Providing a look back over the history of picture books and the development of picture book scholarship *More Words About Pictures* also offers an overview of our current understanding of these intriguing texts [Chinese American Portraits](#) Ruthanne Lum McCunn, 1988 Chinese Americans have been making significant contributions to all aspects of life in the United States for more than a century and a half but their accomplishments have usually been overlooked *Chinese American Portraits* tells their compelling stories accompanied by more than 150 historic and contemporary photographs Book cover *Congressional Record* , **El-Hi Textbooks & Serials in Print, 2000** , 2000 **Pacific America** Lon Kurashige, 2017-07-31 In recent times the Asia Pacific region has far surpassed Europe in terms of reciprocal trade with the United States and since the 1980s immigrants from Asia entering the United States have exceeded their counterparts from Europe reversing a longstanding historical trend and making Asian Americans the country's fastest growing racial group What does transpacific history look like if the arc of the story is extended to the present The essays in this volume offer answers to this question challenging current assumptions about transpacific relations Many of these assumptions are expressed through fear that the ascendancy of China threatens a U S led world system and undermines domestic economies that immigrants subvert national unity and that globalization for all its transcending of international cultural and racial differences generates its own forms of prejudice and social divisions that reproduce global and national inequalities The contributors make clear that these fears associated with and induced by pacific integration are not new Rather they are the most recent manifestation of international racial and cultural conflicts that have driven transpacific relations in its premodern and especially modern iterations *Pacific America* differs from other books that are beginning to flesh out the transnational history of the Pacific Ocean in that it is more self consciously a people's history While diplomatic and economic relations are addressed the chapters are particularly concerned with histories from the bottom up including attention to social relations and processes individual and group agency racial and cultural perception and collective memory These perspectives are embodied in the four sections focusing on China and the early modern world circuits of migration and trade racism and imperialism and the significance of Pacific islands The last section on Pacific Islanders avoids a common failing in popular perception that focuses on both sides of the Pacific Ocean while overlooking the many islands in between The chapters in this section take on one of the key challenges for transpacific history in connecting the migration and imperial histories of the United States Japan China Korea Vietnam and other nations with the history of Oceania [Hung Liu](#) Dorothy Moss, 2021-01-01 A major survey of contemporary artist Hung Liu whose layered portraits explore history and memory through the stories of marginalized figures *Hung Liu Portraits of Promised Lands* presents the stunning work of this contemporary Chinese American artist Liu b 1948 blends painting and photography to offer new frameworks for understanding portraiture in relation to time memory and history Often working from photographs she uses portraiture to elevate overlooked subjects amplifying the stories of those who have historically been invisible or unheard This richly

illustrated book examines six decades of Liu's painting, photography and drawing. Author Dorothy Moss illuminates the importance of family photographs in Liu's work. Nancy Lim examines the origins of Liu's artistic practice. Lucy R. Lippard explores issues of identity and multiculturalism and Elizabeth Partridge focuses on Liu's recent series based on Dorothea Lange's Depression-era photographs. Philip Tinari, along with artists Amy Sherard and Carrie Mae Weems among others, conveys Liu's impact on contemporary art. Having lived through war, political revolution, exile and displacement, Liu paints a complex picture of an Asian Pacific American experience. Her portraits speak powerfully to those seeking a better life in the United States and elsewhere. *Hollywood's Representations of the Sino-Tibetan Conflict* J. Daccache, B.

Valeriano, 2012-12-05 Using film as a lens through which we can witness the global transformations in politics, economy, culture and communication, this book analyzes Hollywood's shift in its depictions of China and Tibet.
