Pope And Pill More Documentation On The Birth Regulation Debate:

Pope and Pill Leo Pyle,1968 Aquinas and the Theology of the Body Thomas Petri,2016-04-22 Pope John Paul s Theology of the Body catecheses has garnered tremendous popularity in theological and catechetical circles Students of the Theology of the Body have generally interpreted it as innovative not only in its presentation of the Church s teaching on marriage and sexuality but also as radically advancing that teaching Aquinas and the Theology of the Body offers a somewhat different interpretation Fr Thomas Petri argues that the philosophy and theology of Thomas Aquinas substantially contributed to John Paul s intellectual formation which he never abandoned A correct interpretation of the Theology of the Body requires therefore a thorough understanding of Thomistic anthropology and theology which has been mostly lacking in commentaries on the pope s important contributions on the subject of marriage and sexuality The Schism of '68 Alana Harris,2018-03-02 This volume explores the critical reactions and dissenting activism generated in the summer of 1968 when Pope Paul VI promulgated his much anticipated and hugely divisive encyclical *Humanae Vitae* which banned the use of artificial contraception by Catholics Through comparative case studies of fourteen different European countries it offers a wealth of new data about the lived religious beliefs and practices of ordinary people as well as theologians interrogating traditional teachings in areas relating to love marriage family life gender roles and marital intimacy Key themes include the role of medical experts the media the strategies of progressive Catholic clergy and laity and the critical part played by hugely differing Church State relations In demonstrating the Catholic Church s important and overlooked contribution to the refashioning of the sexual landscape of post war Europe it makes a critical intervention into a growing historiography exploring the 1960s and offers a close interrogation of one strand of religious change in this tumultuous decade

Redeeming Masculinity Peter D. Holmes,2024-07-16 John Paul II spoke of a feminine genius using the phrase to describe the unique and positive contribution of women to relationships the church and society What of men There is considerable debate regarding the nature roles and responsibilities of men What does the church have to say to a boy or young man searching for guidance in developing a genuinely Christian manhood Or to parents schools and communities seeking to cultivate this in their young men Or to the faithful seeking to understand the church s teachings and to apply these in public and private life This book seeks to answer the question Is there a masculine genius Is there a unique and positive contribution men bring to relationships the church and society **Sex and the Marriage Covenant** John F. Kippley,2005 The thesis of this book is that God intends that sexual intercourse should be at least implicitly a renewal of the marriage covenant From this it follows that the marriage covenant provides the criterion to evaluate the morality of every sexual act Thus the title *Sex and the Marriage Covenant* is an appropriate description of the book s contents Marriage comes into being by a couple unreservedly entering God s covenant of marriage contraceptive intercourse contradicts the very essence of the marriage covenant From these considerations Kippley developed the covenant theology of sexuality described in this book
