Popular Autocracy In Greece 1936 41 A Political Biography Of General Metaxas

Robert Stove

Popular Autocracy In Greece 1936-41 A Political Biography Of General Metaxas:

Popular Autocracy in Greece, 1936-1941 P.J. Vatikiotis, 2014-04-23 The first major political biography of General Ioannis Metaxas who assumed dictatorial power in Greece in 1936 and oversaw the resistance to the Italian invasion in the Second World War As a political portrait of the man the book puts much emphasis on the early career of Metaxas and his journey to state power from 1920 to 1936 Drawing heavily on original Greek sources the book makes extensive use of Metaxas's diary his correspondence and the evidence of his close friends and associates

Popular Autocracy in Greece, 1936-41 Panayiotis J. Vatikiotis, 1998 This is not a full biography of Ioannis Metaxas only a political biography a political profile of the man a prosopography What is presented here is a political portrait drawn mainly in not exclusively from Greek sources The early years of his life background conduct and style in entering the world of Greek politics during the decade 1910-20 and his road to power from 1920 to 1936 receive the most scrutiny and attention There is less emphasis on his 4th August Regime beyond its relevance for an assessment of the man and his political performance It follows very closely even explicitly his Diary his own record of his own life his correspondence and the written evidence diaries reminiscences memoirs memoranda of his close associates and his critics Metaxas was erudite a romantic about classical Greek civilization his social political priorities were loyalty duty civic values and the supreme virtues he elicited fear and resentment from his critics and enemies respect and obedience from his political allies supporters and collaborators Politically Metaxas wished to be the leader of the people he tended to be a populist who aimed at the establishment of a popular autocracy using the monarch as a figurehead and symbol of national unity while he wielded actual power

Popular Autocracy in Greece, 1936-1941 P.J. Vatikiotis, 2014-04-23 The first major political biography of General Ioannis Metaxas who assumed dictatorial power in Greece in 1936 and oversaw the resistance to the Italian invasion in the Second World War As a political portrait of the man the book puts much emphasis on the early career of Metaxas and his journey to state power from 1920 to 1936 Drawing heavily on original Greek sources the book makes extensive use of Metaxas's diary his correspondence and the evidence of his close friends and associates

The Fourth of August Regime and Greek Jewry, 1936-1941 Katerina Lagos, 2023-02-03 Delving into a traditionally underexplored period this book focuses on the treatment of Greek Jews under the dictatorship of Ioannis Metaxas in the years leading up to the Second World War Almost 86% of Greek Jews died in the Holocaust leading many to think this was because of Metaxas and his fascist ideology However the situation in Greece was much more complicated in fact Metaxas in his policies often attempted to quash anti-Semitism The Fourth of August Regime and Greek Jewry 1936-1941 explores how the Jews fit and did not fit into Metaxas's vision for Greece Drawing on unpublished archival sources and Holocaust survivor testimonies this book presents a ground breaking contribution to Greek history the history of Greek anti-Semitism and sheds light on attitudes towards Jews during the interwar period

The Metaxas Myth Marina Petrakis, 2005-11-23 Why did the propaganda efforts that succeeded so thoroughly in Fascist Italy and Nazi Germany fail so

drastically in Greece The Metaxas Myth is the first detailed account of General Ioannis Metaxas s attempts to mimic the fascist models of Mussolini Hitler and Franco by portraying himself as the saviour of the Greek nation in an effort to build his power base as dictator Following the dissolution of parliament in 1936 up to his death in 1941 Metaxas used every media outlet available to promote his great myth newspapers periodicals cinema theatre and radio Marina Petrakis analyses the nature of Metaxas s shortcomings the errors made and the policies that eventually bred not loyalty but at best apathy and at worst hostility towards his would be autocracy A Concise History of Greece Richard Clogg,2021-03-25 Now reissued in a fourth updated edition this book provides a concise illustrated introduction to the modern history of Greece from the first stirrings of the national movement in the late eighteenth century to the present day As Greece emerges from a devastating economic crisis this fourth edition offers analyses of contemporary political economic and social developments It includes additional illustrations together with updated tables and suggestions for further reading A new concluding chapter considers the trajectory of Greek history over the two hundred years since the beginning of the War of Independence in 1821 Designed to provide a basic introduction the first edition of this hugely successful Concise History won the Runciman Award for a best book on an Hellenic topic in 1992 and has been translated into thirteen languages including all the languages of the Balkans

Classical Spies Susan Heuck Allen,2011-10-05 Classical Spies will be a lasting contribution to the discipline and will stimulate further research Susan Heuck Allen presents to a wide readership a topic of interest that is important and has been neglected William M Calder III University of Illinois Urbana Champaign Classical Spies is the first insiders account of the operations of the American intelligence service in World War II Greece Initiated by archaeologists in Greece and the eastern Mediterranean the network drew on scholars personal contacts and knowledge of languages and terrain While modern readers might think Indiana Jones is just a fantasy character Classical Spies discloses events where even Indy would feel at home burying Athenian dig records in an Egyptian tomb activating prep school connections to establish spies code named Vulture and Chickadee and organizing parachute drops Susan Heuck Allen reveals remarkable details about a remarkable group of individuals Often mistaken for mild mannered professors and scholars such archaeologists as University of Pennsylvania s Rodney Young Cincinnati s Jack Caskey and Carl Blegen Yale s Jerry Sperling and Dorothy Cox and Bryn Mawr s Virginia Grace proved their mettle as effective spies in an intriguing game of cat and mouse with their Nazi counterparts Relying on interviews with individuals sharing their stories for the first time previously unpublished secret documents private diaries and letters and personal photographs Classical Spies offers an exciting and personal perspective on the history of World War II Central and South-Eastern Europe 2003 Europa Publications,2002 An in depth survey of the region presenting the latest economic and political developments It includes expert comment on issues of regional importance up to date statistics a directory of institutes and companies and political profiles *Kings, Queens and Fallen Monarchies* Robert Stove,2024-12-30 Explores the interwar movements to restore Europe s deposed royal houses examining

their political significance and influence on global power dynamics Among the great hidden narratives of twentieth century history are the movements in Europe which between the two world wars aimed to restore the royal and imperial houses forced out of power in 1918 or in Portugal's case eight years earlier These efforts acquired media coverage and often strategic importance far greater than would be now supposed from the cursory often dismissive treatment which they have received from most historians since Campaigns to reinstate such dynasties as the Hohenzollerns the Habsburgs the Wittelsbachs the Braganças and even France's House of Orléans were taken seriously at the highest governmental and journalistic levels in London and Paris not to mention the Holy See Upon the whole phenomenon this book seeks to shed light It discusses both the phenomenon's soft power manifestations the designs of newspaper tycoon Lord Rothermere upon the Hungarian throne for his son for instance and the phenomenon's hard power manifestations among which probably the most dramatic were the successful monarchical campaigns in Albania and Greece With a cast that includes not only the monarchist candidates themselves but Churchill Lloyd George Hitler Mussolini and Franco this is a drama that embraces a continent and forces thorough reappraisals of events which we thought we knew No one can read it without acquiring a firmer grasp of political power's very nature and the sheer narrowness of the gap between victory and defeat

Islam, Secularism and Nationalism in Modern Turkey Soner Cagaptay, 2006-05-02 This book examines Turkish and Balkan nationalism arguing that the legacy of the Ottoman millet system which divided the Ottoman population into religious compartments called millets shaped Turkey's understanding of nationalism during the interwar period

[A history of the Greek resistance in the Second World War](#) Spiros Tsoutsoumpis, 2016-10-21 A history of the Greek resistance in the Second World War discusses one of the most troubled and fascinating aspects of modern Greek and European history the anti axis resistance It is a pioneering history of the men and women who waged the struggle against the axis as members of the armed partisans of ELAS and EDES Using a wide range of previously unused sources the book reconstructs daily life in the guerrilla armies and explores the complex reasons that led the partisans to enlist and fight It also discusses the relations between the guerrillas and the civilian population and examines how the guerrillas experience of combat hardship and loss shaped their understanding of their task and social attitudes The book makes fascinating reading both for academics and for lay readers who are interested in modern Greek history military history and the history of the Second World War

The Nation and Its Ruins Yannis Hamilakis, 2007-08-02 Publisher description

[The Balkans: Nationalism, War, and the Great Powers, 1804-2012](#) Misha Glenny, 2012-09-05 From the bestselling author of *McMafia* and *DarkMarket* comes this unique and lively history of Balkan geopolitics since the early nineteenth century which gives readers the essential historical background to more than one hundred years of events in this war torn area No other book covers the entire region or offers such profound insights into the roots of Balkan violence or explains so vividly the origins of modern Serbia Croatia Bosnia Greece Bulgaria

Romania and Albania Now updated to include the fall of Slobodan Milosevic the capture of all indicted war criminals from the Yugoslav wars and each state's quest for legitimacy in the European Union The Balkans explores the often catastrophic relationship between the Balkans and the Great Powers raising some disturbing questions about Western intervention

World War II Spencer C. Tucker, 2016-09-06 With more than 1 700 cross referenced entries covering every aspect of World War II the events and developments of the era and myriad related subjects as well as a documents volume this is the most comprehensive reference work available on the war This encyclopedia represents a single source of authoritative information on World War II that provides accessible coverage of the causes course and consequences of the war Its introductory overview essays and cross referenced A Z entries explain how various sources of friction culminated in a second worldwide conflict document the events of the war and why individual battles were won and lost and identify numerous ways the war has permanently changed the world The coverage addresses the individuals campaigns battles key weapons systems strategic decisions and technological developments of the conflict as well as the diplomatic economic and cultural aspects of World War II The five volume set provides comprehensive information that gives readers insight into the reasons for the war's direction and outcome Readers will understand the motivations behind Japan's decision to attack the United States appreciate how the concentration of German military resources on the Eastern Front affected the war's outcome understand the major strategic decisions of the war and the factors behind them grasp how the Second Sino Japanese War contributed to the start of World War II and see the direct impact of new military technology on the outcomes of the battles during the conflict The lengthy documents volume represents a valuable repository of additional information for student research

Language, Culture, Computation: Computing for the Humanities, Law, and Narratives Nachum Dershowitz, Ephraim Nissan, 2014-12-04 This Festschrift volume is published in Honor of Yaacov Choueka on the occasion of his 75th birthday The present three volumes liber amicorum several years in gestation honours this outstanding Israeli computer scientist and is dedicated to him and to his scientific endeavours Yaacov's research has had a major impact not only within the walls of academia but also in the daily life of lay users of such technology that originated from his research An especially amazing aspect of the temporal span of his scholarly work is that half a century after his influential research from the early 1960s a project in which he is currently involved is proving to be a sensation as will become apparent from what follows Yaacov Choueka began his research career in the theory of computer science dealing with basic questions regarding the relation between mathematical logic and automata theory From formal languages Yaacov moved to natural languages He was a founder of natural language processing in Israel developing numerous tools for Hebrew He is best known for his primary role together with Aviezri Fraenkel in the development of the Responsa Project one of the earliest fulltext retrieval systems in the world More recently he has headed the Friedberg Genizah Project which is bringing the treasures of the Cairo Genizah into the Digital Age This second part of the three volume set covers a range of topics related to the application of information

technology in humanities law and narratives The papers are grouped in topical sections on humanities computing narratives and their formal representation history of ideas the numerate disciplines law computer law and legal computing World Fascism Cyprian Blamires, 2006-09-18 This book shows how during the 20th century evils such as totalitarianism tyranny war and genocide became indelibly linked to the fascist cause and examines the enduring and popular appeal of an ideology that has counted princes poets and war heroes among its most fervent adherents From the followers of Hajj Amin Al Husseini the Arab leader who met with Adolf Hitler in November 1942 to the murderous death squads of the Croatian Ustasha to certain members of the British Establishment fascism's heady brew of extreme nationalism and revolutionary violence has attracted followers from across all religions races and classes Now widely reviled fascism became an immensely powerful political force in Western Europe throughout the 1930s and into the 1940s How did civilized nations like Italy Germany Austria and others succumb to an ideology now regarded by the political mainstream as barbarous and beyond the pale World Fascism A Historical Encyclopedia covers all the key personalities and movements throughout the history of fascism and brings to light some of the ideology's lesser known aspects from Hindu extremists in India to the influential role of certain women in fascist movements How did an ideology which was openly boastful of its belief in violence come to seduce the elites of some of the most civilized nations on earth What can explain fascism's enduring appeal **The Church of Greece under Axis**

Occupation Panteleymon Anastasakis, 2014-12-15 Axis forces Germany Italy and Bulgaria occupied Greece from 1941 to 1944 The unimaginable hardships caused by foreign occupation were compounded by the flight of the government days before enemy forces reached Athens This national crisis forced the Church of Greece an institution accustomed to playing a central political and social role during times of crisis to fill the political vacuum Led by Archbishop Damaskinos of Athens the clergy sought to maintain the cultural spiritual and territorial integrity of the nation during this harrowing period Circumstances forced the clergy to create a working relationship with the major political actors including the Axis authorities their Greek allies and the growing armed resistance movements especially the communist led National Liberation Front In so doing the church straddled a fine line between collaboration and resistance individual clerics for instance negotiated with Axis authorities to gain small concessions while simultaneously resisting policies deemed detrimental to the nation Drawing on official archives of the Greek Ministry of Foreign Affairs the British Foreign Office the U S State Department and the Greek Holy Synod alongside an impressive breadth of published literature this book provides a refreshingly nuanced account of the Greek clergy's complex response to the Axis occupation of Greece during World War II The author's comprehensive portrait of the reaction of Damaskinos and his colleagues including tensions and divisions within the clergy provides a uniquely balanced exploration of the critical role they played during the occupation It helps readers understand how and why traditional institutions such as the Church played a central social and political role in moments of social upheaval and distress Indeed as this book convincingly shows the Church was the only institution capable of holding Greek society

together during World War II While The Church of Greece under Axis Occupation elucidates the significant differences between the Greek case and those of other territories in Axis occupied Europe it also offers fresh insight into the similarities Greek clerics dealt with many of the same challenges clerics faced in other parts of Hitler s empire including exceptionally brutal reprisal policies deprivation and hunger and the complete collapse of the social and political order caused by years of enemy occupation By examining these challenges this illuminating new book is an important contribution not only to Greek historiography but also to the broader literatures on the Holocaust collaboration and resistance during World War II and church state relations during times of crisis

Clerical Fascism in Interwar Europe Matthew Feldman, Marius Turda, Tudor Georgescu, 2013-10-31 This edited volume arose from an international workshop convened in 2006 by Feldman and Turda with Tudor Georgescu supported by Routledge and the universities of Oxford Brookes Northampton and CEU Budapest As the field of fascist studies continues to integrate more fully into pan European studies of the twentieth century and given the increasing importance of secular political religion as a taxonomic tool for understanding such revolutionary movements this collection of essays considers the intersection between institutional Christian faiths theology and congregations on the one hand and fascist ideology on the other In light of recent debates concerning the intersecting secularisation of religion and usually Christian based the sacralisation of politics *Clerical Fascism in Interwar Europe* approaches such conundrums from an alternative perspective How in Europe between the wars did Christian clergy laity and institutions respond to the rise of national fascist movements In doing so this volume provides case studies from the vast majority of European countries with analyses that are both original in intent and comprehensive in scope In dealing with the relationship of various interwar fascist movements and their respective national religious institutions this edited collection promises to significantly contribute to relevant academic historiographies and as such will appeal to a wide readership This book was previously published as a special issue of *Totalitarian Movements and Political Religions*

Parakratos: Narratives of Political and Military Conspiracies in Modern Greek Historiography Nikola Tohma, 2025-06-01 This book analyzes the conspiratorial concept of parakratos translated as deep state or parastate as a Cold War parallel power mechanism that exerted a profound influence on the political landscape in post civil war Greece 1949 1967 A well known phenomenon to the Greek domestic public the far right parakratos became the usual suspect for political murders election rigging and terrorism during this period Despite its notoriety for numerous outrageous incidents including the assassination of the left wing politician Grigoris Lambrakis in Thessaloniki in 1963 the structure of the parakratos has eluded a comprehensive understanding primarily due to the paucity of reliable sources and the absence of a scholarly consensus regarding its nature Parakratos endeavors to problematize the current conception of parakratos by underscoring the capacity of the concept to not only represent but also define and transform the Greek domestic Cold War politics and our perception of it Rather than seeking to explain the presumed conspiracies typically ascribed to the groups and members the book aims to demonstrate how these events

influenced the domestic and international politics of the era and thereby contributed to the establishment of a legacy of conspiracy theories as a means of political struggle Moreover it connects the Greek parakratos to the broader debate on parapolitics as well as the concepts of the dual state the security state and the deep state in various national contexts
