Popular Legacy Studies In Cultural Practices And Poetics:

A Feminist Legacy Suzanne Bordelon, 2009-03-10 The first book length investigation of a pioneering English professor and theorist at Vassar College *A Feminist Legacy The Rhetoric and Pedagogy of Gertrude Buck* explores Buck's contribution to the fields of education and rhetoric during the Progressive Era By contextualizing Buck's academic and theoretical work within the rise of women's educational institutions like Vassar College the social and political movement toward suffrage and Buck's own egalitarian political and social ideals Suzanne Bordelon offers a scholarly and well informed treatment of Buck's achievements that elucidates the historical and contemporary impact of her work and life Bordelon argues that while Buck did not call herself a feminist she embodied feminist ideals by demanding the full participation of her female students and by challenging power imbalances at every academic social and political level *A Feminist Legacy* reveals that Vassar College is an undervalued but significant site in the history of women's argumentation and pedagogy Drawing on a rich variety of archival sources including previously unexamined primary material *A Feminist Legacy* traces the beginnings of feminist theories of argumentation and pedagogy and their lasting legacy within the fields of education and rhetoric *Handbook of Research on Teaching Literacy Through the Communicative and Visual Arts, Volume II* James Flood, Shirley Brice Heath, Diane Lapp, 2015-04-22 The *Handbook of Research on Teaching Literacy Through the Communicative and Visual Arts Volume II* brings together state of the art research and practice on the evolving view of literacy as encompassing not only reading writing speaking and listening but also the multiple ways through which learners gain access to knowledge and skills It forefronts as central to literacy education the visual communicative and performative arts and the extent to which all of the technologies that have vastly expanded the meanings and uses of literacy originate and evolve through the skills and interests of the young A project of the International Reading Association published and distributed by Routledge Taylor Francis Visit <http://www.reading.org> for more information about International Reading Association books membership and other services *Jawdat Haydar's Poetic Legacy* Mario Kozah, 2016-04-26 Jawdat R Haydar 1905-2006 was a prominent Lebanese poet from Baalbek who contributed to world literature in the English language and was the author of several books of poetry including *Voices* 1980 *Echoes* 1989 and *Shadows* 1998 In 2006 he published his last book of poems *101 Selected Poems* at the age of 101 Haydar was the recipient of several awards including the Lebanese Order of the Cedars the Gold Medal of Lebanese Merit the Croix de Grand Officier of France and a papal medal from Pope John XXIII for his humanitarian work This edited volume of the proceedings of the first Jawdat Haydar international conference held at the Lebanese American University on April 24-25 2013 comprises scholarly papers on the English language poems of the Lebanese poet It will appeal to both an academic and non academic readership interested in the field of 20th century English language world literature It will also be of use to those specialising in the comparative literature of the Middle East and the literary history of Anglo Arabic influences in terms of the English poetical movements of Romanticism and Modernism and their reception in the

Poetics of the Local Shirley Lau Wong,2023-07-01 Poetics of the Local considers contemporary Irish poetry in light of transnational forces of globalization and financialization showing how these conditions have shaped poetic innovation in Ireland from the 1960s to the present The book is organized around different sites caught in the growing pains of a rapidly globalizing Ireland from the ghost estates or housing projects abandoned after the economic boom of the 1990s to the urban regeneration of Belfast after the Troubles to the transformation of Dublin into a hub for creative economy programs like the UNESCO City of Literature In readings of works by Thomas Kinsella Paula Meehan Seamus Heaney John Montague Ciaran Carson Leontia Flynn Alan Gillis Sin ad Morrissey and Paul Muldoon Shirley Lau Wong argues that the enduring centrality of place in Irish poetry should be seen not as a hangover of nostalgic nationalism but rather as an exploration of the material and emplaced effects of the seemingly faraway processes of global capitalism

Sensibility and Female Poetic Tradition, 1780-1860 Claire Knowles,2016-04-01 Arguing that the end of the eighteenth century witnessed the emergence of an important female poetic tradition Claire Knowles analyzes the poetry of several key women writing between 1780 and 1860 Knowles provides important context by demonstrating the influence of the Della Cruscan in exposing the

constructed and performative nature of the trope of sensibility a revelation that was met with critical hostility by a literary culture that valorised sincerity This sets the stage for Charlotte Smith who pioneers an autobiographical approach to poetic production that places increased emphasis on the connection between the poet's physical body and her body of work Knowles shows the poets Susan Evance Letitia Elizabeth Landon and Elizabeth Barrett Browning advancing Smith's poetic strategy as they seek to elicit a powerful sympathetic response from readers by highlighting a connection between their actual suffering and the production of poetry From this environment a specific tradition in female poetry arises that is identifiable in the work of twentieth century writers like Sylvia Plath and continues to pertain today Alongside this new understanding of poetic tradition Knowles provides an innovative account of the central role of women writers to an emergent late eighteenth century mass literary culture and traces a crucial discursive shift that takes place in poetic production during this period She argues that the movement away from the passionate discourse of sensibility in the late eighteenth century to the more contained rhetoric of sentimentality in the early nineteenth had an enormous effect not only on female poets but also on British literary culture as a whole

This Ghostly Poetry Daniel Aguirre-Otezia,2020-04-02 The Spanish Civil War was idealized as a poet s war The thousands of poems written about the conflict are memorable evidence of poetry s high cultural and political value in those historical conditions After Franco s

victory and the repression that followed numerous Republican exiles relied on the symbolic agency of poetry to uphold a sense of national identity Exilic poems are often read as claim making narratives that fit national literary history This Ghostly Poetry critiques this conventional understanding of literary history by arguing that exilic poems invite readers to seek continuity with a traumatic past just as they prevent their narrative articulation The book uses the figure of the ghost to address temporal challenges to historical continuity brought about by memory tracing the discordant disruptive ways in which memory is interwoven with history in poems written in exile Taking a novel approach to cultural memory This Ghostly Poetry engages with literature history and politics while exploring issues of voice time representation and disciplinarity
