Photography Theory James Elkins, 2013-10-18 Photography Theory presents forty of the world's most active art historians and theorists including Victor Burgin Joel Snyder Rosalind Krauss Alan Trachtenberg Geoffrey Batchen Carol Squiers Margaret Iversen and Abigail Solomon Godeau in animated debate on the nature of photography Photography has been around for nearly two centuries but we are no closer to understanding what it is For some people a photograph is an optically accurate impression of the world for others it is mainly a way of remembering people and places Some view it as a sign of bourgeois life a kind of addiction of the middle class whilst others see it as a troublesome interloper that has confused people's ideas of reality and fine art to the point that they have difficulty even defining what a photograph is For some the whole question of finding photography's nature is itself misguided from the beginning This provocative second volume in the Routledge The Art Seminar series presents not one but many answers to the question what makes a photograph a photograph

□□□□□□ 1912-1990 Manfred Heiting, Duncan Forbes, 2017 This book illustrates the development of photography as seen in photo publications in Japan from the time of influence by European and American pictorialism the German Bauhaus and Imperial military propaganda to the complete collapse and destruction of the country in 1945 Then followed a new beginning with the unique self-determination of a young generation of photographers and visual artists highlighted by the Provoke style as well as protest and war documentation of the late 1950s to the early 70s the signature Japanese photobook as we have come to know it was born With detailed information and illustrations of over 500 photo publications an introduction by Kaneko Ryuichi and essays by Fujimura Satomi Duncan Forbes Manfred Heiting Mitsuda Yuri Iizawa Kotaro Shirayama Mari and Takeba Joe this is the first extensive English-language survey of Japanese photobooks of this period

A Box of Photographs Roger Grenier, 2019-04-05 Most attempts to generalize about photography as a medium run up against our experience of the photographs themselves We live with photos and cameras every day and philosophies of the photographic image do little to shake our intimate sense of how we produce photographs and what they mean to us In this book that is equal parts memoir and intellectual and cultural history French writer Roger Grenier contemplates the ways that photography can change the course of a life reflecting along the way on the history of photography and its practitioners Unfolding in brief charming vignettes A Box of Photographs evokes Grenier's childhood in Pau his war years and his working life at the Gallimard publishing house in Paris Throughout these personal stories Grenier subtly weaves the story of a lifetime of practicing and thinking about photography and its heroes Henri Cartier Bresson Weegee Alfred Eisenstaedt George Brassa Inge Morath and others Adding their own insights about photography to the narrative are a striking range of writers thinkers and artists from Lewis Carroll Albert Camus and Arthur

Schopenhauer to Susan Sontag Edgar Degas and Eugène Delacroix Even cameras themselves come to life and take on personalities an Agfa accompanies Grenier on grueling military duty in Algeria a Voigtlander almost gets him killed by German soldiers during the liberation of Paris and an ill fated Olympus drowns in a boating accident Throughout Grenier draws us into the private life of photographs seeking the secrets they hold for him and for us A valedictory salute to a lost world of darkrooms proofs and the gummed paper corners of old photo albums A Box of Photographs is a warm look at the most honest of life's mirrors **Gustave Le Gray, 1820-1884** Sylvie Aubenas, Gustave Le Gray, 2002 He occasionally made photographs until his death in poverty there in 1884 leaving behind some of the most dazzling photographic images of his era

Nadar: Collection Michel Et Michèle Auer Maria Morris Hambourg, Françoise Heilbrun, Philippe Néagu, 1995 Nadar whose real name was Felix Tournachon 1820 1910 was a conspicuous even astonishing presence in nineteenth century France Engaging and quick witted he invented himself over and over as a bohemian writer a journalist a romantic utopian a caricaturist a portrait photographer a balloonist an entrepreneur a prophet of aeronautics The name Nadar was on everyone's lips Today it is Nadar's photography that is remembered His sitters who were often his friends included the great men and women of his time Dumas Rossini Baudelaire Sarah Bernhardt Daumier Berlioz George Sand Delacroix Nadar's legendary name has been attached not only to his original photographs but to reprints copies and a great deal of studio work For that reason this volume exactly reproduces some one hundred photographs from the years 1854 60 the period of his earliest and finest photography allowing viewers to become familiar with the subtle light and balanced velvety tones that distinguish Nadar's original work Accompanying the photographs are essays that shed new light on the many facets of Nadar *A Gust of Photo-Philia* Alexandra Moschovi, 2020-12-15 The first transnational history of photography's accommodation in the art museum Photography was long regarded as a middle brow art by the art institution Yet at the turn of the millennium it became the hot global art of our time In this book part institutional history part account of shifting photographic theories and practices Alexandra Moschovi tells the story of photography's accommodation in and as contemporary art in the art museum Archival research of key exhibitions and the contrasting collecting policies of MoMA Tate the Guggenheim the V A and the Centre Pompidou offer new insights into how art as photography and photography as art have been collected and exhibited since the 1930s Moschovi argues that this accommodation not only changed photography's status in art culture and society but also played a significant role in the rebranding of the art museum as a cultural and social site *Lines, Marks, and Drawings* Craig Allen Subler, Christine Mullen Kreamer, Robert Young, 2013 From distinctive portraits and complex photographic tableaux to YouTube sensations the work of prominent African photographer Roger Ballen is given a fresh perspective in this volume For nearly half a century Roger Ballen has been shooting black and white film a member of the last generation to work in that medium He started his career taking portraits of rural Afrikaners in their homes and has lately been moving toward more staged sets and embellishing his photographs with expressionistic graffiti type drawings

This retrospective book follows the development of line and drawing in Ballen's body of work which is often characterized by complex interior arrangements of people animals and furnishings In more recent work the artist has come out from behind the camera lens to engage with line more directly including a luminous series of photographs that began with drawing on glass Psychologically edgy and seductively beautiful images result This volume also addresses the use of drawing and line in Ballen's newest work in videography This astonishing collection reveals the breadth of Ballen's work which moves fluidly between photography and drawing harshness and beauty raw expression and technical prowess

Portraits Helmut Newton, 1993 In his photographs of top film stars fashion designers actors artists writers pop musicians and photographers Newton has revealed the discrete charm of the bourgeoisie with the impudence of an Italian paparazzo With ultimate technical perfection audacity and his own inimitable style he has captured in masterful photographs the psychological tension between the glamour of show business and the self image his models wished to project

Encyclopedia of Nineteenth-Century Photography John Hannavy, 2013-12-16 The Encyclopedia of Nineteenth Century Photography is the first comprehensive encyclopedia of world photography up to the beginning of the twentieth century It sets out to be the standard definitive reference work on the subject for years to come Its coverage is global an important first in that authorities from all over the world have contributed their expertise and scholarship towards making this a truly comprehensive publication The Encyclopedia presents new and ground breaking research alongside accounts of the major established figures in the nineteenth century arena Coverage includes all the key people processes equipment movements styles debates and groupings which helped photography develop from being a solution in search of a problem when first invented to the essential communication tool creative medium and recorder of everyday life which it had become by the dawn of the twentieth century The sheer breadth of coverage in the 1200 essays makes the Encyclopedia of Nineteenth Century Photography an essential reference source for academics students researchers and libraries worldwide

Photographic Travel Books Danièle Méaux, 2017-07-24 Since early in its history photography has been used by a diversity of travellers whose collected photographs have been compiled into albums But Photographic Travel as a genre of art did not appear before the second half of the twentieth century and had a singular fate and fortune in the US as well as in Europe The initial objective of some itinerant photographers is to make a book their shooting practice is conditioned by this objective as well as their travel experience Their books designed as one coherent hole refer to their wandering experience even though their stories are never completely free from fiction In these books their travels are converged and their subjectivity is revealed It is therefore relevant to call such books made of photographs and possibly words about the travel experience Photographic Travel books comparably to Travel books Danièle Méaux has tackled the task of characterizing this genre
