Philosophy in Literature Konstantin Kolenda, 1982-06-18      *Volume 9: Aesthetics and Philosophy of Art* Guttorm Fløistad, 2007-03-16 The present volume is a continuation of the series Contemporary Philosophy As with the earlier volumes in the series the present chronicles purport to give a survey of significant trends in contemporary philosophy The need for such surveys has I believe increased rather than decreased over the years The philosophical scene appears for various reasons more complex than ever before The continuing process of specialization in most branches the increasing contact between philosophers from various cultures the emergence of new schools of thought particularly in philosophical logic and in the philosophy of language and ethics and the increasing attention being paid to the history of philosophy in discussions of contemporary problems are the most important contributing factors Surveys of the present kind are a valuable source of knowledge of this complexity The surveys may therefore help to strengthen the Socratic element of modern philosophy the intercultural dialogue or Kommunikationsgemeinschaft So far eight volumes are published in this series viz Philosophy of Language and Philosophical Logic Volume 1 Philosophy of Science Volume 2 Philosophy of Action Volume 3 Philosophy of Mind Volume 4 African Philosophy Volume 5 Medieval Age Philosophy Volume 6 1 and Volume 6 2 Asian Philosophy Volume 7 and Philosophy of Latin America Volume 8      **The Dramatic Works of Samuel Beckett** Charles A. **Child of the Earth** Frode Hermundsgard, 1989-05-15 Hermundsgard's knowledge of Vesaas is undeniable and he has read widely carefully and thoughtfully in other sources for this book He provides a working definition of primitivism not just a

literary style but a philosophy of life explains how this is expressed in Vesaas's writing and demonstrates how the primitivism of Vesaas fits into the context of Scandinavian primitivism in general. He succeeds in presenting this complex thesis in a clear style that encourages the reader to turn to Vesaas's own works not only to verify that thesis but for personal enrichment. Extensive bibliographic notes plus a good primary and secondary bibliography of sources in Norwegian, Swedish, Danish, German, and English. Choice. A distinguished modern Norwegian novelist, dramatist, short story writer, and poet, Tarjei Vesaas occupies a unique position in Norwegian and Scandinavian letters. Considered highly individual in his use of lyrical and symbolic language, Vesaas was profoundly concerned with spiritual themes and the interplay of the great forces of the nature. This study examines Vesaas's development as a writer with an eye to his role in the evolution of modernist primitivism in Scandinavian modernist literature. Hermundsgard begins with a discussion of primitivism and the ways in which primitivist literary, philosophical, and artistic trends from the United States, England, and Europe have influenced Scandinavian writers. Focusing his attention primarily on four of Vesaas's best-known novels, Hermundsgard offers a sensitive analysis of the work and assesses the writer's contribution to the primitivist tradition. The discussion deals with Vesaas's literary legacy in the broader context of Scandinavian primitivist literature. Besides providing new perspectives on a writer who merits a wider English language audience, *Child of the Earth* advances some speculations on the emergence of primitivist movements throughout the world. Relevant for classes or studies in twentieth-century Scandinavian and Norwegian literature, the modern novel, and world literature. *Dostoevsky Studies*, 1985
