White Screens, Black Dance Pamela Kravenbuhl, 2025-07-30 White Screens Black Dance shows how several types of American masculinity were built through Black dance on mid twentieth century film and television It does so by analyzing case studies of major period stars both Black and white the Nicholas Brothers Gene Kelly Elvis Presley and Sammy Davis Jr In the process it also reveals the white stars appropriation of Black culture through dance which the author terms blackbodying Both this practice and the midcentury models of masculinity that it describes are ultimately shown to remain with us today on film TV and TikTok **Video Source Book** Gale Group, 1999-10-28 A guide to programs currently available on video in the areas of movies entertainment general interest education sports recreation fine arts health science business industry children juvenile how to instruction *Portrait of Sammy Davis, Jr* Sammy Davis, Mike Curb, Don Costa, Michael Viner, 1972 **Gene Vincent & Eddie Cochran** John Collis, 2011-08-19 The United Kingdom had never seen anything like it as two rock n roll legends rampaged around the country on Britain's first ever rock tour Gene Vincent and Eddie Cochran lived the rock n roll lifestyle to the full bringing to an end the monochrome 1950s and ushering in the swinging 60s John Collis has traced the story of the UK tour that was a defining moment in British popular culture to its tragic climax with the death of Eddie Cochran He looks back on the contrasting backgrounds of the two stars follows the tale onwards to Gene Vincent's death from alcohol and drug abuse and examines the lasting legacy of their music **The Ballad in American Popular Music** David Metzger, 2017-09-21 While ballads have been a cornerstone of popular music for decades this is the first book to explore the history and appeal of these treasured songs David Metzger investigates how and why the styles of ballads have changed over a period of more than seventy years offering a definition of the genre and discussing the influences of celebrated performers including Frank Sinatra Aretha Franklin and Whitney Houston The emotional power of the ballad is strongly linked to the popular mood of the time and consequently songs can tell us much about how events and emotions were felt and understood in wider culture at specific moments of recent American history Tracing both the emotional and stylistic developments of the genre from the 1950s to the present day this lively and engaging volume is as much a musical history as it is a history of emotional life in America **Video Source Book**, 2006 A guide to programs currently available on video in the areas of movies entertainment general interest education sports recreation fine arts health science business industry children juvenile how to instruction **Blacks on Television** George H. played reflected his essential persona Dean's characterization of the tough teenager gave a sense of belonging to misdirected young people whose adolescent rebellion stemmed from their inability to cope with societal demands during the Eisenhower era. The author's analysis of Dean's legend provides rare insight into the actor's life viewed from a historical perspective. If you've ever wondered what Dean did to earn a star on Hollywood's Walk of Fame, you'll want to read this book which shines a spotlight on an American legend who was posthumously nominated for an Academy Award as Best Actor in a Leading Role in 1956 and 1957. **Jet**, 1999-08-16 The weekly source of African American political and entertainment news. **New York Magazine**, 1981-09-07 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea. **Jet**, 1990-06-04 The weekly source of African American political and entertainment news. **Last Stage Manager Standing** Daniel B. Morgan, 2014-10-22 Television is one of the most significant and notable inventions of the Twentieth century. Over the years, people have seen an overabundance of glitz and glamour on television. Homo sapiens used to turn on televisions in their living rooms to enjoy their TV dinners while watching the early movie; now we are pulverized by news and fluff. But what is really going on behind the camera? Stage manager Daniel Morgan gives you his insight into how the production crew works together to run and direct a show. From the shadows of the set, he shares newsroom shenanigans, attempts to explain the producer's indecisions, and offers up tasty vignettes of the talent's foibles. Finally, Morgan reveals the true nature of broadcast television and how it works, sometimes. **Last Stage Manager Standing** exposes the trade secrets and the politics behind the television industry. Working with some of my colleagues that ran the show was like a typical day in *One Flew Over the Cuckoo's Nest*. **The Fortney Encyclical Black History** Albert Fortney Jr., 2016-01-15 The Encyclical Black History has been created for the critical and lack of vital Afro-Centric Multi-Curriculum text in urban school systems and is a necessity for African Americans. This book was created with careful and serious attention to biographical names that identifies history, culture, as well as biblical characters. The reason why of this encyclical history can be explained with the facts and proof evidence of the following: The point that has socio-psychological implications at the unconscious as well as the conscious level is the great little white racist lie seen long enough becomes the truth like portraying a white Jesus Christ who was a black man. Dr. Alvin Poussaint, a Black psychiatrist associated with Harvard University and others have observed and explained the most tragic part of all of this is that the African American has come to form his self-image and self-concept on the basis of what white racists have laid down as a guide or prescribed. Therefore, black men and women learn quickly to hate themselves and each other more than their white oppressor. There is almost infinite evidence that racism has left almost irreparable scars on the psyche of Afro-Americans that burden with an unrelenting painful anxiety that drives the psyche to

reach out for a sense of identity and self esteem Poussaint and others say that black children especially learn to hate themselves at very early ages Studies reveal their preference for white dolls over black ones One study reported that black children in their drawings tend to show blacks as small incomplete people and whites as strong and powerful To conclude in western color symbolism white is positive and black negative Many people might ask why the contributions of Africa should be included in American curriculum Is because they bleach and still rob black history and culture with black pictured as white that lie leaves us mentally dead angry and without purpose of where we are going Human culture is the product of all humanity not the possession of a single racial or ethnic group Afro centric Multicultural educations major aim is to close the gap between Western ideals of equality justice and practices that contradict these ideas Stereotype people of color and people who are poor have just about no opportunities to become free of perspectives that are monoculture that devalue African culture victimize them mostly having an inability to fully function effectively in society Many of these problems could be miraculously remedied with astonishing results if explained of black scientific achievements which occurred in black Africa There are also white African Americans living in the U S A besides black African Americans should make the distinction Carl Sandburg 1979 related a dialogue between a white American and an American Indian which illustrates the need for multicultural education The white man drew a small circle in the sand and told the red man This is what the Indian knows and drawing a big circle around the small one this is what is what the white man knows The Indian then took the stick and swept an immensely big ring around both circles and said this is where the white man and the red man knows nothing

Gonna Do Great Things Gary Fishgall,2001-01-01 Meticulously researched this book is a major reappraisal of the life of legendary entertainer Sammy Davis Jr at once an intimate portrait and an exuberant celebration of a wholly American icon of photos 412 Craig Bohlin,2022-05-04 When my experiences began I started writing when I first learned how and when my experiences began where I am from and where I am presently I am excited about an obscurity of suggestion and willing to venture into the unknown to obtain a classification of words and advice for metaphorical composition and creation Resisting spoiled misused commercialized deformed mispronounced and in general degraded words Sensitivity to colloquial speech intrigue with definition and synonyms When there seems like there is no such thing as free verse but only different kinds of rhythm Choice and will are always involved for the use of words can be argued in an illuminating way or a misleading way Direct elegant and vivid sudden transitions connections in logical order conception concise word choice the unrewarding exercise of discovering observation and justification The poetic idiom given to generalization Where discouragement and difficulties follow When words fall densely onto the page imposing upon comprehension of sensibility I have written or have started writing many topical stories including some with difficult vocabulary I have studied poets authors and novelists and have researched their reputable writing concepts I have currently completed working on condensing through editing a book that I have written which is a series of short topical stories if that This is that book When I write I have little problem with

punctuation and spelling although I will find some errors in editing My grammar skills are good but I could always use more vocabulary skills Subjective spontaneous words that fall onto the paper and using as few words as possible to express an idea I often find myself reading the dictionary to abstract new words ideas and topics Writing I believe has at least one distinction which entitles me to something A communicational tool used as an explanation for what is to be held true and valued Inventing accomplished expression sets me to musing thinking and searching Amusing melancholy expression that seem to fit justly and harmoniously That which seems to fortify an idea prompt and unfailing Accuracy makes it deliver an explosion Well used words converge to form an especially planned distinction in part losing a special distinction This is what is difficult Arranging words justly and harmoniously which seem to fit into a theme justly and harmoniously Honest criticism and sensitive appreciation are directed not upon the poet but upon the poetry Starvation for words is always regrettable because I believe writing is the most sophisticated form of communication A writer may have the prolific arrangements of being confined to the surface but by a form and method in which the past and present are constantly faced with each other and resulting in a contrast which fires new interest which is wise and interesting Perfecting truth and sincerity with an endless imagination A strange combination of words to represent the brighter side of things Having judgement with precision and accuracy and written by the testimony of instinct The problem is that so much has been written with strong and persistent vacancies It leaves little room for decision
