Popular Religion Folklore Of 2vol:

Malay Magic, Being an Introduction to the Folklore and Popular Religion of the Malay Peninsula Walter William Skeat, 1900 **A Dictionary of Albanian Religion, Mythology, and Folk Culture** Robert Elsie, 2001 In some senses Albania is a living museum of the past Originally a small herding community in the most inaccessible reaches of the Balkans the presence of Albanians in southeastern Europe has been documented for over a thousand years Albanian traditional folk culture which evolved over centuries of relative isolation is surprisingly rich Yet despite recent events this culture remains little known to the Western world Due to the lasting effects of a half century of Stalinist dictatorship very few individuals even in Albania know much about their own popular traditions The Dictionary of Albanian Religion Mythology and Folk Culture makes available for the first time a wealth of knowledge about Albanian popular belief and folk customs Alphabetical entries shed light on blood feuding figures of Albanian mythology religious beliefs communities and sects calendar feasts and rituals and popular superstitions as well as birth marriage and funeral customs and sexual mores This unique volume will stand as the standard reference work on the subject for years to come **Devotional Islam in Contemporary South Asia** Michel Boivin, Remy Delage, 2015-12-22 The Muslim shrine is at the crossroad of many processes involving society and culture It is the place where a saint often a Sufi is buried and it works as a main social factor with the power of integrating or rejecting people and groups and as a mirror reflecting the intricacies of a society The book discusses the role of popular Islam in structuring individual and collective identities in contemporary South Asia It identifies similarities and differences between the worship of saints and the pattern of religious attendance to tombs and mausoleums in South Asian Sufism and Shi'ism Inspired by new advances in the field of ritual and pilgrimage studies the book demonstrates that religious gatherings are spaces of negotiation and redefinitions of religious identity and of the notion of sainthood Drawing from a large corpus of vernacular and colonial sources as well as the register of popular literature and ethnographic observation the authors describe how religious identities are co constructed through the management of rituals and are constantly renegotiated through discourses and religious practices By enabling students researchers and academics to critically understand the complexity of religious places within the world of popular and devotional Islam this geographical re mapping of Muslim religious gatherings in contemporary South Asia contributes to a new understanding of South Asian and Islamic Studies Official and Popular Religion Pieter Hendrik Vrijhof, Jacques Waardenburg, 2019-10-08 No detailed description available for Official and Popular Religion Astrology and Popular Religion in the Modern West Nicholas Campion, 2016-04-15 This book explores an area of contemporary religion spirituality and popular culture which has not so far been investigated in depth the phenomenon of astrology in the modern west Locating modern astrology historically and sociologically in its religious New Age and millenarian contexts Nicholas Campion considers astrology's relation to modernity and draws on extensive fieldwork and interviews with leading modern astrologers to present an invaluable contribution to

our understanding of the origins and nature of New Age ideology This book challenges the notion that astrology is either marginal or a feature of postmodernism Concluding that astrology is more popular than the usual figures suggest Campion argues that modern astrology is largely shaped by New Age thought influenced by the European Millenarian tradition that it can be seen as an heir to classical Gnosticism and is part of the vernacular religion of the modern west **The Werewolf in Lore and Legend** Montague Summers,2012-04-27 The first definitive work on werewolfery incorporates an extensive range of historical documentation and folklore Written in a Gothic style by a venerable author of occult studies it s rich in fascinating examples and anecdotes and offers compelling fare for lovers of the esoteric Encyclopedia of World Religions Encyclopaedia Britannica, Inc.,2008-05-01 A guide to the religions of the world and to the concepts movements people and events that have shaped them It includes features such as entries on religious movements and concepts historical and legendary figures divinities religious sites and ceremonies images that show sacred places vestments rituals objects and texts and more *Myth, Ritual and Religion* Andrew Lang,1887 Rethinking Japan Vol 2 Adriana Boscaro,Franco Gatti,Massimo Raveri,2018-12-07 These papers explore the debate over new directions in Japanese studies *The Organization of the Pyramid Texts (2 vol. set)* Harold M. Hays,2012-06-08 The ancient Egyptian Pyramid Texts form the oldest body of religious texts in the world This book weds traditional philology to linguistic anthropology to associate them with two spheres of ritual action mortuary cult and personal preparation for the afterlife **Myth, Ritual and Religion** Andrew Lang,2025-08-31 Reproduction of the original The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage **Myth, Ritual and Religion (Complete)** Andrew Lang,2020-09-28 The past systems of mythological interpretation have been briefly sketched It has been shown that the practical need for a reconciliation between RELIGION and MORALITY on one side and the MYTHS about the gods on the other produced the hypotheses of Theagenes and Metrodorus of Socrates and Euhemerus of Aristotle and Plutarch It has been shown that in each case the reconcilers argued on the basis of their own ideas and of the philosophies of their time The early physicist thought that myth concealed a physical philosophy the early etymologist saw in it a confusion of language the early political speculator supposed that myth was an invention of legislators the literary Euhemerus found the secret of myths in the course of an imaginary voyage to a fabled island Then came the moment of the Christian attacks and Pagan philosophers touched with Oriental pantheism recognised in myths certain pantheistic symbols and a cryptic revelation of their own Neo platonism When the gods were dead and their altars fallen then antiquaries brought their curiosity to the problem of explaining myth Christians recognised in it a depraved version of the Jewish sacred writings and found the ark on every mountain top of Greece The critical nineteenth century brought in with Otfried Muller and Lobeck a closer analysis and finally in the sudden rise of comparative philology it chanced that philologists annexed the domain of myths Each of these systems had its own amount of truth but

each certainly failed to unravel the whole web of tradition and of foolish faith Meantime a new science has come into existence the science which studies man in the sum of all his works and thoughts as evolved through the whole process of his development This science Comparative Anthropology examines the development of law out of custom the development of weapons from the stick or stone to the latest repeating rifle the development of society from the horde to the nation It is a study which does not despise the most backward nor degraded tribe nor neglect the most civilised and it frequently finds in Australians or Nootkas the germ of ideas and institutions which Greeks or Romans brought to perfection or retained little altered from their early rudeness in the midst of civilisation It is inevitable that this science should also try its hand on mythology Our purpose is to employ the anthropological method the study of the evolution of ideas from the savage to the barbarous and thence to the civilised stage in the province of myth ritual and religion It has been shown that the light of this method had dawned on Eusebius in his polemic with the heathen apologists Spencer the head of Corpus Cambridge 1630 93 had really no other scheme in his mind in his erudite work on Hebrew Ritual Spencer was a student of man s religions generally and he came to the conclusion that Hebrew ritual was but an expurgated and so to speak divinely licensed adaptation of heathen customs at large We do but follow his guidance on less perilous ground when we seek for the original forms of classical rite and myth in the parallel usages and legends of the most backward races **Merriam-Webster's**

Encyclopedia of World Religions Merriam-Webster, Inc,1999 Contains 3 500 alphabetically arranged entries that provide information about various aspects of the world s religions features thirty in depth discussions of major religions and includes illustrations and maps Archives de Psychologie ,1913 *Archives de psychologie* Théodore Flournoy,1914 Includes bibliographies Münchener tierärztliche wochenschrift ,1925 **Myth, Ritual And Religion Vol. 1** Andrew

Lang,2023-12-01 Andrew Lang a Scottish anthropologist and folklorist wrote the landmark work Myth Ritual and Religion Volume 1 This work contributes significantly to anthropology and religious studies In this volume Lang investigates the interdependence of myth ritual and theology in a variety of cultures and communities He delves into myths and rituals from various civilizations including ancient Greece Rome Egypt and indigenous cultures Lang studies how myths and rituals can commonly play an important role in molding a society s religious beliefs and practices He investigates the symbolic value of myths and rituals emphasizing their role in understanding the mysteries of life death and the natural world Lang s work is notable for its comparative technique which connects nations in order to discover universal themes and patterns in myth and ritual He contends that these traditions and ceremonies are not merely historical relics but they continue to influence present religious practices and ideals Some stories are brutal and weird while others creep up on you and draw you in slowly With an eye catching new cover and professionally typeset copy this edition of Myth Ritual and Religion Vol 1 is both current and intelligible **Historical Dictionary of Kosovo** Robert Elsie,2010-11-15 As the seventh and probably last state to arise from the ruins of the former Yugoslavia Kosovo is the newest country in Europe For centuries Kosovo also known as Kosova

was part of the Ottoman Empire and for most of the 20th century it was a province of what was once Yugoslavia After the military conflict in 1998 1999 and a period of administration by the United Nations Kosovo declared its independence from Serbia on February 17 2008 Focusing not only on Kosovo s turbulent recent years the second edition of the Historical Dictionary of Kosovo also relates the country s rich culture and long history This is done through a chronology an introductory essay an extensive bibliography and over 400 cross referenced dictionary entries on significant persons places and events institutions and organizations and political economic social cultural and religious facets This book is an excellent access point for students researchers and anyone wanting to know more about Kosovo **Folklore, Religion and the Songs of a Bengali Madman** Carola Lorea,2016-08-01 This book explores historical and cultural aspects of modern and contemporary Bengal through the performance centred study of a particular repertoire the songs of the saint composer Bhaba Pagla 1902 1984 who is particularly revered among Baul and Fakir singers The author shows how songs if examined as sacred scriptures represent multi dimensional texts for the study of South Asian religions Revealing how previous studies about Bauls mirror the history of folkloristics in Bengal this book presents sacred songs as a precious symbolic capital for a marginalized community of dislocated and unorthodox Hindus who consider the practice of singing in itself an integral part of the path towards self realization **Catalogue** Peabody Museum of Archaeology and Ethnology. Library,1963
