Grier,2013-09-03 In *Culture and Comfort* Katherine C Grier shows how the design and furnishings of the mid nineteenth century parlor reflected the self image of the Victorian middle class Parlors provided public facades for formal occasions and represented an attempt to resolve the often opposing ideals of gentility and sincerity to which American culture aspired The book traces the fortunes of the parlor and its upholstery from its early incarnations in palace hotels railroad cars steamships and photographers studios through its mid century heyday when even remote frontier homes could boast suites of red plush sofas and chairs to its slow uneven metamorphosis into the more versatile living room The author argues that even as the home increasingly was seen as a haven from industrialization and commercialization its ties to industry and commerce in the form of more affordable machine made furniture and drapery became stronger By the 1920s the parlor's decline signaled both a blurring of the Victorian distinctions between public and private manners and the transfer of middle class identity from the home to the automobile Describing the deportment a parlor required the activities it sheltered and the marketing and manufacturing breakthroughs that made it available to all *Culture and Comfort* reveals the full range of cultural messages conveyed by nineteenth century parlor materials

The Problem of Ireland in Tudor Foreign Policy, 1485-1603
William Palmer,1994 His thesis is simple English policy in Ireland was shaped to a greater extent than has previously been realized by foreign policy and the power politics of the Counter Reformation A brief but important book CHOICE Dr Palmer explores the role of sixteenth century Ireland in considerable depth examining how it changed during times of crisis abroad and how the tensions provoked by the Reformation in England introduced an ideological element into international politics He shows how the failure of Henry's invasions of Scotland and France in the 1540s led to greater involvement in Ireland by these countries which in turn led to the entry of more and more English officials into Ireland and the implementation of increasingly aggressive policies This study thus shows that Tudor rule in Ireland reflected wider international politics with significant implications WILLIAM PALMER is Professor of History at Marshall University in Huntington West Virginia
