Luft, 2020-09-13 Since the 1970s I have pursued three separate but overlapping and sometimes simultaneous careers 1 philosopher writer teacher historian of the long nineteenth century 1789-1914 2 editor translator photographer publisher biographer encyclopedist 3 cataloging librarian rare books and special collections librarian historian of medicine Somehow these three vocations have garnered me some acclaim even an entry in Who's Who in America Each of them has resulted in some published or presented works Because these works have been scattered in a wide variety of venues some of which have gone out of print or have otherwise become generally unavailable and of course with the oral presentations being gone as soon as they are given I have thought it wise to select epitomize and bring them together in one place here Thus what follows in these volumes is what I consider to be the most important of my shorter works All translations are my own unless otherwise indicated **Encyclopedia of Ancient Greece** Nigel Wilson, 2013-10-31 Examining every aspect of the culture from antiquity to the founding of Constantinople in the early Byzantine era this thoroughly cross referenced and fully indexed work is written by an international group of scholars This Encyclopedia is derived from the more broadly focused Encyclopedia of Greece and the Hellenic Tradition the highly praised two volume work Newly edited by Nigel Wilson this single volume reference provides a comprehensive and authoritative guide to the political cultural and social life of the people and to the places ideas periods and events that defined ancient

Greece     Selected Philosophical and Scientific Writings Emilie Du Châtelet, 2009-09-15 Though most historians remember her as the mistress of Voltaire Emilie Du Châtelet 1706-49 was an accomplished writer in her own right who published multiple editions of her scientific writings during her lifetime as well as a translation of Newton's *Principia Mathematica* that is still the standard edition of that work in French Had she been a man her reputation as a member of the eighteenth century French intellectual elite would have been assured In the 1970s feminist historians of science began the slow work of recovering Du Châtelet's writings and her contributions to history and philosophy For this edition Judith P Zinsser has selected key sections from Du Châtelet's published and unpublished works as well as related correspondence part of her little known critique of the Old and New Testaments and a treatise on happiness that is a refreshingly uncensored piece of autobiography making all of them available for the first time in English The resulting volume will recover Châtelet's place in the pantheon of French letters and culture

Classics of Western Philosophy Steven M. Cahn, 2012-10-01 The Eighth Edition of Steven M Cahn's *Classics of Western Philosophy* offers the same exacting standard of editing and translation that made earlier editions of this anthology the most highly valued and widely used volume of its kind But the Eighth Edition offers exciting new content as well Plato's *Laches* complete new selections from Aristotle's *Nicomachean Ethics* on courage Descartes' *Discourse on Method* complete all previously omitted sections of Berkeley's *A Treatise Concerning the Principles of Human Knowledge* Kant's *Prolegomena to Any Future Metaphysics* complete These additions with no offsetting deletion of content of the Seventh Edition yield an anthology of unrivaled versatility the only one to offer the complete texts of both Descartes' *Discourse on Method* and *Meditations on First Philosophy* both Berkeley's *A Treatise Concerning the Principles of Human Knowledge* and *Three Dialogues between Hylas and Philonous* Kant's *Prolegomena to Any Future Metaphysics* and selections from the *Critique of Pure Reason*

*Wilhelm Dilthey: Selected Works, Volume VI* Wilhelm Dilthey, 2019-11-12 This book completes a landmark six volume translation of the major writings of Wilhelm Dilthey 1833-1911 a philosopher and historian of culture who continues to have a significant influence on philosophy hermeneutics and the theory of the human sciences These volumes make available to English readers texts that represent the full range of Dilthey's work The works in this volume present Dilthey's most deeply held views about philosophy and how it can guide human practices *System of Ethics* 1890 argues that Humean sympathy motivates us only externally and must be replaced with the internally motivated fellow feeling of solidarity that respects others as ends in themselves *The Essence of Philosophy* 1907 demonstrates how philosophy has developed from its traditional metaphysical role to the epistemological and encyclopedic functions that ground and order the natural and human sciences The work also discloses an orientational function of philosophy that is explored further in *The Types of World View and Their Development* 1911 Philosophical world views are important in that they address the existential needs and riddles that grow out of life experience and are not solved by any of the sciences In addition the book features three other significant essays *Present Day Culture and Philosophy* 1898 concerns the challenges

to philosophy posed by contemporary culture Dream 1903 is about the thinkers portrayed in Raphael's School of Athens and Dilthey's worries about them breaking up into three divergent groups Finally The Problem of Religion 1911 considers how religiosity can still inform lived experience in secular times      Topics in the Philosophy of Biology Marjorie Grene, Everett Mendelson, 2012-12-06 The philosophy of biology should move to the center of the philosophy of science a place it has not been accorded since the time of Mach Physics was the paradigm of science and its shadow falls across contemporary philosophy of biology as well in a variety of contexts reduction organization and system biochemical mechanism and the models of law and explanation which derive from the Duhem Popper Hempel tradition This volume we think offers ample evidence of how good contemporary work in the philosophical understanding of biology has become Marjorie Grene and Everett Mendelsohn aptly combine a deep philosophical appreciation of conceptual issues in biology with an historical understanding of the radical changes in the science of biology since the 19th century In this book they present essays which probe such historical and methodological questions as reducibility levels of organization function and teleology and the range of issues emerging from evolutionary theory and the species problem In conjunction with Professor Grene's collection of essays on the philosophy of biology The Understanding of Nature Boston Studies in the Philosophy of Science Vol XXIII and the occasional essays on these topics which we have published in other volumes listed below this volume contributes to bringing biology to the center of philosophical attention Everett Mendelsohn Explanation in Nineteenth Century Biology Boston Studies Vol II 1965 David Hawkins Taxonomy and Information Boston Studies Vol III 1967      Ruminations, Volume 3: The Frozen Landscape: Selected Philosophical, Historical, and Ideological Papers Eric v.d.
