William R. Everdell,2021-05-21 This contribution to the global history of ideas uses biographical profiles of 18th century contemporaries to find what Salafist and Sufi Islam Evangelical Protestant and Jansenist Catholic Christianity and Hasidic Judaism have in common Such figures include Mu ammad Ibn abd al Wa hab Count Nikolaus Zinzendorf Jonathan Edwards John Wesley Jean Jacques Rousseau and Israel Ba al Shem Tov The book is a unique and comprehensive study of the conflicted relationship between the evangelical movements in all three Abrahamic religions and the ideas of the Enlightenment and Counter Enlightenment Centered on the 18th century the book reaches back to the third century for precedents and context and forward to the 21st for the legacy of these movements This text appeals to students and researchers in many fields including Philosophy and Religion their histories and World History while also appealing to the interested lay reader      An age of wonders William Burns,2024-07-30 Monstrous births rains of blood apparitions of battles in the sky people in early modern England found all of these events to carry important religious and political meanings In An age of wonders available in paperback for the first time William E Burns explores the process by which these events became religiously and politically insignificant in the Restoration period The story involves the establishment of early modern science the shift from enthusiastic to reasonable religion and the fierce political combat between the Whigs and the Tories This historical study is based on close readings of a variety of primary sources both print and manuscript Burns claims that prodigies lost their religious meaning and became subjects of scientific enquiry as a result of political struggles first by the supporters of the restored monarchy and the Church of England against Protestant dissenters and then by the Whig defenders of the Revolution of 1688 against the Tories and the Jacobites By integrating religious and political history with the history of science An age of wonders will be of great use to those working in the field of early modern history      **Library of Congress Catalogs** Library of Congress,1980      The History of Reading, Volume 2 K. Halsey,W. Owens,2011-08-26 Reading has a history But how can we recover it This volume brings together original research essays focusing on the history of reading in the British Isles using evidence ranging from library records to Mass Observation surveys to highlight the social factors that influence a seemingly private individual activity      **Monographic Series** Library of Congress,1978      **Small Books and Pleasant Histories** Margaret Spufford,1985-10-03 Dr Spufford s book examines the profits made by these publishers the scale of their operations and the way the small books were distributed throughout the country It also examines their content and compares the English chapbooks with their French counterparts      **The Politics of Prayer in Early Modern Britain** Richard J. Ginn,2007-07-20 Prayer was regarded as an essential arm of the State and even a method of thought control in early modern England In the seventeenth Century the period covered by Richard Ginn s study Common

Prayer dominated people's everyday lives at a national level in communities and congregations as well as privately in households. Ginn demonstrates how prayer represented the search for pattern, order and purpose in and between these different layers of society in a period when England was struggling to come to terms with political and social turbulence rocked by the violence of the Civil War, unease over the Commonwealth and the uncertainties of the Restoration. Ginn argues that the importance of Prayer as a stabilizing force during these times of instability cannot be underestimated; it fostered a sense of national identity, an integrating principle at a vulnerable time for England, putting the social order in a greater context under a sovereign God.

*Transforming the Word* Margery A. Kingsley, 2001-10

The radical prophets of the English civil wars were fascinating figures living at the very margins of seventeenth-century English society. Combining a devout belief in the power of divine inspiration with a passionate desire for social change and a distinctly eccentric rhetorical style, these men and women brazenly challenged civil and religious authority and flouted social decorum, unnerving their contemporaries and fanning fears of social anarchy. Unfortunately, far too little is known about the fate of their ideas, their writings, and their successors between the restoration of Charles II and the rise of the poetry of sensibility in the mid-eighteenth century. Too often they are assumed merely to have disappeared soon after 1660, snuffed out by a restored monarchy and an Augustan culture antithetical to their aims, and lost to sight until they were rediscovered in the late 1720s by a new generation of poets intrigued by vatic inspiration. The purpose of this study is to suggest a rather different legacy for the radical prophets of the mid-seventeenth century. It contends, first of all, that prophecy was a significant genre for the writers of the Restoration and early eighteenth century, far more prevalent, more pervasive and more influential in the decades following 1660 than has traditionally been acknowledged. From Butler's *Hudibras* to Dryden's *Mac Flecknoe* to the portrayal of Settle in Pope's first version of *The Dunciad*, prophets rant, rage and wreak havoc through even the most canonical of Augustan texts, revealing the period's obsession with the figure of the radical prophet.

The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and suspenseful novel that will keep you speculating until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
