includes the poetry and prose of Sterling Brown Countee Cullen W E B Du Bois Zora Neale Hurston James Weldon Johnson and others The Portable Theater Alan Louis Ackerman,2002 In The Portable Theater Alan Ackerman investigates the crucial importance of theater in the works of Walt Whitman Herman Melville William Dean Howells Louisa May Alcott and Henry James Whether as drama critics playwrights amateur actors or simply as avid theater goers each of these authors thought deeply about the theater and represented it in literature **Poe Evermore** David Huckvale,2014-10-02 Edgar Allan Poe exerted a profound influence on many aspects of 20th century culture and continues to inspire composers filmmakers writers and artists Popularly thought of as a horror writer Poe was also a philosophical aesthete a satirist a hoaxer a psychologist and a prophet of the anxieties and preoccupations of the modern world Alphabetically arranged this book explores Poe s major works both in their own right and in terms of their impact on others including Baudelaire who translated his works into French Debussy Rachmaninoff and the Alan Parsons Project who set them to music Roger Corman Federico Fellini and Jean Epstein who interpreted his visions for film audiences and television shows such as *The Six Million Dollar Man* and *Time Tunnel* which borrowed his imagery and in the case of *The Simpsons* sent it up A wide range of other responses to his compelling *Tales of Mystery and Imagination* his poetry and the theoretical writings combine strongly to suggest that Poe s legacy will indeed last forevermore The Preachers of Culture (1975) Margaret Mathieson,2023-01-06 Published in 1975 Margaret Mathieson has drawn on her experience both in schools and in the training of English teachers to relate the discussions and writings of the previous two centuries to the debate probably livelier than ever before among English practitioners about the role of their subject Of all subjects English can be the most stimulating and also the most problematic In order to assess the continual discussion and controversy about English its nature purpose and place in the curriculum an understanding of its development as a subject and its entry into the teaching timetable is invaluable For over a hundred and fifty years educators have been making different claims for English as a subject in school and higher education This book contains a careful clear examination of the conflicting views of these preachers of culture on the four main activities within English literature creativity discrimination and classroom discussion These preachers were in Matthew Arnold s words to have a hard time of it as English struggled to establish itself at every stage of the subject s growth urgent demands have been made for teachers with exceptional qualities to undertake the heavy responsibilities of English in the classroom and it can be seen from this study that an over abundance of advice often contributed to the dilemmas and tensions among the teachers themselves and between English and other subjects The final section of the book is concerned less with making recommendations than with drawing conclusions from the evidence of the past It shows that generations of writers on English teaching from *Culture and Anarchy* to *Stepney Words* provide vital insights into the state of the subject today *Portable Alpha Theory and Practice* Sabrina Callin,2011-07-07 As an original innovator of the portable alpha concept PIMCO has been managing an increasing number of different portable alpha strategies for investors since 1986 And
