

# An Introduction to the Philosophy of Law

Pound, Roscoe

# Philosophy Of Law An Introduction

**Alessandro Passerin d'Entrèves**

## **Philosophy Of Law An Introduction:**

**Philosophy of Law** Mark Tebbit, 2000 Philosophy of Law is an ideal introduction to this vital topic. Assuming no prior knowledge of philosophy or law, Mark Tebbit eases readers into the most fundamental theories of law and links them to the most prevalent philosophical questions encountered in legal studies. The book is clearly structured around key issues and themes, including the meaning of law, legal and moral rights, responsibility and guilt, insanity and diminished responsibility, and theories of punishment. Throughout, Tebbit links classical problems posed by such thinkers as Hume, Bentham, Mill, and Austin to issues discussed by more recent theorists like Hart, Rawls, and Dworkin. All the major theories of law are lucidly discussed with the non-specialist in mind.

**The Philosophy of Law** Jeffrie G. Murphy, Jules L. Coleman, 1984

**An Introduction to the Philosophy of Law** Roscoe Pound, 1959-09-10 Among books of similar scope, this is the recognized American classic. Those who read this book will have the strange privilege of thinking things together in the law from the beginning of written history to the moment Pound sent his writings to the printer. Through this writing of Pound's, they can see what it is to deal with the whole objective world in the law as a freeman should, knowing how things have happened, fortunately or unfortunately, logically or through some kind of hardly explicable human conduct.

**Philosophy of Law** Mark Tebbit, 2000-02-01 Philosophy of Law: An Introduction provides an ideal starting point to students of philosophy and law. Assuming no prior knowledge of philosophy or law, Mark Tebbit introduces readers to fundamental legal theories and concepts and to the philosophical questions they raise. He provides an exceptionally wide-ranging overview to the competing theories and the disputes in the subject, both classical and contemporary.

**Book jacket**

**What Makes Law** Liam Murphy, 2014-06-16 This book offers an advanced introduction to central questions in legal philosophy. What factors determine the content of the law in force? What makes a normative system a legal system? How does law beyond the state differ from domestic law? What kind of moral force does law have? The most important existing views are introduced, but the aim is not to survey the existing literature. Rather, this book introduces the subject by stepping back from the fray to sketch the big picture, to show just what is at stake in these old debates. Legal philosophy has become somewhat arid and inward-looking. In part, this is because the disagreement between the main camps on the important questions is apparently intractable. The main aim of the book is to suggest both a diagnosis and a proper practical response to this situation of intractable disagreement about questions that do matter.

**Philosophy of Law** Joseph I. Omoregbe, 1994

**INTRODUCTION TO THE PHILOSOPHY OF LAW** ROSCOE. POUND, 2018

**An Introduction to the Philosophy of Law** Roscoe Pound, Marshall. L. DeRosa, 2017-11-30 In *An Introduction to the Philosophy of Law*, Roscoe Pound shows how philosophy has been a powerful instrument throughout the history of law. He examines what philosophy has done for some of the chief problems of the science of law and how it is possible to look at those problems philosophically without treating them in terms of a particular time period. The function of legal philosophy, writes Pound, is to rationally formulate a general theory

of law which conforms to the interests the general security first and foremost of society Marshall DeRosa writes in his new introduction that in the light of twentieth century judicial politics Roscoe Pound s philosophy of law has prevailed to a significant extent This book s relevance to appreciating the development of the American legal system in all its complexities including liability law contract law and property law is in itself notable But in terms of understanding the twentieth century development of the American rule of law An Introduction to the Philosophy of Law is indispensable It will make an invaluable addition to the personal libraries of legal theorists philosophers political scientists and historians of American law

**Philosophy of Law** Jeffrie G. Murphy, Jules L. Coleman, 1990 Explores The Central Philosophical Problems Arising In The Study Of Law The Discussion Is Philosophically Sophisticated Accessible And Fair Minded Has 5 Chapters The Nature Of Law Moral Theory And Its Application To Fair Crime And Punishment Philosophy And The Private Law And Law And Economics Also Has A Table Of Cases Cited Also 4 Figures **An Introduction to the Philosophy of Law** Pound Roscoe, 2016-06-23

Unlike some other reproductions of classic texts 1 We have not used OCR Optical Character Recognition as this leads to bad quality books with introduced typos 2 In books where there are images such as portraits maps sketches etc We have endeavoured to keep the quality of these images so they represent accurately the original artefact Although occasionally there may be certain imperfections with these old texts we feel they deserve to be made available for future generations to enjoy Philosophy of Law: A Very Short Introduction Raymond Wacks, 2006-05-18

The concept of law lies at the heart of our social and political life shaping the character of our community and underlying issues from racism and abortion to human rights and international war But what actually is law A set of naturally occurring moral principles or simply rules agreed by a particular society What is a right and what rights should people actually have Is law really colour blind and gender blind Can the law truly tell us whether gay marriages are immoral what s wrong with racism or whether we should go to war Revealing the intriguing and challenging nature of legal philosophy with clarity and enthusiasm Raymond Wacks explores the notion of law and its role in our lives Referring to key thinkers from Aristotle to Rawls Bentham Dworkin H L A Hart and Derrida he looks at the central questions behind legal theory that have fascinated lawyers and philosophers and anyone who ever wondered about law s relation to justice morality and democracy ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable *An Introduction to the Philosophy of Law* Roscoe Pound, 2019-11-21

In An Introduction to the Philosophy of Law Roscoe Pound presents a comprehensive examination of legal theory through an analytical lens that intertwines historical context jurisprudential principles and social realities His literary style is characterized by clarity and lucidity employing both philosophical discourse and practical examples to elucidate the complex interplay between law and society Set against the backdrop of early 20th century legal thought Pound s work serves

as both a critique of positivism and a call for a more dynamic understanding of law emphasizing the necessity of integrating ethical considerations into legal frameworks Roscoe Pound an influential legal scholar and pragmatist served as a dean at Harvard Law School and was deeply engaged with the evolving landscape of American jurisprudence His background in sociology and philosophy informed his quest to reconcile the rigid structures of law with the fluid nature of human experience This interplay of disciplines propelled Pound to question established norms and advocate for a legal philosophy that prioritizes the social good ultimately shaping his approach in this text An Introduction to the Philosophy of Law is essential reading for anyone seeking to understand the foundations of legal thought and the philosophical dilemmas inherent in the practice of law It is particularly recommended for students practitioners and scholars who wish to grasp the significance of law in shaping societal values and the ethical implications that arise from its application

Introduction to the Philosophy of Law Jefferson White, Dennis Michael Patterson, 1999 Introduction to the Philosophy of Law Readings and Cases employs a combination of case based and theory based materials to show novices in the field how the philosophy of law is related to concrete and actual legal practice Ideal for undergraduates it engages their curiosity about the law without sacrificing philosophical content The authors emphasize a command of legal concepts and doctrine as a prelude to philosophical analysis Designed to acquaint students with the fundamentals of jurisprudence and legal theory Part I of the book includes readings from influential philosophers representing eight different types of jurisprudence natural law theory positivism constructivism consequentialism critical legal studies feminist theory practice theory and new natural law theory In Part II the authors present a variety of cases that allow students to apply the theories in Part I to the actual practice of law Unlike similar texts which focus primarily on public law this unique book addresses both private and public law and includes cases on statutory interpretation contract law and tort law Brief essays precede and discussion questions follow each case Introduction to the Philosophy of Law Readings and Cases serves as an exceptional text for courses in the philosophy of law jurisprudence and legal theory

Philosophy Of Law Jeffrie Murphy, Jules Coleman, 1989-12-17 In this revised edition two distinguished philosophers have extended and strengthened the most authoritative text available on the philosophy of law and jurisprudence While retaining their comprehensive coverage of classical and modern theory Murphy and Coleman have added new discussions of the Critical Legal Studies movement and feminist jurisprudence and they have strengthened their treatment of natural law theory criminalization and the law of torts The chapter on law and economics remains the best short introduction to that difficult controversial and influential topic Students will appreciate the careful organization and clear presentation of complicated issues as well as the emphasis on the relevance of both law and legal theory to contemporary society

Law, Order and Freedom C.W. Maris, F.C.L.M. Jacobs, 2011-09-08 The central question in legal philosophy is the relationship between law and morality The legal systems of many countries around the world have been influenced by the principles of the Enlightenment freedom equality and fraternity The position is similar in relation to the accompanying state

ideal of the democratic constitutional state as well as the notion of a welfare state The foundation of these principles lies in the ideal of individual autonomy The law must in this view guarantee a social order which secures the equal freedom of all This freedom is moreover fundamental because in modern pluralistic societies a great diversity of views exist concerning the appropriate way of life This freedom ideal is however also strongly contested In Law Order and Freedom a historical overview is given pertaining to the question of the extent to which the modern Enlightenment values can serve as the universal foundation of law and society      *An Introduction to the Philosophy of Law (Classic Reprint)* Roscoe Pound, 2017-11-20 Excerpt from An Introduction to the Philosophy of Law Ripe for restoring it to its Old place therein Atlaw what stands before us to be done in some of the more conspicuous problems Of that science today in which philosophy may help us and how it is possible to look at those problems philosophically without treating them in terms of the eighteenth century natural law or the nineteenth century metaphysical jurisprudence which stand for philosophy in the general understanding of lawyers Roscoe Pound About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works      PHILOSOPHY OF LAW SILVIO. MELI, 2021

**An Introduction to the Philosophy of Law / By Roscoe Pound** Roscoe Pound, 2015-08-22 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant      **Natural Law** Alessandro Passerin d'Entrèves, 1951 This is the classic study of the history and continuing philosophical values of the law of nature D'Entrèves discerned three distinct sources that have contributed to the development of natural law Roman law teachings Christian beliefs regarding law and egalitarian and revolutionary theories of the Enlightenment Now regarded as a classic work Natural Law has exercised considerable influence over the course of Anglo American legal theory in the past forty years The

statements of Clarence Thomas during his 1991 Senate confirmation hearings show that the law of nature still holds powerful appeal in defining judicial rules In the new introduction Cary J Nederman points out both the contemporary value and the historical significance of Natural Law He also provides the biographical as well as intellectual context for d Entreves immense accomplishments This volume is essential reading for students of legal history political theory and philosophy It will also be of interest to historians Few texts provide as concise or as cogent an introduction to natural theory as Alexander Passerin d Entreves Natural Law An Introduction to Legal Philosophy Transaction Publishers has performed a genuine service by bringing out a new edition of Natural Law D Entreves analysis is clear and penetrating and will guide the student of natural law to further fruitful study Mitchell Muncy The University Bookman Google Books viewed May 18 2021     **An Introduction to the Philosophy of Law / by Roscoe Pound - Primary Source Edition** Roscoe Pound, 2013-10 This is a reproduction of a book published before 1923 This book may have occasional imperfections such as missing or blurred pages poor pictures errant marks etc that were either part of the original artifact or were introduced by the scanning process We believe this work is culturally important and despite the imperfections have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide We appreciate your understanding of the imperfections in the preservation process and hope you enjoy this valuable book

## Whispering the Techniques of Language: An Psychological Quest through **Philosophy Of Law An Introduction**

In a digitally-driven earth wherever screens reign supreme and quick conversation drowns out the subtleties of language, the profound techniques and emotional nuances hidden within words often go unheard. Yet, nestled within the pages of **Philosophy Of Law An Introduction** a captivating literary prize pulsing with natural emotions, lies an extraordinary quest waiting to be undertaken. Written by a skilled wordsmith, that marvelous opus invites visitors on an introspective trip, softly unraveling the veiled truths and profound affect resonating within the very material of each word. Within the mental depths of the poignant review, we can embark upon a heartfelt exploration of the book is core subjects, dissect their interesting publishing style, and fail to the effective resonance it evokes strong within the recesses of readers hearts.
