

PLURALISM (SOCIOLOGY)

DEFINITION

Pluralism is the belief that diversity and multiple perspectives coexisting in a society is both inevitable and beneficial. It emphasizes mutual respect among different cultures, groups, and individuals, recognizing that no single perspective or value has a monopoly on truth or validity.

CHARACTERISTICS

- Multiplicity
- Autonomy
- Countervailing influence
- Openness of the system
- Quest for public support

Philosophy And Pluralism:

Philosophy and Pluralism David Archard, 1996-04-26 Introduction DAVID ARCHARD **Pluralism** Maria Baghramian, Attracta Ingram, 2014-02-25 Cultural moral and religious diversity is a pervasive feature of modern life yet has only recently become the focus of intellectual debate Pluralism is the first book to tackle philosophical pluralism and link pluralist themes in philosophy to politics A range of essays investigates the philosophical sources of pluralism the value of pluralism and liberalism and difference in pluralism including writings on women and the public private distinction This is a valuable source for students of philosophy politics and cultural studies **Philosophy in an Age of Pluralism** Charles Taylor, 1994-11-24 This is the first comprehensive evaluation of Charles Taylor's work and a major contribution to the leading questions in philosophy and the human sciences as they face an increasingly pluralistic age Charles Taylor is one of the most influential moral and political philosophers of our time and these essays address topics in his thought ranging over the history of philosophy truth modernity and postmodernity theism interpretation the human sciences liberalism pluralism and difference *Pluralism in Philosophy* John Kekes, 2000 This original and ambitious book aims to change how we think about good lives The perennial debates about good lives the disagreements caused by conflicts between scientific religious moral historical aesthetic and subjective modes of reflection typically end in an impasse This leaves the underlying problems of the meaning of life the possibility of free action the place of morality in good lives the art of life and human self understanding as intractable as they have ever been The way out of this impasse argues Kekes is to abandon the assumption shared by the contending parties that the solutions of these problems can be rational only if they apply universally to all lives in all contexts He believes that solutions may vary with lives and contexts and still be rational Kekes defends a pluralistic alternative to absolutism and relativism that will he holds take philosophy in a new and more productive direction The Quest for Meaning Tariq Ramadan, 2010-08-05 In *The Quest for Meaning: Developing a Philosophy of Pluralism* Tariq Ramadan embarks on a journey to uncover the profound truths that bind us together In a world so full of different beliefs and viewpoints how can we find peace in our shared humanity Acclaimed thinker and philosopher Tariq Ramadan explores universal ideas such as love respect truth and tolerance and examines questions such as how can men and women relate to each other What is the true nature of equality What does civilization really mean In doing so he opens our minds to a new view of humanity Whether we are Christian or Buddhist Jewish or Muslim secularist or believer he reveals that all traditions of thought spring from the same place and guides us to see past what divides us and discover the beauty of what we have in common This book has resonance for all of us showing why eventually all different spiritual paths lead to the human heart A prophetic passionate and insightful book Karen Armstrong Financial Times **Pluralism in Mathematics: A New Position in Philosophy of Mathematics** Michèle Friend, 2013-11-20 This book is about philosophy mathematics and logic giving a philosophical account of Pluralism which is a family of positions in the philosophy of mathematics There are four parts to this book

beginning with a look at motivations for Pluralism by way of Realism Maddy's Naturalism Shapiro's Structuralism and Formalism In the second part of this book the author covers the philosophical presentation of Pluralism using a formal theory of logic metaphorically rigour and proof for the Pluralist and mathematical fixtures In the third part the author goes on to focus on the transcendental presentation of Pluralism and in part four looks at applications of Pluralism such as a Pluralist approach to proof in mathematics and how Pluralism works in regard to together inconsistent philosophies of mathematics The book finishes with suggestions for further Pluralist enquiry In this work the author takes a deeply radical approach in developing a new position that will either convert readers or act as a strong warning to treat the word pluralism with care

Ethics as First Philosophy Adriaan Theodoor Peperzak, 1995 First Published in 1996 Routledge is an imprint of Taylor Francis an informa company

The Political Problem of Religious Pluralism Thaddeus J. Kozinski, 2012-07-10 In contemporary political philosophy there is much debate over how to maintain a public order in pluralistic democracies in which citizens hold radically different religious views The Political Problem of Religious Pluralism deals with this theoretically and practically difficult issue by examining three of the most influential figures of religious pluralism theory John Rawls Jacques Maritain and Alasdair MacIntyre Drawing on a diverse number of sources Kozinski addresses the flaws in each philosopher's views and shows that the only philosophically defensible end of any overlapping consensus political order must be the eradication of the ideological pluralism that makes it necessary In other words a pluralistic society should have as its primary political aim to create the political conditions for the communal discovery and political establishment of that unifying tradition within which political justice can most effectively be obtained Kozinski's analysis though exhaustive and rigorous still remains accessible and engaging even for a reader unversed in the works of Rawls Maritain and MacIntyre Interdisciplinary and multi thematic in nature it will appeal to anyone interested in the intersection of religion politics and culture

Contemporary Political Philosophy and Religion Camil Ungureanu, Paolo Monti, 2017-12-12 What is the place of religion in a pluralist democracy The continuous presence of religion in the public sphere has raised anew normative and practical issues related to the role of religion in a democratic polity generating spirited political debates in Western and non Western contexts Contemporary Political Philosophy and Religion provides an advanced introduction to and a critical appraisal of the major schools of political thought with a focus on the relationship between democracy and religion Key features of this book include Analyses of different political traditions liberalism republicanism deliberative democracy feminism postmodernism multiculturalism and interculturalism Critical discussions of key contemporary philosophers such as John Rawls Jürgen Habermas Richard Rorty Charles Taylor Susan Moller Okin Martha Nussbaum Will Kymlicka Chandran Kukathas and Bhiku Parekh A pluralist approach that questions the strict divide between analytical and continental political philosophy Discussion on the place of religion in politics from multiple perspectives by drawing on a plurality of political contexts both Western and non Western Analyses of legal and political cases related to different religious traditions for

example Islam Confucianism Buddhism Christianity and Hinduism This comprehensive text will be of great use to students of religion and politics in the fields of political and legal theory and religious and theological studies while also offering critical insights and arguments that will be of interest to the experts in the field **Sometimes Always True** Jeremy

Barris,2015-01-02 Sometimes Always True aims to resolve three connected problems First we need an undogmatic pluralist standpoint in political theory metaphysics and epistemology But genuine pluralism suffers from the contradiction that making room for fundamental differences in outlook means making room for outlooks that exclude pluralism Second philosophy involves reflecting on the world and meaning as a whole yet this means adopting a vantage point in some way outside of meaning Third our lived experience of the sense of our lives similarly undermines its own sense as it involves having a vantage point in some way wholly outside ourselves In detailed engagement with among others Davidson Rorty Heidegger Foucault Wilde and gender and sexuality theory the book argues that these contradictions are so thoroughgoing that like the liar s paradox they cancel the bases of their own meaning Consequently it argues they resolve themselves and do so in a way that produces a vantage point on these issues that is not dogmatically circular because it is workably both within and outside these issues sense The solution to a genuinely undogmatic pluralism then is to enter into these contradictions and the process of their self resolution **The Pluralist Philosophies of England & America** Jean André Wahl,Fred

Rothwell,1925 **Pragmatism, Pluralism, and the Nature of Philosophy** Scott F. Aikin,Robert B. Talisse,2017-10-30 For the past fifteen years Aikin and Talisse have been working collaboratively on a new vision of American pragmatism one which sees pragmatism as a living and developing philosophical idiom that originates in the work of the classical pragmatists of Charles Peirce William James and John Dewey uninterruptedly develops through the later 20th Century pragmatists C I Lewis Wilfrid Sellars Nelson Goodman W V O Quine and continues through the present day According to Aikin and Talisse pragmatism is fundamentally a metaphilosophical proposal a methodological suggestion for carrying inquiry forward amidst ongoing deep disagreement over the aims limitations and possibilities of philosophy This conception of pragmatism not only runs contrary to the dominant self understanding among cotemporary philosophers who identify with the classical pragmatists it also holds important implications for pragmatist philosophy In particular Aikin and Talisse show that their version of pragmatism involves distinctive claims about epistemic justification moral disagreement democratic citizenship and the conduct of inquiry The chapters combine detailed engagements with the history and development of pragmatism with original argumentation aimed at a philosophical audience beyond pragmatism **Encyclopedia of Modern Political**

Thought (set) Gregory Claeys,2013-08-20 This groundbreaking new work explores modern and contemporary political thought since 1750 looking at the thinkers concepts debates issues and national traditions that have shaped political thought from the Enlightenment to post modernism and post structuralism Encyclopedia of Modern Political Thought is two volume A to Z reference that provides historical context to the philosophical issues and debates that have shaped attitudes toward

democracy citizenship rights property duties justice equality community law power gender race and legitimacy over the last three centuries It profiles major and minor political thinkers and the national traditions both Western and non Western which continue to shape and divide political thought More than 200 scholars from leading international research institutions and organizations have provided signed entries that offer comprehensive coverage of Thought of regions and countries including African political thought American political thought Australasian political thought Australian and New Zealand Chinese political thought Indian political thought Islamic political Thought Japanese political thought and more Thought regarding contemporary issues such as abortion affirmative action animal rights European integration feminism humanitarian intervention international law race and racism and more The ideological spectrum from Marxism to neoconservatism including anarchism conservatism Darwinism and Social Darwinism Engels fascism the Frankfurt School Lenin and Leninism socialism and more Connections of political thought to key areas of politics and other disciplines such as economics psychology law and religion Notable time periods of political thought since 1750 Concepts including class democratic theory liberalism nationalism natural and human rights and theories of the state Theorists and political intellectuals both Western and non Western including John Adams Edmund Burke Mohandas Gandhi Immanuel Kant Ayatollah Khomeini Ernst Friedrich Schumacher George Washington and Mary Wollstonecraft *The Political Theory Reader* Paul Schumaker,2010-02-22

Utilizing 100 key readings The Political Theory Reader explores the rich tradition of ideas that shape the way we live and the great issues in political theory today Allows students to see how competing ideological viewpoints think about the same political issues Provides readers with direct access to authors covered in the From Ideologies to Public Philosophies text Facilitates discussions by having readings arranged thematically throughout text Extracts of works specifically chosen to focus on topics central to issues covered in chapters **The Epistemology of Comparative Philosophy** Joseph

Kaipayil,1995 *Pluralism and Liberal Politics* Robert Talisse,2013-03-01 In this book Robert Talisse critically examines the moral and political implications of pluralism the view that our best moral thinking is indeterminate and that moral conflict is an inescapable feature of the human condition Through a careful engagement with the work of William James Isaiah Berlin John Rawls and their contemporary followers Talisse distinguishes two broad types of moral pluralism metaphysical and epistemic After arguing that metaphysical pluralism does not offer a compelling account of value and thus cannot ground a viable conception of liberal politics Talisse proposes and defends a distinctive variety of epistemic pluralism According to this view certain value conflicts are at present undecidable rather than intrinsic Consequently epistemic pluralism countenances the possibility that further argumentation enhanced reflection or the acquisition of more information could yield rational resolutions to the kinds of value conflicts that metaphysical pluralists deem irresolvable as such Talisse s epistemic pluralism hence prescribes a politics in which deep value conflicts are to be addressed by ongoing argumentation and free engagement among citizens the epistemic pluralist thus sees liberal democracy is the proper political response to ongoing moral

disagreement *The Rise of Neoliberal Philosophy* Brandon Absher, 2021-08-20 In *The Rise of Neoliberal Philosophy* Human Capital Profitable Knowledge and the Love of Wisdom Brandon Absher argues that the neoliberal transformation of higher education has resulted in a paradigm shift in philosophy in the United States leading to the rise of neoliberal philosophy. Neoliberal philosophy seeks to attract investment by demonstrating that it can produce optimal return. Further, philosophers in the neoliberal paradigm internalize and reproduce the values of the prevailing social order in their work, reorienting philosophical desire toward the production of attractive commodities. The aim of philosophy in the neoliberal university, Absher shows, has become the production of human capital and profitable knowledge. **Literature and Science as Modes**

of Expression G.F. Leneaux, V.N. Vagliente, *The Realm of Ends, Or, Pluralism and Theism* James Ward, 1911

Metaphysics of Mystery Marijn de Jong, 2020-02-06 How can we theologically reflect on universality in a world that increasingly focuses on particularities and differences? Marijn de Jong argues that the question of universality calls for a reconceptualized form of metaphysical theology, which he finds in the work of Karl Rahner and Edward Schillebeeckx. Casting a new light on these theologians, de Jong demonstrates that their methods contain a dialectical interrelation of hermeneutics and metaphysics, an interrelation which seemingly has been lost in more recent hermeneutical theology. Rahner and Schillebeeckx carefully balance particularity and universality without falling prey to relativist or absolutist ways of reasoning. By analyzing fundamental themes such as experience and interpretation, nature and grace, faith and reason, and intelligibility and mystery, de Jong reveals the modest theological metaphysics that lies at the heart of their methods. This critical retrieval demonstrates the enduring relevance of these thinkers and opens up new avenues of thought for theologians that do not want to shy away from the difficult question of the universality of God.
