**Population Issues in Social Choice Theory, Welfare Economics, and Ethics** Charles Blackorby, Walter Bossert, David J. Donaldson, 2005-08-22 This book explores how different ideas of the common good may be compared contrasted and ranked      [Conversations on Social Choice and Welfare Theory - Vol. 1](#) Marc Fleurbaey, Maurice Salles, 2021-03-30 This volume presents interviews that have been conducted from the 1980s to the present with important scholars of social choice and welfare theory Starting with a brief history of social choice and welfare theory written by the book editors it features 15 conversations with four Nobel Laureates and other key scholars in the discipline The volume is divided into two parts The first part presents four conversations with the founding fathers of modern social choice and welfare theory Kenneth Arrow John Harsanyi Paul Samuelson and Amartya Sen The second part includes conversations with scholars who made important contributions to the discipline from the early 1970s onwards This book will appeal to anyone interested in the history of economics and the history of social choice and welfare theory in particular      **Social Ethics and Normative Economics** Marc Fleurbaey, Maurice Salles, John A. Weymark, 2011-04-11 This collection of thirteen essays on social ethics and normative economics honouring Serge Christophe Kolm s seminal contributions to this field addresses the following questions How should the public sector price its production and services What are the normative foundations of criteria for comparing distributions of riches and advantages How should intergenerational social immobility and inequality in circumstances be measured What is a fair way to form partnerships How vulnerable to manipulation is the Lindahl rule for allocating public goods What are the properties of Kolm s ELIE tax proposal Would the addition of EU level income taxes enhance equity How should we compare different scenarios for future societies with different population sizes How can domain conditions in social choice theory be justified using Kolm s epistemic counterfactuals How can Kolm s distributive liberal contract be implemented What are the implications of norms of reciprocity for the organization of society The answers to these questions give major insight into the state of the art of social ethics and normative economics and are thus an indispensable source for researchers in both of these fields      [The Oxford Handbook of Population Ethics](#) Gustaf Arrhenius, Krister Bykvist, Tim Campbell, Elizabeth Finneron-Burns, 2022 Interdisciplinary group of contributors from philosophy political theory and economics Presents philosophical and theoretical analyses that inform thinking on contemporary problems including climate change and health care Book jacket      *The Handbook of Rational and Social Choice* Paul Anand, Prasanta Pattanaik, Clemens Puppe, 2009-01-15 The Handbook of Rational and Social Choice provides an overview of issues arising in work on the foundations of decision theory and social choice over the past three decades Drawing on work by economic theorists mainly but also with contributions from political science philosophy and psychology the collection shows how the related areas of decision theory and social choice have developed in their applications and moved well beyond the basic models of expected utility and utilitarian approaches to welfare economics Containing twenty

three contributions in many cases by leading figures in their fields the handbook shows how the normative foundations of economics have changed dramatically as more general and explicit models of utility and group choice have been developed This is perhaps the first time these developments have been brought together in a manner that seeks to identify and make accessible the recent themes and developments that have been of particular interest to researchers in recent years The collection will be of particular value to researchers in economics with interests in utility or welfare but it will also be of interest to any social scientist or philosopher interested in theories of rationality or group decision making
