Philosophy Of Paul Ricoeur An Anthology Of His Work:

The Philosophy of Paul Ricoeur Paul Ricoeur, 1978 *The Philosophy of Paul Ricoeur* Paul Ricoeur, Charles E. Reagan, 1978 *Paul Ricoeur's Renewal of Philosophical Anthropology* Marc de Leeuw, 2021-12-27 In Paul Ricoeur's *Renewal of Philosophical Anthropology* Vulnerability Capability Justice Marc de Leeuw argues that Ricoeur's philosophical project integrates the anthropological tradition while renewing its importance as a hermeneutic anthropology of human capability Ricoeur posits that our cogito is neither its own absolute master nor fully transparent to itself inflicting a wound and fracturing the center of Cartesian self certainty But the Nietzschean disillusionment that ensues does not simply amount to a victorious anti cogito it opens another path towards self understanding In place of the direct route of intuition is found a more complex way forward one guided by interpretation The task of philosophical anthropology is to understand the human through its interpretative critical and imaginative ability as well as its capacity to act towards with and for others the interpretation of the world in front of us the interpretation of who we are and the interpretation of what it means to be among others as other selves coalesces in an anthropology that binds the question of the self to a moral ethical and political project one aiming to reflect our existence in common For Ricoeur the basic question of our subjective and normative standing demands a fundamental response a response toward our own otherness and to responsibilities triggered by the appeal of Others In both cases our vulnerability is inescapable we can never have an absolute self knowledge nor an absolute knowledge of Others Ricoeur turns this fundamental aporia into an affirmative philosophical anthropology of human action attestation and justice *Paul Ricoeur, Philosophical Hermeneutics, and the Question of Revelation* Christina M. Gschwandtner, 2024-01-08 The topic of revelation is fundamental to any account of religious experience playing a special role in the Judeo Christian tradition where the texts of Scripture are regarded as revealed Yet any reflection on the revealed status of a given message or text requires interpretation Paul Ricoeur one of the most important hermeneutic philosophers of the twentieth century provides crucial insights on how such interpretation might proceed and what it might mean for texts to be revealed Edited by Christina M Gschwandtner *Paul Ricoeur Philosophical Hermeneutics and the Question of Revelation* brings together major scholars of Ricoeur's work on the topic of revelation showing both the role it already plays in his work and how his thinking might be taken further Several contributors trace the development of his thought in regard to the concept of revelation Others discuss the revelatory dimensions of Ricoeur's hermeneutics of the self especially for such issues as identity trauma and forgiveness Several contributions also place his work in conversation with that of other seminal thinkers on the topic of revelation such as Karl Barth and Paul Tillich *Ricoeur and the Hermeneutics of Suspicion* Alison Scott-Baumann, 2011-11-03 Paul Ricoeur 1913-2005 was one of the most prolific and influential French philosophers of the Twentieth Century In his enormous corpus of work he engaged with literature history historiography politics theology and ethics while debating truth and ethical solutions to life in the face of widespread and growing suspicion about whether such a

search is either possible or worthwhile In Ricoeur and the Hermeneutics of Suspicion Alison Scott Baumann takes a thematic approach that explores Ricoeur's lifelong struggle to be both iconoclastic and yet hopeful and avoid the slippery slope to relativism Through an examination of the hermeneutics of suspicion the book reveals strong continuities throughout his work as well as significant discontinuities such as the marked way in which he later distanced himself from the hermeneutics of suspicion and his development of new devices in its place while seeking a hermeneutics of recovery Scott Baumann offers a highly original analysis of the hermeneutics of suspicion that will be useful to the fields of philosophy literature theology and postmodern social theory

World Philosophies Ninian Smart, 2013-12-19 World Philosophies presents in one volume a superb introduction to all the world's major philosophical and religious traditions Covering all corners of the globe Ninian Smart's work offers a comprehensive and global philosophical and religious picture In this revised and expanded second edition a team of distinguished scholars assembled by the editor Oliver Leaman have brought Ninian Smart's masterpiece up to date for the twenty first century Chapters have been revised by experts in the field to include recent philosophical developments and the book includes a new bibliographic guide to resources in world philosophies A brand new introduction which celebrates the career and writings of Ninian Smart and his contribution to the study of world religions helps set the work in context

A Companion to Ricoeur's Fallible Man Scott Davidson, 2019-10-10 Fallible Man is the second book in Paul Ricoeur's early trilogy on the will and the most accessible of his early writings While the descriptive approach of Freedom and Nature set aside all normative questions Fallible Man removes those brackets to examine the bad will asking what makes evil a possibility Combining rigor and originality Ricoeur locates the possibility of evil in a self that is fundamentally in conflict with itself Edited by Scott Davidson A Companion to Ricoeur's Fallible Man clarifies and contextualizes the central arguments developed in Ricoeur's philosophy of the will providing insight into his formative influences and themes The collection gathers an international group of scholars who specialize in Ricoeur's thought to shed light on an impressive range of themes from Fallible Man that resonate with contemporary debates in philosophy and religion

Narrative and Identity Arthena E. Gorospe, 2007-06-30 Using Ricoeur's theories of narrative and identity and their ethical implications this book offers a multi disciplinary Asian reading of Moses' reverse migration in Exodus 4:18-26 in light of the liminal experience of global economic migration The work demonstrates the productivity of Ricoeur's threefold movement of prefiguration configuration and refiguration for OT studies and contemporary realities By bringing together the world of an ancient text a nuanced reading of the text's narrative movement and its history of interpretation and the bittersweet realities of Filipino overseas workers this creative study charts the way for an OT hermeneutic that opens up possibilities for the formation of a reader's narrative and ethical identity

Liturgy and Hermeneutics Joyce Ann Zimmerman, 1999 By its very nature hermeneutics the art or science of interpreting is interdisciplinary It is equally important for scholars of literature philosophy biblical texts and theology In spite of the fact that interpretation has long been an

important concern for Scripture exegetes and that in recent years liturgists have paid increasing attention to methods there is no major work that specifically addresses the issues of hermeneutics for liturgy. Liturgy and Hermeneutics fills that void. In Liturgy and Hermeneutics Joyce Ann Zimmerman explains that all communication requires some interpretation even everyday conversations in which we are hardly aware of it. But a great deal of communication is far more complex. Anytime we try to describe such things as an idea, a concept or an experience we are well beyond ordinary language use and into the realm of language as a symbol system. Since symbols have both a literal meaning and another level of meaning available only through interpretation much of our communication is hermeneutical. Liturgy is no exception it too is hermeneutical. In the past everything about liturgy seemed clear and understandable and the rituals were denotative. However Zimmerman argues that lack of interpretation may have deprived worshipers of the richness proper to liturgy. A non interpretive approach to liturgy tends to reduce it to rubrics or received grace. We must likewise be wary of an interpretation of liturgy that is too subjective. Only authentic interpretation examines liturgy's richness while remaining faithful to its tradition, doctrinal content and ritual expressions. In Liturgy and Hermeneutics Zimmerman specifically addresses hermeneutics and its use in liturgy and liturgical studies. Her purpose is twofold: 1 to introduce readers to a complex body of literature so they can become literate in a technical field and 2 to guide readers through the complex issues and strategies involved in interpreting liturgy as text, as ritual, as life. Zimmerman does not promote a single hermeneutic approach but instead points out the advantages and disadvantages of various approaches. Chapters are: What's at Stake, Overview of Hermeneutical Theory and Issues, Critical Methods, Post critical Methods, Hermeneutics and Liturgical Studies Today, and an epilogue that raises questions yet to be comprehensively addressed by liturgists.

Theology and Difference Walter Lowe, 1993-07-22 provocative and rewarding Religious Studies Review a tour de force Theological Studies. Theology and Difference reconceives the options confronting modern theology and investigates the disputed questions that underlie it. Pressing beyond the ready made enlightenment offered by the subject object framework Walter Lowe uncovers a number of remarkable convergences between the contemporary philosopher Jacques Derrida and the early twentieth century theologian Karl Barth.

Dialogue and Culture Marion Grein, Edda Weigand, 2007 The volume deals with the relationship between language, dialogue, human nature and culture by focusing on an approach that considers culture to be a crucial component of dialogic interaction. Part I refers to the so called language instinct debate between nativists and empiricists and introduces a mediating position that regards language and dialogue as determined by both human nature and culture. This sets the framework for the contributions of Part II which propose varying theoretical positions on how to address the ways in which culture influences dialogue. Part III presents more empirically oriented studies which demonstrate the interaction of components in the mixed game and focus in particular on specific action games, politeness and selected verbal means of communication.

Figuring the Sacred Paul Ricoeur, The thought of Paul Ricoeur continues its profound effect on theology, religious studies and biblical interpretation.

The 28 papers contained in this volume constitute the most comprehensive overview of Ricoeur's writings in religion since 1970. Ricoeur's hermeneutical orientation and his sensitivity to the mystery of religious language offer fresh insight to the transformative potential of sacred literature including the Bible.

Encountering Religion Tyler T. Roberts, 2013 Tyler Roberts encourages scholars to abandon rigid conceptual oppositions between secular and religious to better understand how human beings actively and thoughtfully engage with their worlds and make meaning. The artificial distinction between a self-conscious and critical academic study of religion and an ideological and authoritarian religion he argues only obscures the phenomenon. Instead, Roberts calls on intellectuals to approach the field as a site of encounter and response, illuminating the agency, creativity, and critical awareness of religious actors. To respond to religion is to ask what religious behaviors and representations mean to us in our individual worlds, and scholars must confront questions of possibility and becoming that arise from testing their beliefs, imperatives, and practices. Roberts refers to the work of Hent de Vries, Eric Santner, and Stanley Cavell, each of whom exemplifies encounter and response in their writings as they traverse philosophy and religion to expose secular thinking to religious thought and practice. This approach highlights the resources religious discourse can offer to a fundamental reorientation of critical thought. In humanistic criticism after secularism, the lines separating the creative, the pious, and the critical themselves become the subject of question and experimentation.

Self and Subjectivity Kim Atkins, 2008-04-15 Self and Subjectivity is a collection of seminal essays with commentary that traces the development of conceptions of self and subjectivity in European and Anglo-American philosophical traditions, including feminist scholarship from Descartes to the present.

Of Bridges Thomas Harrison, 2021-04-01 Offers a philosophical history of bridges, both literal bridges and their symbolic counterparts, and the acts of cultural connection they embody. Always wrote Philip Larkin: it is by bridges that we live. Bridges represent our aspirations to connect, to soar across divides. And it is the unfinished business of these aspirations that makes bridges such stirring sights, especially when they are marvels of ingenuity. A rich compendium of myths, superstitions, and literary and ideological figurations, *Of Bridges* organizes a poetic and philosophical history of bridges into nine thematic clusters. Leaping in lucid prose between distant times and places, Thomas Harrison questions why bridges are built and where they lead. He probes links forged by religion between life's transience and eternity, as well as the consolidating ties of music, illustrated by the case of the blues. He investigates bridges in poetry as flash points in war and the megabridges of our globalized world. He illuminates real and symbolic crossings facing migrants each day and the affective connections that make persons and societies cohere. In readings of literature, film, philosophy, and art, Harrison engages in a profound reflection on how bridges form and transform cultural communities. *Of Bridges* is a mesmerizing, vertiginous tale of bridges, both visible and invisible, both lived and imagined.
