What's Wrong with Homosexuality? John Corvino, 2013-02-01 For the last twenty years John Corvino widely known as the author of the weekly column *The Gay Moralist* has traversed the country responding to moral and religious arguments against same sex relationships In this timely book he shares that experience addressing the standard objections to homosexuality and offering insight into the culture wars more generally Is homosexuality unnatural Does the Bible condemn it Are people born gay and should it matter either way Corvino approaches such questions with precision sensitivity and good humor In the process he makes a fresh case for moral engagement forcefully rejecting the idea that morality is a private matter This book appears at a time when same sex marriage is being hotly debated across the U S Many people object to such marriage on the grounds that same sex relationships are immoral or at least that they do not deserve the same social recognition as heterosexual relationships Unfortunately the traditional rhetoric of gay rights advocates which emphasizes privacy and tolerance fails to meet this objection Legally speaking when it comes to marriage tolerance might be enough Corvino concedes but socially speaking marriage requires more Marriage is more than just a relationship between two individuals recognized by the state It is also a relationship between those individuals and a larger community The fight for same sex marriage ultimately is a fight for full inclusion in the moral fabric What is needed is a positive case for moral approval which is what Corvino unabashedly offers here Corvino blends a philosopher's precision with a light touch that is full of humanity and wit This volume captures the voice of one of the most rational participants in a national debate noted for generating more heat than light

Queer Philosophy, 2012-01-01 The book is a collection of the presentations of the Society for Lesbian and Gay Philosophy from 1998 to 2008 The essays are organized historically starting in 1998 Their topics cover virtually every philosophical field and such that each is connected to gay and lesbian studies Topics include how we are to understand sexual orientation whether same sex leads to polygamy teaching gay studies to undergraduates promiscuity and virtue the war on terror and gay oppression the rationality of coming out the ethics of outing connections between being gay and being happy and last but not least dignity and being gay

pain that extends beyond earthly life To alleviate this suffering I offer the light of knowledge the Luciferian Light as a beacon to guide family relationships beyond prejudices and dogmas I believe that understanding energies and accepting diversity are key to building a more harmonious and loving world **Queering Gay and Lesbian Studies** Thomas Piontek,2010-10-01

Queering Gay and Lesbian Studies is a broadly interdisciplinary study that considers a key dilemma in gay and lesbian studies through the prism of identity and its discontents the field studies has modeled itself on ethnic studies programs perhaps to be intelligible to the university community but certainly because the ethnic studies route to programs is well established Since this model requires a stable and identifiable community gay and lesbian studies have emphasized stable and knowable identities The problem of course is that sexuality is neither stable tidy nor developmental With the advent of queer theory there are now other perspectives available that frequently find themselves at odds with traditional gay and lesbian studies In this pioneering new study Thomas Piontek provides a critical analysis of the development of gay and lesbian studies alongside the development of queer theory the disputes between them and criticism of their activities from both in and outside of the gay academic community Examining disputes about transgendering gay male promiscuity popular culture gay history political activism and non normative sexual practices Piontek argues that it is vital to queer gay and lesbian studies opening this emerging discipline to queer critical interventions without however further institutionalizing queer theory **Saint Foucault** David M. Halperin,1997-04-10 Although there is scarcely more than a mention of

homosexuality in his scholarly writings Michel Foucault who died of AIDS in 1984 has become a source of inspiration to a generation of gay activists This book provides a defence of Foucault s work Homosexuality and Religion Richard L Hasbany,2013-12-19 Here is a comprehensive historical overview of the recent discussion in the Judeo Christian religions regarding homosexuality Breaking new ground in the scholarship about Judeo Christian religion and homosexuality this wide ranging volume features insightful new perspectives on the relationship between the church and homosexuals Aimed at scholars religious professionals counselors and therapists Homosexuality and Religion provides valuable information on both historical and contemporary religious thought and life and homosexuality Some of the provocative topics include gay and lesbian clergy psychological pastoral counseling for lesbians and gay men and the church and homophobia **Routledge**

Revivals: Homosexuality: A Research Guide (1987) Wayne R. Dynes,2017-02-17 First published in 1987 this book encompasses a broad range interdisciplinary research into homosexuality displaying a full spectrum of points of view and given that the major traditions of modern homosexual research began in Europe is not restricted to works in English In general topics that are densely covered in the literature are presented in this guide selectively with some less studied topics such as Economics and Music fleshed out with signposts to more comprehensive research It seeks to not only mirror existing publications but also to stimulate new work by pinpointing neglected themes and methods This book will be of interest to students of sociology Martin Luther King Jr., Homosexuality, and the Early Gay Rights Movement Michael G.

Long, Desmond Tutu, 2012-11-28 Martin Luther King Jr was not an advocate of homosexual rights nor was he an enemy however both sides of the debate have used his words in their arguments including his widow in support of gay rights and his daughter in rejection This fascinating situation poses the problem that Michael G Long seeks to address and resolve The Morality of Gay Rights Carlos Ball, 2014-04-08 In The Morality of Gay Rights Ball presents a comprehensive exploration of the connection between gay rights and political philosophy He discusses the writing of contemporary political and legal philosophers including Rawls Walzer Nussbaum Sandel Rorty and Dworkin to evaluate how their theoretical frameworks fit the specific gay rights controversies such as same sex marriage and parenting by lesbians and gay men that are part of our nation s political and legal debates *A History of Homosexuality in Europe, Vol. I & II* Florence Tamagne, 2006 Just crawling out from under the Victorian blanket Europe was devastated by a gruesome war that consumed the flower of its youth Tamagne examines the currents of nostalgia and yearning euphoria rebellion and exploration in the post war era and the b
