The Popularity Secret Cindy Savage, 1988 For once everything was going Janet's way She was going to a new school and the kids in the popular crowd wanted her for a friend But what if they found out about her family and where she lived Could Janet keep that secret for ever *Popular Revenants* Andrew Cusack, Barry Murnane, 2012 There is growing interest in the internationality of the literary Gothic which is well established in English Studies Gothic fiction is seen as transgressive especially in the way it crosses borders often illicitly In the 1790s when the English Gothic novel was emerging the real or ostensible source of many of these uncanny texts was Germany This first book in English dedicated to the German Gothic in over thirty years redresses deficiencies in existing English language sources which are outdated piecemeal or not sufficiently grounded in German Studies **Popular Illusions and Popular Delusions political and economical** Frederick CORTAZZI, 1872 Sword and Shield RPG Ronnie Forschen, 2018-08-09 This role playing game takes the players in to the exciting dystopian comic book world of Sword and shield It's about time The players create the characters that will help either save the world or dominate it as a villain The Health Detective's 456 Most Powerful Healing Secrets (Volume 1 of 2) (EasyRead Edition) , *The Health Detective's 456 Most Powerful Healing Secrets (Volume 1 of 3) (EasyRead Super Large 24pt Edition)* , **The American Catalogue** , 1905 The End of Dissatisfaction? Todd McGowan, 2012-02-01 Winner of the 2004 Gary Olson Award for best book in cultural theory presented by JAC Exploring the emergence of a societal imperative to enjoy ourselves Todd McGowan builds on the work of such theorists as Jacques Lacan Slavoj Žižek Joan Copjec and Theresa Brennan to argue that we are in the midst of a large scale transformation a shift from a society oriented around prohibition i.e. the notion that one cannot just do as one pleases to one oriented around enjoyment McGowan identifies many of the social ills of American culture today as symptoms of this transformation the sense of disconnection the increase in aggression and violence widespread cynicism political apathy incivility and loss of meaning Discussing these various symptoms he examines various texts from film literature popular culture and everyday life including Toni Morrison's *Paradise* Tony Kushner's *Angels in America* and such films as *Dead Poets Society* and *Trigger Effect* Paradoxically *The End of Dissatisfaction* shows how the American cultural obsession with enjoying ourselves actually makes it more difficult to do so

The Oxford Handbook of English Prose, 1640-1714 , 2024-11-05 The Oxford Handbook of English Prose 1640-1714 is the most wide ranging overview available of prose writing in English during one of the most tumultuous periods in British and Irish history Stretching from the outbreak of the English Civil Wars to the death of Queen Anne the last Stuart monarch the volume is unprecedented in the breadth of its coverage of an age in which prose moved from the margins of cultural life in Britain to its centre The volume also breaks new ground in the diversity of the prose writing it covers its thirty six chapters by an array of established literary critics and historians capture the excitingly multiple forms that prose took in what was a golden age for non-fictional writing but which also saw the emergence of modes of prose fiction that became part of the

origin story of the eighteenth century novel This Handbook reflects that multiplicity and diversity in its structure Four longer introductory chapters map the changing contexts of the publication and reception of prose in the period as well as the influence of the classical heritage and the role of relations with continental Europe The subsequent thirty two chapters are organized by different categories of prose writing The contributors approach key authors and texts from various and often unconventional perspectives The volume offers coverage of well known writers and texts while also capturing the assortment of prose writing in a time of rapid political and social change there are chapters on for example Bites and Shams Circulation Narratives Keys Pornography Recipe Books True Accounts and even Handbooks **The Canadian Municipal Journal**

The Quality of Literature Willie van Peer, 2008 Evaluation is central to literary studies and has led to an impressive list of publications on the status and history of the canon Yet it is remarkable how little attention has been given to the role of textual properties in evaluative processes Most of the chapters in *The Quality of Literature* redress this issue by dealing with texts or genres ranging from classical antiquity via Renaissance to twentieth century They provide a rich textual and historical panorama of how critical debate over literary quality has influenced our modes of thinking and feeling about literature and how they continue to shape the current literary landscape Four theoretical chapters reflect on the general state of literary evaluation while the introduction weaves the different threads together aiming at further conceptual clarification This book thus contributes to a deeper understanding of the problems that are at the heart of past and present debates over literary quality

Modernism, Media, and Propaganda Mark Wollaeger, 2008-09-15 Though often defined as having opposite aims means and effects modernism and modern propaganda developed at the same time and influenced each other in surprising ways The professional propagandist emerged as one kind of information specialist the modernist writer as another Britain was particularly important to this double history By secretly hiring well known writers and intellectuals to write for the government and by exploiting their control of new global information systems the British in World War I invented a new template for the manipulation of information that remains with us to this day Making a persuasive case for the importance of understanding modernism in the context of the history of modern propaganda *Modernism Media and Propaganda* also helps explain the origins of today's highly propagandized world *Modernism Media and Propaganda* integrates new archival research with fresh interpretations of British fiction and film to provide a comprehensive cultural history of the relationship between modernism and propaganda in Britain during the first half of the twentieth century From works by Joseph Conrad to propaganda films by Alfred Hitchcock and Orson Welles Mark Wollaeger traces the transition from literary to cinematic propaganda while offering compelling close readings of major fiction by Virginia Woolf Ford Madox Ford and James Joyce

Fiction, Crime, and

Empire Jon Thompson, 1993 Reading fiction from high and low culture together Fiction Crime and Empire skillfully sheds light on how crime fiction responded to the British and American experiences of empire and how forms such as the detective novel spy thrillers and conspiracy fiction articulate powerful cultural responses to imperialism Poe's Dupin stories for example are seen as embodying a highly critical vision of the social forces that were then transforming the United States into a modern democratic industrialized nation a century later Le Carr employs the conventions of espionage fiction to critique the exhausted and morally compromised values of British imperialism By exploring these works through the organizing figure of crime during and after the age of high imperialism Thompson challenges and modifies commonplace definitions of modernism postmodernism and popular or mass culture
