So What Joyraj Sarma,2021-04-06 About the Book When society fails you it s up to you to take the fight back to them Joyraj This was my very concept when I started this project so what In March 2020 and I can t believe that it took me almost a year to complete this project The idea just came to me in during I was in this lockdown period in the wake of the covid 19 outbreak and when I left everything behind from the music scene to blogging was literally left with no work and money and with literally the same boring routine and same old drama My concept behind so what Was simple in our society people says this one common word a lot so what And this time I was like shut up and don t say So What No more hence the symbol of me shushing to the people as a metaphor About the Author Hie I am Joyraj an aspiring writer musician content creator and YouTuber with a vivid form of ideas and informative facts SO WHAT was my year long effort since I was a mere boy of 26 years old and has a saga of my life experiences and my viewpoint about the negativities that are being served on a plate by the society Apart from that the book also has my humble tribute to some of the people that meant a lot to me and some things that we lost in our lives and do not value anymore and has some collection of poems I wrote back then and some retrospective pieces and within this period I literally grew up with the project and today I am 30 years old man The thing is that society only has a kin interest in reading about the brighter side of the world but I wanted to change that I wanted the

people to see the ugly side of the world and so I came up with SO WHAT **Strange Fascination** David Buckley, 2012-04-24 The Sunday Times bestseller David Bowie was arguably the most influential artist of his time reinventing himself again and again transforming music style and art for over five decades David Buckley's unique approach to unravelling the Bowie enigma via interviews with many of the singer's closest associates biography and academic analysis makes this unrivalled biography a classic for Bowie fans old and new This revised edition of Strange Fascination captures exclusive details about the tours the making of the albums the arguments the split ups the music and most importantly the man himself Also including exclusive photographic material Strange Fascination is the most complete account of David Bowie and his impact on pop culture ever written **The Virgin Encyclopedia of Nineties Music** Colin Larkin, 2000 The Nineties has been a thrilling and varied decade for pop with a renaissance of both rock and roll and pop music Along with new acts like the Spice Girls Oasis Beck Bjork and Nirvana there has been an explosion of dance music and the emergence of powerful new genres like drum n bass and thrash metal All the entries have been created from the massive data base of the Encyclopedia of Popular Music first published in 1992 which is the acknowledged champion of contemporary music reference books
