**Insuring the City** Elihu Rubin, 2024-09-24 An in depth look at Boston's Prudential Center and what its story reveals about the evolution of the modern American city The Prudential Center anchors the Boston skyline with its tall gray tower It is also a historical beacon representing a midcentury moment when insurance companies such as Prudential were particularly aware of how their physical presence and civic engagement reflected upon their intangible product financial security Looking to New York's Rockefeller Center the creators of the Prudential Center aspired to use real estate development as a tool toward civic achievement reinvigorating central Boston and integrating a large complex of buildings with new infrastructure for the automobile Now available in paperback this award winning book tells the full story of The Pru placing it in the political economic and architectural contexts of the period and providing new insights into urban renewal in postwar America **Planning the City Upon a Hill** Lawrence W. Kennedy, 1992 An account of Boston's planning history Nine chapters detail the key developments that shaped each period of Boston's growth focusing on the post World War II era The text describes the process and significance of all the major projects from the first wharves to the latest skyscrapers

**Boston Harbor Islands**, 1994 **Child's Unfinished Masterpiece** Mary Ellen Brown, 2011 The premier scholar of the

English language traditional or popular ballad Francis James Child spent decades working on his widely read and performed collection *The English and Scottish Popular Ballads* In this first single author monograph of Child's life and work Mary Ellen Brown analyzes Child's editorial methods his decisions about which ballads to include and his relationships with colleagues at Harvard and abroad Brown draws on his extensive correspondence with collaborators to trace the production of his monumental work from conception and selection through organization and collation of the ballads Child's *Unfinished Masterpiece* shows readers what was at stake in Child's search for original manuscript materials housed at libraries and estates far afield and his desire to uncover unedited versions of previous editors' texts In analyzing Child's letters Brown also delves into his important network of collaborators scholars and friends such as William Macmath Sven Grundtvig James Russell Lowell and Charles Eliot Norton who influenced the organization and content of his work Readers learn about the questions Child faced as an editor whether the materials he gathered were authentic whether a piece was more ballad or a song or whether the text was sufficiently old or traditional In showing Child's struggles with content and organization for *The English and Scottish Popular Ballads* Brown notes the difficulty in defining the ballad genre while also showing that a clear definition is not a fatal flaw of the volume or to scholars' continued study of it

**Nantucket Sound** Theresa Mitchell Barbo, 2009-08-27 An ancient fishing ground vital shipping passage and final resting place for those unable to navigate its rocky shoals Nantucket Sound bordered by Martha's Vineyard Cape Cod and of course Nantucket remains one of New England's most historic waterways Here the first rays of morning sunlight touch the United States before sweeping westward In fact the area's early inhabitants were called Wampanoag People of the Dawn From whaling culture and infamous shipwrecks to legends of Vikings sea gods and John Smith local author Theresa Mitchell Barbo unearths the stories hidden beneath these rough waves At once unforgiving and generous Nantucket Sound has seduced countless seafarers with its siren song but still overflows with diverse marine life

*The Human Shore* John R. Gillis, 2022-12-22 Since before recorded history people have congregated near water But as growing populations around the globe continue to flow toward the coasts on an unprecedented scale and climate change raises water levels our relationship to the sea has begun to take on new and potentially catastrophic dimensions The latest generation of coastal dwellers lives largely in ignorance of the history of those who came before them the natural environment and the need to live sustainably on the world's shores Humanity has forgotten how to live with the oceans In *The Human Shore* a magisterial account of 100 000 years of seaside civilization John R. Gillis recovers the coastal experience from its origins among the people who dwelled along the African shore to the bustle and glitz of today's megacities and beach resorts He takes readers from discussion of the possible coastal location of the Garden of Eden to the ancient communities that have existed along beaches bays and bayous since the beginning of human society to the crucial role played by coasts during the age of discovery and empire An account of the mass movement of whole populations to the coasts in the last half century brings the story of coastal life into the present Along the way Gillis

addresses humankind's changing relationship to the sea from an environmental perspective laying out the history of the making and remaking of coastal landscapes the creation of ports the draining of wetlands the introduction and extinction of marine animals and the invention of the beach while giving us a global understanding of our relationship to the water

Learned and deeply personal *The Human Shore* is more than a history it is the story of a space that has been central to the attitudes plans and existence of those who live and dream at land's end      **Studies on the Future of Atlantic Ports** Ernst G. Copyright Office, 1973      **Barons of the Sea** Steven Ujifusa, 2019-07-02 A fascinating fast paced history full of remarkable characters and incredible stories about the nineteenth century American dynasties who battled for dominance of the tea and opium trades Nathaniel Philbrick National Book Award winning author of *In the Heart of the Sea* There was a time back when the United States was young and the robber barons were just starting to come into their own when fortunes were made and lost importing luxury goods from China It was a secretive glamorous often brutal business one where teas and silks and porcelain were purchased with profits from the opium trade But the journey by sea to New York from Canton could take six agonizing months and so the most pressing technological challenge of the day became ensuring one's goods arrived first to market so they might fetch the highest price With the verve of a natural dramatist *The Christian Science Monitor* Steven Ujifusa tells the story of a handful of cutthroat competitors who raced to build the fastest finest most profitable clipper ships to carry their precious cargo to American shores They were visionary eccentric shipbuilders debonair captains and socially ambitious merchants with names like Forbes and Delano men whose business interests took them from the cloistered confines of China's expatriate communities to the sin city decadence of Gold Rush era San Francisco and from the teeming hubbub of East Boston's shipyards and to the lavish sitting rooms of New York's Hudson Valley estates Elegantly written and meticulously researched *Barons of the Sea* is a riveting tale of innovation and ingenuity that takes the reader on a rare and intoxicating journey back in time Candice Millard bestselling author of *Hero of the Empire* drawing back the curtain on the making of some of the nation's greatest fortunes and the rise and fall of an all American industry as sordid as it was genteel      *Eden on the Charles* Michael Rawson, 2014-10-06 Drinking a glass of tap water strolling in a park hopping a train for the suburbs some aspects of city life are so familiar that we don't think twice about them But such simple actions are structured by complex relationships with our natural world The contours of these relationships social cultural political economic and legal were established during America's first great period of urbanization in the nineteenth century and Boston one of the earliest cities in America often led the nation in designing them A richly textured cultural and social history of the development of nineteenth century Boston this book provides a new environmental perspective on the creation of America's first cities *Eden on the Charles* explores how Bostonians channeled country lakes through miles of pipeline to provide clean water dredged the ocean to deepen the harbor filled tidal flats and covered the peninsula with houses shops and factories and created a

metropolitan system of parks and greenways facilitating the conversion of fields into suburbs The book shows how in Boston different class and ethnic groups brought rival ideas of nature and competing visions of a city upon a hill to the process of urbanization and were forced to conform their goals to the realities of Boston's distinctive natural setting The outcomes of their battles for control over the city's development were ultimately recorded in the very fabric of Boston itself In Boston's history we find the seeds of the environmental relationships that for better or worse have defined urban America to this day

Shipwrecks of Stellwagen Bank Matthew Lawrence, Deborah Marx, John Galluzzo, 2015-06-22 Beneath the churning surface of Stellwagen Bank National Marine Sanctuary rest the bones of shipwrecks and sailors alike Massachusetts ports connected its citizens to the world and the number of merchant and fishing vessels grew alongside the nation's development Hundreds of ships sank on the trade routes and fishing grounds between Cape Cod and Cape Ann Their stories are waiting to be uncovered from the ill-fated steamship Portland to collided schooners Frank A Palmer and Louise B Crary and the burned dragger Joffre Join historian John Galluzzo and maritime archaeologists Matthew Lawrence and Deborah Marx as they dive in to investigate the sunken vessels and captivating history of New England's only national marine sanctuary *America and the Sea* Benjamin Woods Labaree, 1998 Spanning the centuries from maritime activities before Columbus to the nation's maritime involvement today this rich complex archive provides a new history of the United States from the fundamental perspective of the sea that surrounds it and the rivers and lakes that link its vast interior to the seacoast 350 photos 55 in color 10 maps *MotorBoating*, 1973-10 **Black Jacks** W. Jeffrey Bolster, 1998-09-15 W Jeffrey Bolster master mariner and historian shatters the myth that black seafaring in the age of sail was limited to the Middle Passage Rescuing African American seamen from obscurity this stirring account reveals the critical role sailors played in helping forge new identities for black people in America *Civil War Ironclads* William H. Roberts, 2007-08-30 Honorable Mention Science and Technology category John Lyman Book Awards North American Society for Oceanic History Civil War Ironclads supplies the first comprehensive study of one of the most ambitious programs in the history of naval shipbuilding In constructing its new fleet of ironclads William H Roberts explains the U S Navy faced the enormous engineering challenges of a largely experimental technology In addition it had to manage a ship acquisition program of unprecedented size and complexity To meet these challenges the Navy established a project office that was virtually independent of the existing administrative system The office spearheaded efforts to broaden the naval industrial base and develop a marine fleet of ironclads by granting shipbuilding contracts to inland firms Under the intense pressure of a wartime economy it learned to support its high technology vessels while incorporating the lessons of combat But neither the broadened industrial base nor the advanced management system survived the return of peace Cost overruns delays and technical blunders discredited the embryonic project office while capital starvation and never ending design changes crippled or ruined almost every major builder of ironclads When Navy contracts evaporated so did the shipyards Contrary to widespread belief Roberts concludes

the ironclad program set Navy shipbuilding back a generation
