The Philosophy of Modern Art Herbert Read, 1952 *The Philosophy of Modern Art* Herbert Read, 1969 *The Philosophy of Modern Art*, 1975 *Herbert Read Reassessed* David Goodway, 1998-01-01 Herbert Read 1893 1968 acquired in his lifetime a considerable international reputation in all the major areas of his diverse activities as poet as educationalist as anarchist as philosopher of aesthetics as art critic as historian of and above all as propagandist for modern art and design The papers assembled in *Herbert Read Reassessed* offer a comprehensive and authoritative coverage of Read's life work that is designed to stimulate debate An impressive volume it manages to present a unified but not totalizing portrait of one of England's most distinguished twentieth century critics *English Historical Review* **Philosophy of Modern Art** Herbert Read, 1959 *Anywhere or Not at All* Peter Osborne, 2013-06-04 A new reading of the philosophy of contemporary art by the author of *The Politics of Time* Contemporary art is the object of inflated and widely divergent claims But what kind of discourse can open it up effectively to critical analysis *Anywhere or Not at All* is a major philosophical intervention in art theory that challenges the terms of established positions through a new approach at once philosophical historical social and art critical Developing the position that contemporary art is postconceptual art the book progresses through a dual series of conceptual constructions and interpretations of particular works to assess the art from a number of perspectives contemporaneity and its global context art against aesthetic the Romantic pre history of conceptual art the multiplicity of modernisms transcategoriality conceptual abstraction photographic ontology digitalization and the institutional and existential complexities of art space and art time *Anywhere or Not at All* maps out the conceptual space for an art that is both critical and contemporary in the era of global capitalism Winner of the 2014 Annual Book Prize of the Association for the Study of the Arts of the Present USA *Art In Its Time* Paul Mattick, 2003-12-08 *Art In Its Time* takes a close look at the way in which art has become integral to the everyday ordinary life of modern society It explores the prevalent notion of art as transcending its historical moment and argues that art cannot be separated from the everyday as it often provides material to represent social struggles and class to explore sexuality and to think about modern industry and our economic relationships

The Philosophy of Modern Art, Etc. [A Reduced Photographic Reprint of the Edition of 1952.]. Sir Herbert Edward Read, 1964 *Meaning of Modern Art* Karsten Harries, 1979-12 That modern art is different from earlier art is so obvious as to be hardly worth mentioning Yet there is little agreement as to the meaning or the importance of this difference Indeed contemporary aestheticians especially seem to feel that modern art does not depart in any essential way from the art of the

past One reason for this view is that with the exception of Marxism the leading philosophical schools today are ahistorical in orientation This is as true of phenomenology and existentialism as it is of contemporary analytic philosophy As a result there have been few attempts by philosophers to understand the meaning of the history of art an understanding fundamental to any grasp of the difference between modern art and its predecessors Art expresses an ideal image of man and an essential part of understanding the meaning of a work of art is understanding this image When the ideal image changes art too must change It is thus possible to look at the emergence of modern art as a function of the disintegration of the Platonic Christian conception of man The artist no longer has an obvious generally accepted route to follow One sign of this is that there is no one style today comparable to Romanesque Gothic Renaissance or Baroque This lack of direction has given the artist a new freedom Today there is a great variety of answers to the question What is art Such variety however betrays an uncertainty about the meaning of art An uneasiness about the meaning of art has led modern artists to enter into dialogue with art historians psychologists and philosophers Perhaps this interpretation can contribute to that dialogue

The Changing Boundaries and Nature of the Modern Art World Richard Kalina, 2021-04-08 Concentrating on the shifting boundaries and definition of art Richard Kalina offers a panoramic view of the contemporary art scene over the last 30 years His focus is on the ongoing development of concepts the transformation of art worlds and the social matrices in which they are created Discussing painting in general and abstract painting in particular his survey takes in photorealism sculpture and art forms found outside of the modernist tradition Kalina's group of artists includes Mel Bochner Joan Mitchell Cy Twombly Franz West and Alma Thomas who in their ongoing projects explicitly or implicitly questioned the aesthetic assumptions of their times Merging an examination of animating philosophies and context political social and personal with a sharply focused look at the works of art themselves Kalina brings us closer to understanding the social matrices in which art is embedded and responds to bigger questions about the object nature of the work of art in today's world

Sir Herbert Read's Philosophy of Modern Art Larry Dayanand Lutchmansingh, 1984 *Herbert Read* Robin Skelton, 2015-07-24 As a poet and critic of art and literature and as a social and political philosopher Sir Herbert Read exerted an important influence on the culture of his time Not only did he assist and inspire many writers and artists but through his work for the idea of education through art he greatly influenced education in particular the teaching of art and literature in schools For this symposium first issued in 1969 as the ninth number of The Malahat Review Professor Skelton has gathered together original essays poems and drawings which illustrate many aspects of Sir Herbert Read's life and work
