

Popular Culture And Political Practices

William Clapton

Popular Culture And Political Practices:

Leftist Theories of Sport William J. Morgan, 2022-08-15 The degradation of modern sport its commercialization trivialization widespread cheating cult of athletic stars and celebrities and manipulation by the media has led to calls for its transformation William J Morgan constructs a critical theory of sport that shores up the weak arguments of past attempts and points a way forward to making sport more humane compelling and substantive Drawing on the work of social theorists Morgan challenges scholars and fans alike to explore new spaces in sport culture and imagine the rich cultural and political possibilities to be found in the pastimes we follow with such passion

Cultures Of Politics/politics Of Cultures Sonia E Alvarez, Evelyn Dagnino, Arturo Escobar, 2018-10-08 This book argues the relationship between culture and politics can be productively explored by delving into the nature of the cultural politics enacted by Latin American social movements and by examining the potential of this cultural politics for fostering social change

Popular Culture, Social Media, and the Politics of Identity William Clapton, 2024-11-08 Popular Culture Social Media and the Politics of Identity advances a novel methodological approach pop culture as political object to capture the centrality of popular culture as an object of a broad range of political contests and debates that constitute pop culture artefacts by generating and informing specific meanings and understandings of them It is no longer novel to claim that popular culture matters to world politics The literature on Popular Culture and World Politics PCWP has demonstrated the cultural basis of political action and meaning making However this book argues that in doing so the PCWP literature has focused primarily on the traditionally narrow range of issues actors and things that mainstream International Relations regards as part of world politics While PCWP challenges restrictive disciplinary understandings of the sites of legitimate inquiry where one can purposefully gain knowledge about world politics comparatively little has been done to challenge constricted understandings of what world politics is who it involves and where it takes place Methodological approaches in the literature largely treat popular culture and politics as separate and therefore focus on understanding how popular culture relates to and intersects with a relatively circumscribed notion of world politics Focusing on the everyday politics of how audiences perceive and contest popular cultural artefacts this book demonstrates that pop culture does not merely intersect with or reflect discrete political processes it is also directly situated as an object of politics The author analyses current debates over identity politics across a range of contemporary pop cultural artefacts including films and video games This book will be of interest to scholars and students of International Relations Political Science and Cultural and Media Studies

Integrating Pop Culture into the Academic Library Melissa Edmiston Johnson, Thomas C. Weeks, Jennifer Putnam Davis, 2022-07-26 From Library Journal A comprehensive book providing information on the rationale for connecting pop culture to library services and offering a range of projects to get students into the library Integrating Pop Culture into the Academic Library explores how popular culture is used in academic libraries for collections instruction and programming This book describes the foundational basis for using popular culture

and discusses how it ignites conversations between librarians and students making not only the information relatable but the library staff as well. The use of popular culture in the library setting acknowledges the importance of students' interests and how these interests can be used to understand their information needs in unique and interesting ways. By integrating popular culture into library collections, instruction, and programming, librarians present research and discovery in ways that connect with students and the broader community. This book demonstrates that academic libraries using popular culture find it to be an effective tool both for instruction and programming. The editors are librarians who utilize popular culture in various ways to provide instruction and reinforce information literacy concepts in their own practice. Readers will find chapters written by a variety of authors from different types of academic libraries including community colleges, comprehensive universities, research universities, and law schools. These unique perspectives offer readers different ways of thinking about how librarians can incorporate students' interests in popular culture to promote the mission of the library. In addition to well-known examples such as *Hamilton*, *The Musical*, *Pokemon*, *Harry Potter*, *Black Panther*, and *Barbie*, readers will also encounter lesser-known library applications of popular culture including cartooners, zines, fantasy maps, gaming collectives, and paranormal walking tours. All of these examples highlight the multiple ways libraries leverage popular culture to expand their reach and identity with students and the community at large.

Culture and Politics in the Information Age Frank Webster, 2002-01-04 This volume addresses these key issues through an analysis of important theoretical debates on issues such as digital democracy, cultural politics, and transnational communities. Featuring contributors from both sides of the Atlantic, the book contains a series of case studies on new social movements including campaigns on the environment, gender, animal rights, and human rights. It combines cutting-edge research with theoretical material and makes an important contribution to this highly topical and rapidly growing area. This book will be invaluable reading for students in areas including Politics, Communications, and IT, Sociology, and Cultural Studies.

Critical Theory and Methodology Raymond A. Morrow, Raymond Allen Morrow, David D. Brown, 1994-06-24 *Critical Theory* traces its roots from Marxism through the renowned Frankfurt School to a wide array of national and cultural traditions. Raymond Morrow's book traces the history and outlines the major tenets of critical theory for an undergraduate audience. He exemplifies the theory through an analysis of two leading social theorists: Jürgen Habermas and Anthony Giddens. Unique to this volume is the emphasis on the link between Critical Theory and empirical research and social science methodology, often thought to be incompatible.

A Genre Approach to Celebrity Politics Nahuel Ribke, 2015-03-17 Exploring the transition of celebrities into institutional electoral politics, the book argues that many insights developed by genre theorists could be highly instrumental to understand the celebrity politics phenomenon. It analyzes the historical and cultural specificity of celebrity politics as it evolved through different countries and cultures.

Globalization and American Popular Culture Lane Crothers, 2009-08-16 A third edition of this book is now available. Now in a fully revised and updated edition, this concise and insightful book explores the ways American popular

products such as movies music television programs fast food sports and even clothing styles have molded and continue to influence modern globalization Lane Crothers offers a thoughtful examination of both the appeal of American products worldwide and the fear and rejection they induce in many people and nations around the world Concluding with a projection of the future impact of American popular culture this book makes a powerful argument for its central role in shaping global politics and economic development

Critical Theory Now Philip Wexler,2003-05-20 First Published in 1991 The first wave of North American critical theory was at once both academic and political Interest in the works of the early Frankfurt School may have belonged to a more general renaissance of academic social theory that occurred in North America during the late 1960s and early 1970s There is a new voice that comes through the historic political struggles of a student movement of feminism and of anti racist and ecological social movements It is a voice also schooled in a sensitivity to the theories of social disintegration or an implosion that characterizes the post modernist moment The authors represented in this reader are neither scholastic nor dogmatic They do not eschew postmodernism for hackneyed slogans nor do they embrace theory as an aesthetic substitute for theory as a socially transformative practice They are committed both to social theory and social practice and it is this which unifies the papers which follow The authors are a new generation of North American critical theorists who do not retreat to European humanism in the face of social cultural and self transformation

Popular Culture, Political Economy and the Death of Feminism Penny Griffin,2015-06-05 While some have argued that we live in a postfeminist era that renders feminism irrelevant to people s contemporary lives this book takes feminism the source of eternal debate contestation and ambivalence and situates the term within the popular cultural practices of everyday life It explores the intimate connections between the politics of feminism and the representational practices of contemporary popular culture examining how feminism is made sensible through visual imagery and popular culture representations It investigates how popular culture is produced represented and consumed to reproduce the conditions in which feminism is valued or dismissed and asks whether antifeminism exists in commodity form and is commercially viable Written in an accessible style and analysing a broad range of popular culture artefacts including commercial advertising printed and digital news related journalism and commentary music film television programming websites and social media this book will be of use to students researchers and practitioners of International Relations International Political Economy and gender cultural and media studies

Politics and Popular Culture John Street,1997 In Politics and Popular Culture John Street explores the debate about the political character of popular culture between those who see it as a form of manipulation and those who see it as populist self expression He argues that such approaches are limited and that we need to alter our perspective on the politics of popular culture He does this by looking more closely at the ways in which the state organizes the production and consumption of popular culture and at how political judgments are part of the creation and the pleasures of popular culture This book will be invaluable for students in cultural studies mass media studies sociology and

politics **Handbook of Sports and Media** Arthur A. Raney, Jennings Bryant, 2009-03-04 This distinctive Handbook covers the breadth of sports and media scholarship Organized into historical institutional spectator and critical studies perspectives this volume brings together the work of many researchers defining the full scope of the subject area including the development of sports media production coverage and economics of sports media sports media audiences sports promotion and race and gender issues in sports and media Place/Culture/Representation James S. Duncan, David Ley, 2013-04-15 Spatial and cultural analysis have recently found much common ground focusing in particular on the nature of the city Place Culture Representation brings together new and established voices involved in the reshaping of cultural geography The authors argue that as we write our geographies we are not just representing some reality we are creating meaning Writing becomes as much about the author as it is about purported geographical reality The issue becomes not scientific truth as the end but the interpretation of cultural constructions as the means Discussing authorial power discourses of the other texts and textuality landscape metaphor the sites of power knowledge relations and notions of community and the sense of place the authors explore the ways in which a more fluid and sensitive geographer's art can help us make sense of ourselves and the landscapes and places we inhabit and think about *Africans and the Politics of Popular Culture* Toyin Falola, Augustine Agwuele, 2009 Explores the instrumentalization of various aspects of popular culture in Africa This anthology provides insightful data on and discussions of a wide array of popular cultural manifestations and theoretical perspectives covering such issues as kinship religion conflict resolution music cinema drama and literary texts The issues cohere around the understanding that culture is situational and political Going beyond merely challenging popular stereotypes and representations of Africans and African related practices in various outlets the book reveals how popular cultural practices are instruments that have been manipulated for personal and collective survival The book is distinctive in its codification and explication of aspects of popular practices that are based on data from countries in Africa Europe and the Americas that showcase cultural negotiations either with reference to how notions values norms and images of Africans have been packaged and exploited over the years or how popular cultures are used as tools of resistance and agitation by the various focal groups that are discussed The topics are presented and illustrated in ways easily accessible to readers of all backgrounds Toyin Falola is the Jacob and Frances Sanger Mossiker Chair in the Humanities and University Distinguished Teaching Professor at the University of Texas at Austin Augustine Agwuele is an Assistant Professor of Linguistics in the Department of Anthropology Texas State University San Marcos Contributors Arinpe Adejumo Augustine Agwuele Antoinette Tidjani Alou Maurice N Amutabi Tokunbo A Ayoola Nicholas M Creary Toyin Falola Celeste A Fisher Denise Amy Rose Forbes Erickson Hetty ter Haar Debra L Klein Emmanuel M Mbah Sarah Steinbock Pratt and Asonzeh Ukah **A Political Practice of Occupational Therapy** Nick Pollard, Dikaïos Sakellariou, Frank Kronenberg, 2008-09-02 This challenging and innovative book explores the political aspects of occupational therapy It looks at how practitioners may develop political

awareness in order to aid community development A Political Practice of Occupational Therapy is about maximizing the potential impact of occupational therapists engagements and ensuring the profession is working towards the construction of a civic society It is supported by twelve chapters of practice examples from the UK US Georgia and Australia as well as a history of the profession as an agency for social change It asks How is it possible to introduce the political into a profession that is linked to health and social care What form could political practice take and how could the political components of practice be analyzed and evaluated It includes significant theoretical chapters on gender class and sexuality challenges to holism occupational literacy and a discussion of political competence This book will be of particular use for students exploring community and emerging role settings client centred practice occupational and social justice and the theoretical base of the profession From an editorial team that is widely recognized for their challenges to traditional thought and practice in occupational therapy this book will be of value not just to occupational therapists but also those employed in health profession management and development and community based rehabilitation

Women and Sport D. Margaret Costa, Sharon Ruth Guthrie, 1994 Study of the past present and future of women in sport

Popular Culture Studies Across the Curriculum Ray B. Browne, 2005-01-13 Academic curricula are being strengthened and enriched through the enlightened realization that no discipline is complete unto itself In the interdisciplinary studies that result the one theme that remains universal is popular culture Academia throughout the disciplines is rapidly coming to understand that it should be used in courses campus wide and on all levels All in the world of education benefit from the use of the cultures around them This work emphasizes the need for interdisciplinary mingling and explores the ways in which instructors can utilize popular culture studies in order to deepen both their own areas of specialization and their students appreciation of education The collection of 18 essays spans campus curricula including the humanities English literature American studies folklore and popular culture the social sciences anthropology history sociology and communications religion and philosophy geography women s studies economics and sports Also addressed is the importance of popular culture courses in both community colleges and high school settings

Neoliberalization of South Korea Kyung-Sup Chang, Se-Kyun Kim, Keun Lee, 2025-05-02 No doubt South Korea s neoliberalization has been closely influenced by the ideologies policies and experiences of the precedingly neoliberal West but neoliberal shifts in the South Korean context have most critically conflated with the conditions and structures of its own distinctive developmental political economy and life world Over nearly four decades of apparent neoliberal transitions the country is now simultaneously neoliberal developmental neoliberally developmental and developmentally neoliberal Such complexities and contradictions are systematically analyzed in this transdisciplinary volume written by leading analysts of South Korea and beyond They exhaustively cover the political economic social and cultural dimensions of South Korea s neoliberalization in conjunction with its earlier developmental order and latest all front restructuring

Citizen Media and Practice Hilde Stephansen, Emiliano Treré, 2019-10-28 This

groundbreaking collection advances understanding of the concept of media practices by critically interrogating its relevance for the study of citizen and activist media Media as practice has emerged as a powerful approach to understanding the media's significance in contemporary society Bringing together contributions from leading scholars in sociology media and communication social movement and critical data studies this book stimulates dialogue across previously separate traditions of research on citizen and activist media practices and stakes out future directions for research in this burgeoning interdisciplinary field Framed by a foreword by Nick Couldry and a substantial introductory chapter by the editors contributions to the volume trace the roots and appropriations of the concept of media practice in Latin American communication theory reflect on the relationship between activist agency and technological affordances explore the relevance of the media practice approach for the study of media activism including activism that takes media as its central object of struggle and demonstrate the significance of the media practice approach for understanding processes of mediatization and datafication Offering both a comprehensive introduction to scholarship on citizen media and practice and a cutting edge exploration of a novel theoretical framework the book is ideal for students and experienced scholars alike

Entertaining Politics Jeffrey P. Jones, 2010-12-28 In this completely revised and updated edition including eight new chapters Jeffrey Jones charts the evolution and maturation of political entertainment television by examining The Daily Show with Jon Stewart The Colbert Report Politically Incorrect Real Time with Bill Maher and Michael Moore's TV Nation and The Awful Truth This volume investigates how and why these shows have been central locations for the critique of political and economic power and an important resource for citizens during numerous political crises In an age of Truthiness fake news and humorous political talk have proven themselves viable forms of alternative reporting and critical means for ascertaining truth and in the process questioning the legitimacy of news media's role as the primary mediator of political life The book also addresses the persistent claims that these programs have cynical effects and create misinformed young citizens demonstrating instead how such programming provides for an informed active and meaningful citizenship The new edition takes account of the many changes that have occurred in television and political culture since Entertaining Politics initial release

This book delves into Popular Culture And Political Practices. Popular Culture And Political Practices is a crucial topic that needs to be grasped by everyone, from students and scholars to the general public. The book will furnish comprehensive and in-depth insights into Popular Culture And Political Practices, encompassing both the fundamentals and more intricate discussions.

1. This book is structured into several chapters, namely:
 - Chapter 1: Introduction to Popular Culture And Political Practices
 - Chapter 2: Essential Elements of Popular Culture And Political Practices
 - Chapter 3: Popular Culture And Political Practices in Everyday Life
 - Chapter 4: Popular Culture And Political Practices in Specific Contexts
 - Chapter 5: Conclusion
2. In chapter 1, the author will provide an overview of Popular Culture And Political Practices. The first chapter will explore what Popular Culture And Political Practices is, why Popular Culture And Political Practices is vital, and how to effectively learn about Popular Culture And Political Practices.
3. In chapter 2, the author will delve into the foundational concepts of Popular Culture And Political Practices. This chapter will elucidate the essential principles that need to be understood to grasp Popular Culture And Political Practices in its entirety.
4. In chapter 3, the author will examine the practical applications of Popular Culture And Political Practices in daily life. The third chapter will showcase real-world examples of how Popular Culture And Political Practices can be effectively utilized in everyday scenarios.
5. In chapter 4, the author will scrutinize the relevance of Popular Culture And Political Practices in specific contexts. This chapter will explore how Popular Culture And Political Practices is applied in specialized fields, such as education, business, and technology.
6. In chapter 5, this book will draw a conclusion about Popular Culture And Political Practices. The final chapter will summarize the key points that have been discussed throughout the book.

The book is crafted in an easy-to-understand language and is complemented by engaging illustrations. It is highly recommended for anyone seeking to gain a comprehensive understanding of Popular Culture And Political Practices.
