporary philosophical developments and explores the role that Friedrich Hlderlin and other members of the Homburg Circle had upon the development of early German Romantic philosophy

The Illusion of History Andrew R. Russ,2013 European radical political thought represented by Jean Jacques Rousseau Karl Marx and Michel Foucault has deeply impacted the Western intellectual tradition and political life These thinkers sought to transform Western societies by critiquing institutions that they felt led to oppression of groups They saw societies and institutions as part of a history that constantly develops and has no objective timeless purpose or principles They understood the history of things people do and of events that happen in a primarily evolutionary way As a result these radical political thinkers have often been thought to have a strong historical consciousness Andrew Russ argues in this book that a closer look at their philosophical underpinnings finds that Rousseau Marx and Foucault are much less historical in their methodology than is widely believed Instead they share a more timeless view one indebted to principles ordinarily seen as timeless or transcendent Russ finds that these thinkers are actually quite dependent on the philosopher who concluded the Enlightenment Immanuel Kant Russ s study shows how Kant s view of human freedom and subjectivity as timeless actually
