## **Porque Chiapas:**

Cuestión entre México y Guatemala Francisco Miguel Martínez Martín, 1882      **The Zapatista "Social Netwar" in Mexico** David Ronfeldt, John Arquilla, Graham Fuller, Melissa Fuller, 1999-02-03 The information revolution is leading to the rise of network forms of organization in which small previously isolated groups can communicate link up and conduct coordinated joint actions as never before This in turn is leading to a new mode of conflict netwar in which the protagonists depend on using network forms of organization doctrine strategy and technology Many actors across the spectrum of conflict from terrorists guerrillas and criminals who pose security threats to social activists who may not be developing netwar designs and capabilities The Zapatista movement in Mexico is a seminal case of this In January 1994 a guerrilla like insurgency in Chiapas by the Zapatista National Liberation Army EZLN and the Mexican government's response to it aroused a multitude of civil society activists associated with human rights indigenous rights and other types of nongovernmental organizations NGOs to swarm electronically as well as physically from the United States Canada and elsewhere into Mexico City and Chiapas There they linked with Mexican NGOs to voice solidarity with the EZLN's demands and to press for nonviolent change Thus what began as a violent insurgency in an isolated region mutated into a nonviolent though no less disruptive social netwar that engaged the attention of activists from far and wide and had nationwide and foreign repercussions for Mexico This study examines the rise of this social netwar the information age behaviors that characterize it e.g. extensive use of the Internet its effects on the Mexican military its implications for Mexico's stability and its implications for the future occurrence of social netwars elsewhere around the world      **Maya and Catholic Cultures in Crisis** John D. Early, 2016-11-23 A landmark achievement that will no doubt be cited again and again for years to come It is a thoroughly researched and authoritative work Allen J Christenson author of Art and Society in a Highland Maya Community While this book explains what brought about the Maya uprisings in Chiapas and Guatemala and answers questions about the role of the Catholic Church in the development of the uprisings the heart of the book is about the Mayan quest to live with dignity as Maya in the modern world Christine Gudorf author of Catholic Social Teaching on Liberation Themes In his most recent book The Maya and Catholicism An Encounter of Worldviews John Early examined the relationship between the Maya and the Catholic Church from the sixteenth century through the colonial and early national periods In Maya and Catholic Cultures in Crisis he returns to delve into the changing worldviews of these two groups in the second half of the twentieth century a period of great turmoil for both Drawing on his personal experiences as a graduate student a Roman Catholic priest in the region and his extensive archival research Early constructs detailed case histories of the Maya uprisings against the governments of Guatemala and Mexico exploring Liberation Catholicism's integral role in these rebellions as well as in the evolutions of Maya and Catholic theologies His meticulous and insightful study is indispensable to understanding Maya politics society and religion in the late twentieth century John D Early professor emeritus of anthropology at Florida Atlantic

**Músicas migrantes** Miguel Olmos Aguilera,2014-11-24 En esta poca de intensa movilidad mujeres y hombres objetos sonoros y melod as se agitan incesantemente en un mundo contempor neo productor de aquella entrop a denunciada por L vi Strauss Las diferentes pr cticas cotidianas son trastocadas por la impronta de una modernidad sin l mites en cuyos espacios de tr nsito se violan y reconfiguran los m s elementales principios espirituales de la continuidad cultural aquellos que procuran el sosiego de los h bitos y costumbres de nuestra sociedad Sin embargo en medio de este c mulo entropizador de

objetos y sujetos volátiles y migrantes encontramos la música como uno de los artefactos culturales que además por su naturalezaística exige un tratamiento hermenéutico de conocimiento especializado muy distinto al frontal o análisis de las encuestas y mediciones que sin ninguna consideración someten a la maquinaria estadística a menores humanos intimamente ligados con las emociones y la memoria compartida. Este libro recoge trabajos de investigación musical sobre gitanos musicales mujeres y hombres migrantes que en su peregrinar hacia otras tierras por los motivos más disímiles se hacen acompañar de sus anhelos volcados en notas y frases musicales. Ellas y ellos son portadores de una cultura musical que a pesar en las maletas tiene la gracia de fundamentar múltiples aspectos de sus modos de vida o de sus sueños en el deambular por regiones fronterizas o por el insombrable camino de sus vidas que deja huella en la historia unas veces como melodía y otras como susurro.
