Port Hudson Campaign 1862 1863:

The Port Hudson Campaign, 1862-1863 Edward Cunningham,1994-06-01 The determination with which the Confederate garrison of Port Hudson Louisiana held out for seven weeks fewer than five thousand Confederate troops fended off almost thirty thousand Yankees makes it one of the most interesting campaigns of the Civil War It was in fact the longest siege in United States military history In The Port Hudson Campaign 1862 1863 Edward Cunningham tells for the first time the complete story of the Union operation against this Confederate stronghold on the Lower Mississippi The initial phase was the costly attempt by the Union fleet to run the Port Hudson batteries the naval engagement in which the historic warship Mississippi was lost The second phase was the even more costly effort by General Nathaniel P Banks to take the stronghold from the landward side The third and final phase the siege itself culminated in surrender less than a week after the capture of Vicksburg Cunningham has unearthed in his research a greater abundance of sources and more information on the campaign than most historians thought existed The resulting dramatic story of Port Hudson told with great clarity and verve reveals the importance of that campaign to the course of the Civil War *The Port Hudson Campaign, 1862-1863* Edward Cunningham,1983 *The Port Hudson Campaigns, 1862-1863* Edward Cunningham,1962 **Louisiana Native Guards**

James G. Hollandsworth, Jr.,1995-12-01 Early in the Civil War Louisiana s Confederate government sanctioned a militia unit of black troops the Louisiana Native Guards Intended as a response to demands from members of New Orleans substantial free black population that they be permitted to participate in the defense of their state the unit was used by Confederate authorities for public display and propaganda purposes but was not allowed to fight After the fall of New Orleans General Benjamin F Butler brought the Native Guards into Federal military service and increased their numbers with runaway slaves He intended to use the troops for guard duty and heavy labor His successor Nathaniel P Banks did not trust the black Native Guard officers and as he replaced them with white commanders the mistreatment and misuse of the black troops steadily increased The first large scale deployment of the Native Guards occurred in May 1863 during the Union siege of Port Hudson Louisiana when two of their regiments were ordered to storm an impregnable hilltop position Although the soldiers fought valiantly the charge was driven back with extensive losses The white officers and the northern press praised the tenacity and fighting ability of the black troops but they were still not accepted on the same terms as their white counterparts After the war Native Guard veterans took up the struggle for civil rights in particular voting rights for Louisiana s black population The Louisiana Native Guards is the first account to consider that struggle By documenting their endeavors through Reconstruction James G Hollandsworth places the Native Guards military service in the broader context of a civil rights movement thatpredates more recent efforts by a hundred years This remarkable work presents a vivid picture of men eager to prove their courage and ability to a world determined to exploit and demean them Bulletin ,1904 Revolutionary Soldiers in Alabama Alabama,Alabama. Larry Lowenthal,2019-12-04 The 31st Massachusetts Volunteer Infantry Regiment was one of only a handful of New England units to serve in Louisiana and the Gulf region during the Civil War and of those it remained there the longest Its soldiers most of whom were impressionable young men from small towns in central and western Massachusetts assumed numerous roles functioning as infantry cavalry and mounted infantry when needed The regiment operated as an army of occupation participated in siege warfare at Port Hudson Louisiana marched and fought in long field operations such as the Red River campaign engaged in guerrilla warfare and garrisoned coastal defense fortifications It also had the distinction of being the first Federal unit to enter and occupy New Orleans Larry Lowenthal s authoritative history of the 31st is the first comprehensive examination of this remarkable regiment and its men When veterans of the unit attempted to write its history in the late nineteenth century they were not able to complete the task but they did collect a large quantity of primary source materials and deposited them in a Springfield Massachusetts museum Lowenthal s work draws heavily from that unpublished cache Among the documents are highly personal letters diaries and first person recollections that offer vivid and unrivaled accounts of the unit s military experiences as well as its soldiers impressions of the people and physical conditions they encountered in Louisiana The men also offer their unvarnished opinions on a variety of subjects Lowenthal a longtime historian and former U S National Park Service employee relays many of the stories in the soldiers own words Their impressions of the South which they viewed as essentially a foreign country are highly revealing Critical issues such as slavery and abolition as well as more private matters such as personal experiences and military life are also discussed To all of this Lowenthal brings a modern perspective presenting a crucial picture of the period s people and their views of the South and active military life A Yankee Regiment in Confederate Louisiana is a welcome addition to the literature on occupied Louisiana and the Union Army s service in the Gulf South **Louisiana History** Florence M.

Pierson,2016-11-02 In July 1862 Union Lieutenant Stephen Spalding wrote a long letter from his post in Algiers Louisiana to his former college roommate Equally fascinating and unsettling for modern readers the comic cynicism of the young soldier s correspondence offers an unusually candid and intimate account of military life and social change on the southern front A captivating primary source Spalding s letter is reproduced here for the first time along with contextual analysis and biographical detail by Michael D Pierson Lt Spalding in Civil War Louisiana lifts the curtain on the twenty two year old s elitist social attitudes and his consuming ambition examining the mind of a man of privilege as he turns to humor to cope with unwelcome realities Spalding and his correspondent James Peck both graduates of the University of Vermont lived in a society dominated by elite young men with advantages granted by wealth gender race and birth Caught in the middle of the Civil War Spalding adopts a light hearted tone in his letter both to mask his most intimate thoughts and fears and distance himself from those he perceives as social inferiors His jokes show us an unpleasantly stratified America with blacks women and the men in the ranks subjected to ridicule and even physical abuse by an officer with more assertiveness than experience His longest story a wild escapade in New Orleans that included abundant drinking and visits to two brothels gives us a glimpse of a world in which men bonded through excess and indulgence More poignantly tactless jests about death told as his unit suffers its first casualties reveal a man struggling to come to terms with mortality Evidence of Spalding s unfulfilled aspirations like his sometimes disturbing wit allows readers to see past his entitlement to his human weaknesses An engrossing picture of a charismatic but flawed young officer Lt Spalding in Civil War Louisiana offers new ways to look at the society that shaped him

Jimerson, 1994-10-01 Historians have given much attention to the Civil War's prominent players its generals politicians and other public leaders but they have devoted less attention to the common soldiers and civilians the plain folk who actively participated in the conflict In his study of popular thought during the Civil War era Randall C Jimerson offers a grass roots perspective on the war by examining the thoughts and ideas of these ordinary men and women The Private Civil War derives much of its power from the author's deft use of personal letters and diaries Separated from home and family virtually every soldier and many civilians wrote frequent and informative letters or recorded daily experiences and thoughts in journals Jimerson has consulted a broad cross section of these documents culling information from letters and diaries written by people from every state and from all social classes and military ranks These documents remarkable in many instances for their depth of feeling and eloquence provide rich detailed information about sectional perceptions and ideology as well as many private reflections
