

PHILOSOPHY OF RELIGION: THE BIG QUESTIONS

# PHILOSOPHY OF RELIGION: The BIG QUESTIONS

LECTURE 10: THE PROBLEM OF THE EXISTENCE OF GOD

# Philosophy Of Religion The Big Questions

**Jill Oliphant, Matthew Taylor**

## **Philosophy Of Religion The Big Questions:**

*Philosophy of Religion* Eleanore Stump, Michael J. Murray, 1999-03-12 This book contains a collection of the essential readings treating both classic and contemporary issues in philosophy of religion

**The Big Questions in Science and Religion** Keith Ward, 2008-05 Can religious beliefs survive in the scientific age Are they resoundingly outdated Or is there something in them of great importance even if the way they are expressed will have to change given new scientific context These questions are among those at the core of the science religion dialogue An Anglican priest who was once an atheist offers compelling insights into the often contentious relationship between diverse religious views and new scientific knowledge He identifies ten basic questions about the nature of the universe and human life Among these are Does the universe have a goal or purpose Do the laws of nature exclude miracles Can science provide a wholly naturalistic explanation for moral and religious beliefs Has science made belief in God obsolete Are there any good science based arguments for God Ward considers concepts from Buddhism Confucianism Taoism Islam Hinduism Judaism and Christianity while featuring the speculations of cosmologists physicians mathematicians and philosophers

OCR Philosophy of Religion for AS and A2 Jill Oliphant, Matthew Taylor, 2015-07-16 Structured directly around the specification of the OCR this is the definitive textbook for students of Advanced Subsidiary or Advanced Level courses The updated third edition covers all the necessary topics for Philosophy of Religion in an enjoyable student friendly fashion Each chapter includes a list of key issues OCR specification checklist explanations of key terminology overviews of key scholars and theories self test review and exam practice questions To maximise students chances of success the book contains a section dedicated to answering examination questions It comes complete with diagrams and tables lively illustrations a comprehensive glossary and full bibliography Additional resources are available via the companion website at [www.routledge.com/cw/mayled](http://www.routledge.com/cw/mayled)

**The Big Questions: God** Mark Vernon, 2012-04-26 Can the existence of God be proved by reason alone Has scientific discovery destroyed the intellectual basis for religion Does the presence of evil in the world mean that God does not care about us And why does fundamentalism flourish in an age of progress In *Big Questions: God* Mark Vernon addresses these and many more perennial dilemmas drawing on physics and philosophy spiritual traditions and religious experience He explores the place of religion in relation to science in making sense of evil in understanding history and in explaining value Asking the big questions again for himself he finds new areas of thought and perception *Big Questions: God* is a subtle but compelling argument for the necessity of a spiritual dimension in modern society and offers profound insights on humanity's constant battle to make sense of the transcendent

**Philosophy's Big Questions** Steven M. Emmanuel, 2021-07-27 Certain questions have recurred throughout the history of philosophy They are the big questions about happiness and the good life the limits of knowledge the ultimate structure of reality the nature of consciousness the relation between causality and free will the pervasiveness of suffering and the conditions for a just and flourishing society that thinkers in different cultures across the ages have

formulated in their own terms in an attempt to make sense of their lives and the world around them The essays in this book turn to the major figures and texts of the Buddhist tradition in order to expand and enrich our thinking on these enduring questions Examining them from a comparative and cross cultural perspective demonstrates the value of alternative ways of addressing philosophical problems showing how different approaches can produce new and unexpected kinds of questions and answers Engaging with the Buddhist tradition this book shows helps return philosophy to its practical as well as theoretical aim not only understanding the world but also knowing how to live in it Featuring striking and generative comparisons of Buddhist and Western thought Philosophy s Big Questions challenges our thinking in fundamental ways and offers readers new conceptual tools methods and insights for the pursuit of a good and happy life

**The Big Question**

Alister McGrath, 2024-03-26 McGrath calls for a full bodied humanism invigorated by both scientific reasoning and religious devotion Profound engagement with life defining issues Booklist Richard Dawkins s groundbreaking book The God Delusion created an explosion of interest in the relation of science and faith This often troubled relationship between science and religion was seemingly damaged by the rise of the New Atheism which insisted that science had essentially disproved not just God but also the value of religion There is increasing skepticism towards its often glib and superficial answers and the big questions about faith God and science haven t gone away in fact we seem to talk about them more than ever Alister McGrath s The Big Question is an accessible engaging account of how science relates to faith exploring how the working methods and assumptions of the natural sciences can be theologically useful McGrath uses stories and analogies as well as personal accounts in order to help readers understand the scientific and theological points he makes and grasp their deeper significance An extremely accomplished scientist and scholar McGrath criticizes the evangelism of the New Atheists and paves a logical well argued road to the compatibility between science and faith Some of his main discussion points include There is much more convergence between science and faith than is usually appreciated How the three great models of scientific explanation can be adapted to religious belief Belief in God provides a big picture of reality making sense of science s successes Another deeply felt entry on two divergent yet ultimately compatible ways of engaging the world and understanding reality Kirkus Reviews

The Quantum Theory, Philosophy and God Caner Taslaman, 2020-10-04 Quantum theory has shaken our understanding of the universe to its deepest foundations Quantum theory raises deep and profound scientific philosophical and theological issues Consider several scientific issues Is quantum indeterminism ontological a reflection of reality or epistemological a reflection of human ignorance Does the universe have a place for chance What is the famous Bohr Einstein debate Who won What is Schrödinger s famous cat and what does it teach us Some philosophical issues How do our metaphysical commitments affect the interpretation of quantum theory How given quantum theory should we understand the laws of nature What are the implications of quantum theory for the traditional metaphysics and epistemologies of for example Kant Leibniz and Spinoza Finally what are the implications of this revolutionary theory for

theology Is it possible to construct a natural theology a case for God based on nature given quantum theory Is Divine action possible given quantum uncertainties Are there implications for the ongoing debates about miracles free will and the problem of evil This book which seeks to answer these and many other questions is highly recommended for those who value understanding quantum theory from and for philosophical and theological perspectives *The Big Questions* Jonathan Hill,2007 In this investigation of Christian thinkers selected philosophers and other religious leaders key issues regarding Christianity over the centuries are discussed in detail Considering the arguments for and against each position the study's perspective focuses on the key questions of life and existence showing the different ways Christian thinkers have answered them Providing an excellent way into understanding these issues and having readers formulate opinions for themselves the collection of questions include How can we believe in God when there is so much suffering Does science mean the end of religion Does life after death really exist Have we any good reason to believe in God What is the ultimate goal of life and What does it mean to lead a good life *Evolution and the Big Questions* David N. Stamos,2011-09-23 *Evolution and the Big Questions* David N Stamos's *Evolution and the Big Questions* delivers what its title promises you get to look at all of the issues such as race and ethics and religion that make the study of evolution so interesting and more than just a science The book is written in a clear and friendly manner and deserves a very wide readership Michael Ruse Florida State University This provocative text considers whether evolutionary explanations can be used to clarify some of life's biggest questions It offers a lively informative and timely look at a wide variety of key issues facing all of us today including questions of race sex gender the nature of language religion ethics knowledge consciousness and ultimately the meaning of life Some of the questions examined are Did evolution make men and women fundamentally different Is the concept of race merely a social construction Is morality including universal human rights a mass delusion Can religion and evolution really be harmonized Does evolution render life meaningless Designed for students and anyone with an interest in the relationship between evolutionary heritage and human nature the text takes an interdisciplinary approach and offers direction for further reading and research Each chapter presents a main topic together with discussion of related ideas and arguments from various perspectives Along the way it poses life's biggest questions pulling no punches and presenting a challenge to thinkers on all levels Religion in Multidisciplinary Perspective F. LeRon Shults,Robert Cummings Neville,2022-01-01 *Religion in Multidisciplinary Perspective* provides the first comprehensive treatment of the work of Wesley J Wildman one of the most inventive thinkers in the field of religious studies Scholars with expertise in philosophical theological and scientific approaches to the study of religion offer critical and constructive engagements with Wildman's astonishingly creative and integrative oeuvre The essays address themes that will be of interest to those concerned with the current state of scholarship on religion from a variety of disciplines including philosophy theology ethics psychology sociology anthropology and others The volume concludes with a response by Wildman Higher RMPS: Religious & Philosophical Questions Joe

Walker,2017-02-13 Exam Board SQA Level Higher Subject Modern Studies First Teaching September 2014 First Exam June 2015 The only resource for Religious and Philosophical Questions at Higher level written by a bestselling author and expert in the field This book provides comprehensive coverage of the newly designed CFE Higher in Religious Moral and Philosophical Studies It is also ideal for students across Scotland studying key topic areas in Religious and Philosophical Questions as part of the broad general education and the senior phase of RME Offers a lively accessible and engaging style with appropriate humour that reflects real life situations and moral issues Highlights the importance of dealing with varieties of belief within religious traditions Deals with up to date contemporary and topical issues in a highly practical manner

**Approaching the World's Religions, Volume 1** Robert Boyd,2017-05-04 Philosophically Thinking about World Religions is different from other works in the discipline today It deviates from the typical approaches used for the study of world religions Its goal is to engage readers in thinking hard about world religions not about the data surrounding those traditions By focusing on philosophical questions each reader should be challenged to do their own investigations that may reveal the heart of these traditions Another stance that this project takes that distinguishes it from other texts in the discipline is that it advocates an inclusivist perspective regarding the world religions Pluralism which is the predominate assumption today ends either in contradiction or in the development of a metatheory that dismisses crucial distinctions between the various traditions or eliminates some ancient religions because they do not fit the metatheory By taking an open inclusivist approach all religious traditions may engage at the table of dialogue The final essay is about justice and social affairs While that discussion is couched within the context of a particular tradition each religious tradition must have the discussion But it must be more than an intrareligious dialogue it must become an interreligious dialogue **Religious Philosophy as Multidisciplinary Comparative Inquiry** Wesley J. Wildman,2010-11-05 What can philosophy contribute to the study of religion This book argues that the study of religion needs philosophy in the form of multidisciplinary comparative inquiry Contradicting the current tendency to regard philosophical reflection and the academic study of religion as independent endeavors best kept apart Wesley J Wildman brings them together offering a broader vision than that of traditional philosophy of religion and surmounting many of its difficulties His newer conception of religious philosophy is well suited to the modern multicultural secular university Through multidisciplinary comparative inquiry religious philosophy allows for a variety of approaches from historical and analytical work to evocative description and theoretical evaluation of truth claims and both secular and religious thinkers participate The tasks and varieties of religious philosophy as they arc across the world s religions and philosophies are discussed along with religious philosophy s modern and postmodern contexts Wildman s thoughtful and thought provoking book will be essential reading for all those concerned with the study of religion present and future **God Is Great, God Is Good** William Lane Craig,Chad Meister,2010-08-24 In this magisterial collection the contemporary complaints against belief in God are addressed with intellectual passion and rigor by some of the

most astute theological and philosophical minds of the day Including an interview by Gary Habermas with noted convert to theism Antony Flew and a direct critical response to Richard Dawkins's *God Delusion* by Alvin Plantinga *God Is Great God Is Good* offers convincing and compelling reassurance that though the world has changed God has not [Do We Have Free Will?](#) Robert Kane, Carolina Sartorio, 2021-09-30 In this little but profound volume Robert Kane and Carolina Sartorio debate a perennial question Do We Have Free Will Kane introduces and defends libertarianism about free will free will is incompatible with determinism we are free we are not determined Sartorio introduces and defends compatibilism about free will free will is compatible with determinism we can be free even while our actions are determined through and through Simplifying tricky terminology and complicated concepts for readers new to the debate the authors also cover the latest developments on a controversial topic that gets us entangled in questions about blameworthiness and responsibility coercion and control and much more Each author first presents their own side and then they interact through two rounds of objections and replies Pedagogical features include standard form arguments section summaries bolded key terms and principles a glossary and annotated reading lists Short lively and accessible the debate showcases diverse and cutting edge work on free will As per Saul Smilansky's foreword Kane and Sartorio present the readers with two things at once an introduction to the traditional free will problem and a demonstration of what a great yet very much alive and relevant philosophical problem is like Key Features Covers major concepts views and arguments about free will in an engaging format Accessible style and pedagogical features for students and general readers Cutting edge contributions by preeminent scholars on free will **Is Political Authority an Illusion?** Michael Huemer, Daniel Layman, 2021-11-09 What gives some people the right to issue commands to everyone else and force everyone else to obey them And why should people obey the commands of those with political power These two key questions are the heart of the issue of political authority and in this volume two philosophers debate the answers Michael Huemer argues that political authority is an illusion and that no one is entitled to rule over anyone He discusses and rebuts the major theories supporting political authority's rightfulness implicit social contract theory hypothetical contract theories democratic theories of authority and utilitarian theories Daniel Layman argues that democratic governments have authority because they are needed to protect our rights and because they are accountable to the people Each author writes two replies directly addressing the arguments and ideas of the other Key Features Covers a key foundational problem of political philosophy the authority of government Debate format ensures a full hearing of both sides A Glossary includes key concepts in political philosophy related to the issue of authority Annotated Further Reading sections point students to additional resources Clear concrete examples and arguments help students clearly see both sides of the argument A Foreword by Matt Zwolinski describes a broader context for political authority and then traces the key points and turns in the authors debate *This Thing Called Reason* Benjamin K. Akih, 2025-05-06 This book offers a conceptual analysis of reason proposing a plausible theory to resolve persistent vagueness in the historical use of the concept The

proposed theory leads to the view that reason is fundamentally subjective and dependent on non inferential matters of faith Despite the inherent subjectivity we can arrive at a consensus in reasoning exercises because we all participate in a universal minimum religion that grounds all reasoning True atheism is therefore impossible This analysis bears on debates about the relation between faith and reason as well as the relation between ethics based on reason and ethics based on sentiments The book further shows that this new and original view of religiously constrained reason ought to equally inform our thinking about applied ethics such as politics law and economics

**God's Rivals** Gerald R. McDermott, 2009-08-20 Gerald R McDermott explores the question Why are there other religions He looks at teaching from the Old and New Testaments and from a number of key teachers from the early church to suggest an answer to this perplexing but intriguing question

**Concise Routledge Encyclopedia of Philosophy** Professor Edward Craig, Edward Craig, 2013-01-11 The most complete and up to date philosophy reference for a new generation with entries ranging from Abstract Objects to Wisdom Socrates to Jean Paul Sartre Ancient Egyptian Philosophy to Yoruba Epistemology The Concise Routledge Encyclopedia of Philosophy includes More than 2000 alphabetically arranged accessible entries Contributors from more than 1200 of the world's leading thinkers Comprehensive coverage of the classic philosophical themes such as Plato Arguments for the Existence of God and Metaphysics Up to date coverage of contemporary philosophers ideas schools and recent developments including Jacques Derrida Poststructuralism and Ecological Philosophy Unrivalled international and multicultural scope with entries such as Modern Islamic Philosophy Marxist Thought in Latin America and Chinese Buddhist Thought An exhaustive index for ease of use Extensive cross referencing Suggestions for further reading at the end of each entry

**Can War Be Justified?** Andrew Fiala, Jennifer Kling, 2023-02-21 Can war be justified Pacifists answer that it cannot they oppose war and advocate for nonviolent alternatives to war But defenders of just war theory argue that in some circumstances when the effectiveness of nonviolence is limited wars can be justified In this book two philosophers debate this question drawing on contemporary scholarship and new developments in thinking about pacifism and just war theory Andrew Fiala defends the pacifist position while Jennifer Kling defends just war traditions Fiala argues that pacifism follows from the awful reality of war and the nonviolent goal of building a more just and peaceful world Kling argues that war is sometimes justified when it is a last ditch necessary effort to defend people and their communities from utter destruction and death Pulling from global traditions and histories their debate will captivate anyone who has wondered or worried about the morality of political violence and military force Topics discussed include ethical questions of self defense and other defense the great analogy between individuals and states evolving technologies and methods of warfighting moral injury and post traumatic stress disorder broader political and communal issues and the problem of regional security in a globalizing world The authors consider cultural and religious issues as well as the fundamental question of moral obligation in a world saturated in military conflict The book was written in the aftermath of the war on terrorism and includes reflection on lessons learned from the past decades of war as well as

hopes for the future in light of emerging threats in Europe and elsewhere The book is organized in a user friendly fashion Each author presents a self contained argument which is followed by a series of responses replies and counter arguments Throughout the authors model civil discourse by emphasizing points of agreement and remaining areas of disagreement The book includes reader friendly summaries a glossary of key concepts and suggestions for further study All of this will help students and scholars follow the authors dialogue so they may develop their own answer to the question of whether war can be justified Key Features Summarizes the debate between pacifism and just war theory Considers historical and traditional sources as well as contemporary scholarship and applications Models philosophical dialogue and civil discourse while seeking common ground Discusses issues of concern in contemporary warfighting and peacemaking while offering an analysis of the war on terrorism
