## **Pope Pius XII And The Holocaust:**

*Consensus and Controversy* Margherita Marchione,2002 From the author of the controversial Pope Pius XII Architect of Peace comes her strongest defense of the former pope yet Fighting revisionist history that has smeared Pius XII s name as anti Semitic and pro Nazi Marchione collects extensive documentation from the war years that paints an entirely different picture

**Pope Pius XII** Margherita Marchione,2000      **Did Pope Pius XII Help the Jews?** Margherita Marchione,2007 While examining the often repeated arguemnts both for and against Pope Pius XII the book reveals his holiness courage goodness intelligence and concern for all humanity BOOK JACKET      The Myth of Hitler's Pope David G. Dalin,2012-03-28 Was Pope Pius XII secretly in league with Adolf Hitler No says Rabbi David G Dalin but there was a cleric in league with Hitler the grand mufti of Jerusalem Hajj Amin al Husseini As Pope Pius XII worked to save Jews from the Nazis the grand mufti became Hitler s staunch ally and a promoter of the Holocaust with a legacy that feeds radical Islam today In this shocking and thoroughly documented book Rabbi Dalin explodes the myth of Hitler s pope and condemns the mythmakers for not only rewriting history but for denying the testimony of Holocaust survivors hijacking the Holocaust for unseemly political ends and ignoring the real threat to the Jewish people

**Hitler's Pope** John Cornwell,2000-10-01 The explosive The New York Times bestseller that redefined the history of the twentieth century The Washington Post This shocking book was the first account to tell the whole truth about Pope Pius XII s actions during World War II and it remains the definitive account of that era It sparked a firestorm of controversy both inside and outside the Catholic Church Award winning journalist John Cornwell has also included in this seminal work of history an introduction that both answers his critics and reaffirms his overall thesis that Pius XII fatally weakened the Catholic Church with his endorsement of Hitler and sealed the fate of the Jews in Europe

Pius XII, the Holocaust and the Revisionists Patrick J. Gallo,2010-06-28 When Cardinal Eugenio Pacelli became Pope Pius XII in 1939 the Nazis had invaded Austria and Czechoslovakia and were poised to strike Poland Jews and other minorities were already being sent to concentration camps and the world was on the verge of another horrific war The prevailing historical interpretation of the era was that Pius XII had a stated anti Nazi and anti Fascist policy he tried to bring an end to the persecution and gave aid and comfort to those who were persecuted Revisionist views however portray Pius XII as a silent passive individual who ignored the treatment of Jews Christians and other minorities a man who could have stopped the holocaust and didn t Through a series of articles and essays the editor and eight contributors critique the works of revisionists who allege that Pius XII was sympathetic to the Nazis or unresistant to their atrocities The essays discuss the roots of these views in the relentless Nazi and communist propaganda of the era and the debate s revival after a 1960s stage play portrayed the pope as a leader afraid to speak out By bringing intellectual rigor and responsibility to the issue this work makes a solid contribution to the history of the papacy and to the biography of Pius XII

but not sensationalistic this book is balanced but on the cutting edge of one of the most important debates in this field how should Vatican policies during World War II be understood Specifically could Pope Pius XII have curbed the Holocaust by vigorously condemning the Nazi killing of Jews Was Pius XII really Hitler s Pope as John Cornwell s provocative book recently suggested Or has he unfairly become a scapegoat when he is really deserving of canonization as a Roman Catholic saint instead In Pope Pius XII and the Holocaust well informed scholars including Michael Marrus Michael Phayer Richard L Rubenstein and Susan Zuccotti wrestle with these questions The book has four main themes 1 Pope Pius XII must be understood in his particular historical context 2 Pope Pius XII put the well being of the Roman Catholic Church as he understood that well being first and foremost 3 In retrospect Pope Pius XII s priorities understandable though they are not only make him a problematic Christian leader but also raise important questions about post Holocaust Christian identity 4 Jewish and Christian memories of the Holocaust will remain different but reconciliation can continue to grow On all sides relations between Christians and Jews can be improved by an honest facing of history and by continuing reflection about what post Holocaust Christian and Jewish identities ought and ought not to mean Righteous Gentiles Ronald J. Rychlak,2005 A relentless band of propagandists has convinced much of the world that Pope Pius XII and the Catholic Church in the face of the great moral crisis of the twentieth century were little more than Nazi lapdogs The myth of Hitler s pope however is grounded not in the facts of history but in the ideological agenda of Pius s detractors Given unprecedented access to Church archives including a confidential Vatican report on Pius XII Ronald J Rychlak documents the heroic response of the Holy Father and countless other Catholics to the plight of Jews under Nazi rule From the end of World War II until well after his death Pius XII was universally respected for his leadership in t *Pius XII and the Holocaust* ,1988

The Pius War Joseph Bottum,David G. Dalin,2004-11-09 In the brutal fight that has raged in recent years over the reputation of Pope Pius XII \_leader of the Catholic Church during World War II the Holocaust and the early years of the Cold War\_ the task of defending the Pope has fallen primarily to reviewers These reviewers formulated a brilliant response to the attack on Pius but their work was scattered in various newspapers magazines and scholarly journals \_making it nearly impossible for the average reader to gauge the results In The Pius War Weekly Standard s Joseph Bottum has joined with Rabbi David G Dalin to gather a representative and powerful sample of these reviews deliberately chosen from a wide range of publications Together with a team of professors historians and other experts the reviewers conclusively investigate the claims attacking Pius XII The Pius War and a detailed annotated bibliography that follows will prove to be a definitive tool for scholars and students \_destined to become a major resource for anyone interested in questions of Catholicism the Holocaust and World War II **The Catholic Church and the Holocaust, 1930-1965** Michael Phayer,2000 Phayer explores the actions of the Catholic Church and the actions of individual Catholics during the crucial period from the emergence of Hitler until the Church s official rejection of antisemitism in 1965 20 photos *The Pope and the Holocaust* Michael

Hesemann,2022-07-01 For over two decades Eugenio Pacelli Pope Pius XII has been blasted in the public square as Hitler's Pope accused by bestselling authors of cowardice in the face of the Nazi regime Some have even said that the pope was complicit in Hitler's grab for power privately fueled by a hatred for the Jewish people And if they are right who would not join in condemning a leader like this especially one who claims to represent all Christians But what if this image of Pius XII is completely backward Archival and archaeological researcher Michael Hesemann has unearthed thousands of documents including from the Vatican Secret Archives or the Vatican Apostolic Archive only recently opened to scholars to give a startling picture of Eugenio Pacelli as a shrewd diplomat and a champion of the Jewish people during World War II Saving thousands upon thousands of lives Pius demonstrated such courage and compassion in these times that Jewish leaders across the globe praised him and the ecumenical Pave the Way Foundation has since nominated him for the Yad Vashem Holocaust Museum's Righteous among the Nations award The Pope and the Holocaust traces Pacelli's fight for peace in the 1930s and 1940s including his years as apostolic nuncio in Germany where he resisted Nazism Even some of his most controversial moves such as the 1933 Vatican concordat were made to protect Jewish and Christian lives What emerges clearly from Hesemann's evidence is a portrait of a man radically committed to the Jews and the revelation God gave to them As Pope Pius himself remarked in 1938 It is not legitimate for Christians to take part in anti-Semitism Spiritually we are all Semites

**A Cross Too Heavy** P. O'Shea,2011-04-25 The papacy of Pius XII 1939-1958 has been a source of near constant criticism and debate since his death particularly because of his alleged silence during the Holocaust Paul O'Shea examines his little studied pre-papal life to demonstrate that Pius was neither an anti-Semitic villain nor a lamb without stain **Pope Pius XII and the Holocaust** Source Wikipedia,2013-09 Please note that the content of this book primarily consists of articles available from Wikipedia or other free sources online Pages 37 Chapters Catholic Church and Nazi Germany Catholic clergy involvement with the Usta'e Conversion of Jews to Catholicism during the Holocaust Public statements of Pope Pius XII on the Holocaust Alperin v Vatican Bank Pope Pius XII and the Roman razzia Tacchi Venturi Pope Pius XII's 1942 Christmas address Pope Pius XII and Yad Vashem Catholic bishops in Nazi Germany Brazilian Visa Project Jewish orphans controversy The Catholic Church and the Holocaust Pius XII The Holocaust and the Cold War Under His Very Windows The Vatican and the Holocaust in Italy Raphael's Verein Excerpt One of the most salient intersections of church and state in twentieth century history was the Catholic Church's response to the totalitarianism of Nazi Germany In the 1930s the Catholic Church was faced with the dilemma of how to respond to the rise of totalitarianism After initially making an effort to negotiate a modus vivendi with such regimes in Nazi Germany and Fascist Italy it found such accommodation increasingly difficult to maintain in the face of ever more aggressive challenges to its rights by Nazi Germany and Fascist Italy After a series of protests made against such infringements of its prerogatives the Vatican felt it necessary to issue two encyclicals opposing the policies of Mussolini and Hitler *Non Abbiamo Bisogno* in 1931 and *Mit Brennender Sorge* in 1937 respectively *Mit Brennender Sorge*

included criticisms of Nazism and racism. However, the exigencies of the geopolitical situation constrained the ability of the Vatican to act in opposition to these regimes. The Bavarian region, the Rhineland and Westphalia, as well as parts in south west Germany, were predominantly Catholic and the church had previously enjoyed a degree of privilege there. North Germany was heavily Protestant and Catholics had suffered. Church of Spies Mark Riebling, 2015-09-29. History has accused wartime pontiff Pius the Twelfth of complicity in the Holocaust and dubbed him Hitler's Pope. Riebling shows that in reality Pius ran the world's largest church, smallest state and oldest spy service. Skimming from church charities to pay covert couriers and surreptitiously tape recording meetings with top Nazis, Pius played sent birthday cards to Hitler while secretly plotting to kill him. Fearing that overt protest would impede his covert actions, he muted his public response to Nazi crimes.

**The Life and Pontificate of Pope Pius XII** Frank Coppa, 2013-02-04. Eugenio Pacelli, Pope Pius XII, is one of the most studied but least understood popes of the twentieth century while his pontificate remains the most turbulent and controversial. Although there is a general consensus that he faced serious problems during his tenure—fascist aggression, the Second World War, the Nazi genocide of the Jews, the march of communism and the Cold War—there is disagreement on his response to these developments. Applauded by some as an apostle for peace for his attempt to prevent the outbreak of war, he has been denounced by others as an advocate of appeasement for this same effort. Praised by both Christians and Jews for his Crusade of Charity during the war, he was denounced by many for his silence during the Holocaust. These conflicting interpretations, dubbed the Pius Wars, are often narrow in focus, lack objectivity and have shed more heat than light. Written by one of the foremost historians of Pius XII, the present biographical study, unlike the greater part of the vast and growing historiography of Pope Pius XII, is a balanced and nonreactive account of his life and times. Its focus is not on the pope's silence during the Holocaust, though it does address the issue in a historical and objective framework. This is a biography of the man as well as the pope. It probes the roots of his traditionalism and legalism, his approach to modernity and reformism in Church and society and the influences behind his policies and actions. This book is the first biography of Eugenio Pacelli to appear in English since the opening of the papers of the pontificate of Pius XI, 1922–1939, in which Pacelli served as nuncio to Germany and secretary of state, along with the publication of the memories of figures close to Papa Pacelli. ABOUT THE AUTHOR Frank J. Coppa is the first recipient of the Lifetime Distinguished Scholarship Award of the American Catholic Historical Association and professor of history and the director of doctoral studies in modern world history at St. John's University. He has published widely in the areas of modern Europe, modern Italy and papal history. His more recent works include *The Papacy, the Jews and the Holocaust*, *Politics and Papacy in the Modern World*, *The Policies and Politics of Pope Pius XII*, *Controversial Concordats*, *The Vatican's Relations with Napoleon, Mussolini and Hitler* and the *Encyclopedia of Modern Dictators*. PRAISE FOR THE BOOK This book adds a great deal to what we currently know about this most written about pope. Frank Coppa introduces a number of principles which need to be discussed by experts and also by biographers of

this pope most importantly the concepts of papal impartiality and anti Judaism as related to Pope Pius XII Charles R Gallagher S J assistant professor of history Boston College This is a balanced and highly nuanced biography of Eugenio Pacelli that examines the whole life and times of the man Frank Coppa has examined the considerable publicly available historical record on Pacelli placed the war years and the Holocaust in the broader scope of Pius XII s life and brought much needed attention to the oft neglected pre 1939 and post 1945 years of this complex enigmatic and intriguing man Paul O Shea co director of the Australian Institute for Holocaust and Genocide Studies Sydney These books approach the wartime pontiff with such a clear mastery of the arguments that both Pius s supporters and his denigrators will find it difficult in the future to expect any serious student to accept the hoary myths that have clouded or exalted that pontiff s reputation Coppa opens both books with the statement that Pius is the most studied but least understood of modern pontiffs His books will go a long way toward changing that perception The Catholic Historical Review A refreshingly balanced Pius XII, the Holocaust, and the Cold War Michael Phayer,2008 At the hub of this terrible dilemma Pius found guidance in the Christian tradition that by crucifying their Messiah the Jews had forfeited their election as the Chosen People If Christians were God s new elect it followed that the interests of the Church came before those of the Jews The crucial test for Pius came with the roundup of the Jews of Rome in October 1943 Pius s efforts to save the Jews were blunted by the Vatican s desire not to set itself against Hitler When a thousand Roman Jews were put on a train to Auschwitz Pius did not protest In this new book Michael Phayer author of The Catholic Church and the Holocaust 1930 1965 makes use of new material in the U S National Archives to shed new light on the actions of the Vatican and of the man whom some have called Hitler s Pope while others campaign for his sainthood The Pope's Dilemma Jacques Kornberg,2015-01-01 A meticulous and careful analysis of the career of the twentieth century s most controversial pope The Pope s Dilemma argues that Pius XII s refusal to condemn Nazi Germany and its allies was driven by the desire to keep Catholics within the Church The Truth Will Set You Free Margherita Marchione,2008 The Truth Will Set You Free commemorates the 50th anniversary of the death of Pope Pius XII October 9 1958 On the fiftieth anniversary of the death of Pius XII Sr Margherita Marchione recalls the outstanding contribution that his life made to the world Sr Margherita has long been in the forefront of the battle to restore the reputation of this contribution of of Pope Pius XII to its saintly rank This selection of her writings and of others bears testimony to her passion for truth Her work issues a challenge to all Catholics to learn the truth and speak out courageously It adds a new level of information concerning the work carried out by this dedicated servant of God **A Question of Judgment** Joseph L. Lichten,1963 In contrast to Rolf Hochhuth s play Der Stellvertreter defends Pope Pius XII in regard to his role in the Holocaust Justifies the pope s failure to directly condemn Nazi persecution of the Jews on the grounds that it would have worsened the situation of the persecuted Cites evidence of aid from the Vatican via high and low level clergy and lay people and via financial and other material help to Jews in Hungary Romania including Transnistria Slovakia France Germany and

especially Italy Mentions some important Vatican representatives who rescued Jews including Archbishop Roncalli later John XXIII Stresses the pope s concern for justice and humanity toward Jews
