Pornography, Sex Work, and Hate Speech Karen Maschke, 2024-11-01

Multidisciplinary focus Surveying many disciplines this anthology brings together an outstanding selection of scholarly articles that examine the profound impact of law on the lives of women in the United States The themes addressed include the historical political and social contexts of legal issues that have affected women s struggles to obtain equal treatment under the law The articles are drawn from journals in law political science history women s studies philosophy and education and represent some of the most interesting writing on the subject The law in theory and practice Many of the articles bring race social and economic factors into their analyses observing for example that black women poor women and single mothers are treated by the wielders of the power of the law differently than middle class white women Other topics covered include the evolution of women s legal status reproduction rights sexuality and family issues equal employment and educational opportunities domestic violence pornography and sexual exploitation hate speech and feminist legal thought A valuable research and classroom aid this series provides in depth coverage of specific legal issues and takes into account the major legal changes and policies that have had an impact on the lives of American women

Sex Work Politics Samantha Majic, 2014-01-15 In San Francisco the St James Infirmity SJI and the California Prostitutes Education Project CAL PEP provide free nonjudgmental medical care counseling and other health and social services by and for sex workers a radical political commitment at odds with government policies that criminalize prostitution To maintain and expand these much needed services and to qualify for funding from state federal and local authorities such organizations must comply with federal and state regulations for nonprofits In *Sex Work Politics* Samantha Majic investigates the way nonprofit organizations negotiate their governmental obligations while maintaining their commitment to outreach and advocacy for sex workers rights as well as broader sociopolitical change Drawing on multimethod qualitative research Majic outlines the strategies that CAL PEP and SJI employ to balance the conflicting demands of service and advocacy which include treating sex work as labor with legitimate occupational health and safety concerns empowering their clients with civic skills to advance their political commitments outside the nonprofit organization and conducting and publishing research and analysis to inform the public and policymakers of their constituents needs Challenging the assumption that activists must sell out and abandon radical politics to manage formal organizations Majic comes to the surprising conclusion that it is indeed possible to maintain effective advocacy and key social movement values beliefs and practices even while partnering with government agencies *Sex Work Politics* significantly contributes to studies of transformational politics with its nuanced portrait of nonprofits as centers capable of sustaining political and social change

Towards a Southern Approach to Sex Work Habiba Sultana, 2020-12-29 This book delves into this almost uncharted territory documenting the lived experiences of sex workers

in Bangladesh considering the complex realities of their day to day lives and the ways they negotiate their working conditions and relationships Despite being the most common form of female deviance and criminality globally we know very little about sex work in Asia and the global south Drawing on feminist frameworks it shows that the experiences of sex workers vary widely depending on the ways they enter the sex trade their modes of operation and relationships with significant others Towards a Southern Approach to Sex Work contributes to feminist scholarship on sex work by offering a much needed southern perspective drawing on culturally specific data It argues that the lived experience of sex workers comprises both victimhood and agency deception and resilience and that it is the management of these relationships that enable sex works to avoid social marginalization and alienation An accessible and compelling read this will appeal to students and scholars of criminology sociology gender studies south Asian studies cultural studies social theory and policy makers In addition it will engage all those interested in learning more about how the sex trade operates in Bangladesh

The New Sex Wars Brenda Cossman, 2024-12-03 Revisits the sex wars of the 1970s and 80s and examines their influence on how we think about sexual harm in the MeToo era MeToo's stunning explosion on social media in October 2017 radically changed and amplified conversations about sexual violence as it revealed how widespread the issue is and toppled prominent celebrities and politicians But as the movement spread a conflict emerged among feminist supporters and detractors about how punishment should be doled out and how justice should be served The New Sex Wars reveals that these clashes are nothing new Delving into the contentious debates from the 70s and 80s Brenda Cossman traces the striking echoes in the feminist divisions of this earlier period In exploring the history of past conflicts the resistance to finding common ground the media's pleasure in portraying the debates as polarized cat fights the simplification of viewpoints as pro and anti sex she shows how they have come to shape the MeToo era From the 70s to today Cossman examines tensions between the need for recognition and protection under the law and the colossal and ongoing failure of that law to redress historic injustice By circumventing law altogether MeToo has led us to question whether justice can be served outside of the courtroom Cossman argues for a different way forward one based on reparative models that focus on shared desired outcomes and the willingness to understand the other side Thoughtful and compelling The New Sex Wars explores what can be learned from these stories what traps we repeatedly fall into how we have been denied our anger and where to begin to make law work

Free Speech Law and the Pornography Debate Lynn Mills Eckert, 2020-06-26 By examining the highly contested legal debate about the regulation of pornography through an epistemic lens this book analyzes competing claims about the proper role of speech in our society pornography's harm the relationship between speech and equality and whether law should regulate and if so upon what grounds In maintaining that inegalitarian pornography generates discursive effects the book contends that law cannot simply adopt a libertarian approach to free speech While inegalitarian pornography may not be determinative of gender inequality it does contribute reinforce reflect and help maintain such unfairness As a result we can place reasonable

gender based regulations on inegalitarian pornography while upholding our most treasured commitments to dissident speech just as other liberal democracies with strong free speech traditions have done

Speech and Harm Ishani Maitra, Mary Kate McGowan, 2012-05-31 Most liberal societies are deeply committed to a principle of free speech At the same time however there is evidence that some kinds of speech are harmful in ways that are detrimental to important liberal values such as social equality Might a genuine commitment to free speech require that we legally permit speech even when it is harmful and even when doing so is in conflict with our commitment to values like equality Even if such speech is to be legally permitted does our commitment to free speech allow us to provide material and institutional support to those who would contest such harmful speech And finally and perhaps most importantly which kinds of speech are harmful in ways that merit response either in the form of legal regulation or in some other form This collection explores these and related questions Drawing on expertise in philosophy sociology political science feminist theory and legal theory the contributors to this book investigate these themes and questions By exploring various categories of speech including pornography hate speech Holocaust denial literature Whites Only signs and attending to the precise functioning of speech the essays contained here shed light on these questions by clarifying the relationship between speech and harm Understanding how speech functions can help us work out which kinds of speech are harmful what those harms are and how the speech in question brings them about All of these issues are crucially important when it comes to deciding what ought to be done about allegedly harmful speech

The Cumulative Book Index, 1997 A world list of books in the English language

Opposing Hate Speech Anthony Cortese, 2006 Cortese sociology Southern Methodist U Dallas provides his readers with tools for talking back to speech that incites hatred or violence based on religion race ethnicity gender or sexual orientation Cortese sees prevention as a more effective technique than legal restrictions on hate speech he outlines a rational basis for rejecting bigoted talk by focusing on equal treatment and equal protection under the law His focus is on media sources Web sites film television radio newspapers magazines as well as social movements pride marches and demonstrations that fight for minority rights and those that oppose them He concludes by exploring what readers can do to counter and eliminate hate speech at the individual level Annotation 2006 Book News Inc Portland OR booknews com Distributed by Syndetic Solutions Inc

Cybercrime and Digital Deviance Roderick S. Graham, Shawn K. Smith, 2019-09-10 Cybercrime and Digital Deviance is a work that combines insights from sociology criminology and computer science to explore cybercrimes such as hacking and romance scams along with forms of cyberdeviance such as pornography addiction trolling and flaming Other issues are explored including cybercrime investigations organized cybercrime the use of algorithms in policing cybervictimization and the theories used to explain cybercrime Graham and Smith make a conceptual distinction between a terrestrial physical environment and a single digital environment produced through networked computers Conceptualizing the online space as a distinct environment for social interaction links this text with assumptions made in the fields of urban sociology or rural

criminology Students in sociology and criminology will have a familiar entry point for understanding what may appear to be a technologically complex course of study The authors organize all forms of cybercrime and cyberdeviance by applying a typology developed by David Wall cybertrespass cyberdeception cyberviolence and cyberpornography This typology is simple enough for students just beginning their inquiry into cybercrime Because it is based on legal categories of trespassing fraud violent crimes against persons and moral transgressions it provides a solid foundation for deeper study Taken together Graham and Smith s application of a digital environment and Wall s cybercrime typology makes this an ideal upper level text for students in sociology and criminal justice It is also an ideal introductory text for students within the emerging disciplines of cybercrime and cybersecurity

Women and the American Legal Order Karen

Maschke,2013-09-13 Multidisciplinary focus Surveying many disciplines this anthology brings together an outstanding selection of scholarly articles that examine the profound impact of law on the lives of women in the United States The themes addressed include the historical political and social contexts of legal issues that have affected women s struggles to obtain equal treatment under the law The articles are drawn from journals in law political science history women s studies philosophy and education and represent some of the most interesting writing on the subject The law in theory andpractice Many of the articles bring race social and economic factors into their analyses observing for example that black women poor women and single mothers are treated by the wielders of the power of the law differently than middle class white women Other topics covered include the evolution of women s legal status reproduction rights sexuality and family issues equal employment and educational opportunities domestic violence pornography and sexual exploitation hate speech and feminist legal thought A valuable research and classroom aid this series provides in depth coverage of specific legal issues and takes into account the major legal changes and policies that have had an impact on the lives of American women

Hate Crimes

Barbara Perry,2009-03-05 This book offers a comprehensive approach to understanding hate crime its causes consequences prevention and prosecution Hate crimes continue to be a pervasive problem in the United States The murder of Matthew Shepard the lynching of James Byrd the murderous rampage of Benjamin Smith and anti Muslim violence remind us that incidence of deadly bigotry is not only a recurring chapter in U S history but also a part of our present day world Contrary to common belief hate mongers who commit crimes are rarely members of the Ku Klux Klan or a skinhead group In fact fewer than 5 percent of identifiable offenders are members of organized hate groups Yet rather than being an individual crime hate

crime represents an assault against all members of stigmatized and marginalized communities To fully understand the phenomenon of hate crime and reduce its incidence it is necessary to clearly define the term itself to examine the victims and the offenders and to evaluate the consequences and harms of hate crimes This comprehensive five volume set carefully addresses the disturbing variety and incidence of hate crimes exposing their impacts on the broader realms of crime punishment individual communities and society The contributing authors and editors pay critical attention to cutting edge topics such as online hate crimes hate based music anti Latino hostilities Islamaphobia hate crimes in the War on Terror school based anti hate initiatives and more The final volume of Hate Crimes provides valuable food for thought on possible legislative educational social policy or community organizational responses to the varied forms of hate crime

Cyber Racism Jessie Daniels,2009-03-16 In this exploration of the way racism is translated from the print only era to the cyber era the author takes the reader through a devastatingly informative tour of white supremacy online The book examines how white supremacist organizations have translated their printed publications onto the Internet Included are examples of open as well as cloaked sites which disguise white supremacy sources as legitimate civil rights websites Interviews with a small sample of teenagers as they surf the web show how they encounter cloaked sites and attempt to make sense of them mostly unsuccessfully The result is a first rate analysis of cyber racism within the global information age The author debunks the common assumptions that the Internet is either an inherently democratizing technology or an effective recruiting tool for white supremacists The book concludes with a nuanced challenging analysis that urges readers to rethink conventional ways of knowing about racial equality civil rights and the Internet

Crime and Deviance in Cyberspace David S. Wall,2017-07-05 This volume presents the reader with an interesting and at times provocative selection of contemporary thinking about cybercrimes and their regulation The contributions cover the years 2002 2007 during which period internet service delivery speeds increased a thousand fold from 56kb to 56mb per second When combined with advances in networked technology these faster internet speeds not only made new digital environments more easily accessible but they also helped give birth to a completely new generation of purely internet related cybercrimes ranging from spamming phishing and other automated frauds to automated crimes against the integrity of the systems and their content In order to understand these developments the volume introduces new cybercrime viewpoints and issues but also a critical edge supported by some of the new research that is beginning to challenge and surpass the hitherto journalistically driven news stories that were once the sole source of information about cybercrimes

Ethical Research with Sex Workers Susan Dewey,Tiantian Zheng,2013-04-23 This volume is the result of the many years the authors have spent conducting ethnographic field research with sex workers conversing with other researchers and perhaps most importantly developing a deep sense of empathy for the sex worker participants in the research as well as the colleagues who carry out this work with the goal of advancing social justice They have a combined total of twenty five years experience carrying out research with

sex workers and this extensive period of time has given them ample opportunity to reflect upon the topic of ethics Sex work defined as the exchange of sexual or sexualized intimacy for money or something of value encompasses a wide range of legal and illegal behaviors that present researchers with key ethical challenges explored in the volume These ethical challenges include Research methodology Distinguishing research from activism Navigating the politically and ideologically charged environments in which researchers must remain constantly attuned to the legal and public policy implications of their work Possibilities for participatory sex work research processes Strategies for incorporating participants in a variety of collaborative ways Sex work presents a unique set of challenges that are not always well understood by those working outside of anthropology and disciplines closely related to it This book serves an important function by honestly and openly reviewing strategies for overcoming these ethical challenges with the end goal of producing path breaking research that actively incorporates the perspectives of research participants on their own terms Ever attuned to the reality that research on sex work remains a deeply political act Ethical Research with Sex Workers Anthropological Approaches aspires to begin a dialogue about the meanings and practices ascribed to ethics in a fraught environment Drawing upon a review of published scholarly and activist work on the subject as well as on interviews with researchers social service providers and sex workers themselves this volume is an unprecedented contribution to the literature that will engage researchers across a variety of disciplines such as academics and researchers in anthropology sociology criminal justice and public health as well as activists and policymakers

Research Handbook on Gender, Sexuality and the Law Chris Ashford, Alexander Maine, 2020-03-28 This innovative and thought provoking Research Handbook explores not only current debates in the area of gender sexuality and the law but also points the way for future socio legal research and scholarship It presents wide ranging insights and debates from across the globe including Africa Asia Eastern Europe and Australia with contributions from leading scholars and activists alongside exciting emergent voices

[Is It Wrong to Buy Sex?](#) Holly Lawford-Smith, Angie Pepper, 2024-03-29 Is it wrong for a man to buy sex from a woman In this book Holly Lawford Smith argues that it is wrong commercial sex is quintessentially hierarchical sex and it is wrong both to have and to perpetuate a market in hierarchical sex Angie Pepper argues that it isn't wrong men are permitted to buy sex from those women who freely choose to sell it Important but different interests are at stake in these two positions According to the first we should prioritize the interest of all women in securing a society that has achieved equality between the sexes and we should make the changes needed to get there including prohibiting men from buying sex from women In contrast the second position prioritizes the protection of individuals rights to engage in consensual commercial sex exchanges and demands that we strive for gender equality without compromising these rights The two authors debate the ethical issues involved in the decision to buy sex arguing passionately for very different conclusions in a way that is lively constructive and sure to leave readers with a lot to think about Key Features Focuses on the pressing moral issue of whether we're morally permitted to buy sex Advances two different normative ethical approaches

to the issue and develops two competing arguments Demonstrates how philosophical debate on controversial topics can be productive and easy to follow Provides a glossary with definitions of key terms that are bolded in the main text Includes section summaries that give an overview of the main arguments and a comprehensive bibliography for further reading

Feminist Legal Theories Karen Maschke,2013-09-13 Multidisciplinary focus Surveying many disciplines this anthology brings together an outstanding selection of scholarly articles that examine the profound impact of law on the lives of women in the United States The themes addressed include the historical political and social contexts of legal issues that have affected women s struggles to obtain equal treatment under the law The articles are drawn from journals in law political science history women s studies philosophy and education and represent some of the most interesting writing on the subject The law in theory and practice Many of the articles bring race social and economic factors into their analyses observing for example that black women poor women and single mothers are treated by the wielders of the power of the law differently than middle class white women Other topics covered include the evolution of women s legal status reproduction rights sexuality and family issues equal employment and educational opportunities domestic violence pornography and sexual exploitation hate speech and feminist legal thought A valuable research and classroom aid this series provides in depth coverage of specific legal issues and takes into account the major legal changes and policies that have had an impact on the lives of American women *Sex and the contract* Vincenzo Zeno-Zencovich,2015-10-01 DOI 10 13134 978 88 97524 45 8
